

lic property; and in response to said notice, the Square D Company submitted a check in the amount of \$7,555.00 for the purpose of having the Department of Public Works accomplish the work. The check amount covers a firm price set by the Street Maintenance and Construction Division of this Department who have agreed to accomplish the necessary work for that price and at their convenience.

It is therefore recommended that your Honorable Body direct the Department of Public Works to accept the check from the Square D Company in the amount of \$7,555.00 as a firm price, authorize cancellation of Memo Bill No. 452 (Spur Track Permit 1-208) in the amount of \$50.00, and direct the City Controller's office to release the \$10,000.00 Spur Track Bond presently on file in accordance with their established procedure.

Respectfully submitted,  
GLENN C. RICHARDS,  
Commissioner.

By Councilman Carey:

Resolved, That the Dept. of Public Works be and it is hereby authorized and directed to accept \$7555.00 check from the Square D Co., and cancel \$50.00 memo billing, and the City Controller is hereby directed to issue release from further liability under \$10,000 Spur Track Bond in accordance with established procedure, all as recommended in the foregoing communication for the removal of spur tracks across Piquette and Rivard Sts.

Adopted as follows:

#### Department of Public Works

November 3, 1961.

Honorable Common Council:

Gentlemen—We wish to advise that in carrying out the development plan for the rehabilitation of the blighted area which is known as the Lafayette Project, which is being undertaken by the City pursuant to Act 344 of Public Acts of 1945, as amended, the Detroit Housing Commission has requested the vacation of certain streets and alleys bounded by the Walter P. Chrysler Expressway, Lafayette, Grand Trunk Railroad and Jefferson Avenue being within the limits of the above mentioned project.

The Detroit Edison Company has reported that it has lines and poles in the streets and alleys to be vacated and has submitted an estimate of \$56,218.19, as its entire cost of removing and rerouting its installations from the streets and alleys to be vacated within the limits of this project.

Your Honorable Body may make provisions for the relocation of the lines and poles of the Detroit Edison Company in streets located near the

streets and alleys to be vacated.

We have been advised by the Office of the Corporation Counsel that since the vacation of these streets and alleys are necessary to carry out the development plan for the rehabilitation of this blighted area, that the relocation costs of these utilities is not chargeable against the City.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said streets and alleys.

In view of the foregoing, it will be necessary to adopt a resolution vacating the aforementioned streets and alleys and directing the Detroit Edison Company to remove their lines and poles therefrom.

Respectfully submitted,  
GLENN C. RICHARDS,  
Commissioner.

Approved:

NATHANIEL H. GOLDSTICK,  
Corporation Counsel.

#### Department of Public Works

October 30, 1961.

Honorable Common Council:

Gentlemen — This is in reply to a letter from the City Clerk of September 20, 1961, in which you requested our comments about including in the Street and Alley Paving 30-Day Notice a statement to the effect "that any protest should be made to the Common Council in writing within 60 days." It is believed desirable and is recommended that the filing of protest petitions be limited to a 30-day period immediately following the date of publication of the "Street and Alley Paving 30-Day Notice." This limitation could be made a part of the Notice by adding the following sentence: "Any petition protesting the proposed paving must be filed with the Common Council within 30 days of this notice."

It is felt that such provision would result in clearing all protest petitions prior to the actual opening of bids and would eliminate cancellation of awarded or confirmed contracts as has occurred in the past.

We recommend a 30-day notice instead of a 60-day notice as we feel that 30 days is sufficient to file a protest and any additional time allowed could result in the holding up of needed improvements.

In regard to your question as to the liability to the City if a paving contract was stopped, we believe that this is a legal matter which may best be answered by the Corporation Counsel.

Respectfully submitted,

GLENN C. RICHARDS,  
Commissioner.

By Councilman Smith:

Resolved, That the Dept. of Public Works be and it is hereby authorized and directed to include in the 30-Day Notices of Street and Alley Pavings, a statement that any petition
