May 15, 1961.

Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Detroit Engineering and Machine Company, No. 9821, requesting the vacation of a portion of Cullen Avenue, easterly of Fort Street. The vacation of said street was approved by the City Plan Commission and the petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

An easement is reserved in the vacating resolution for the Public Lighting Commission for the maintenance of its installations located in the above mentioned street to be vacated.

Proper provisos have been incorporated into the vacating resolution protecting the City's interests in the sewer located in the street to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said street or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,  
GLENN C. RICHARDS,  
Commissioner.
