Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Board of Education No. 11979, requesting the vacation of a portion of 30th Street, 40 feet wide, north of Jackson Street, and also the vacation of a portion of the north-south public alleys first east and west of 30th Street, north of

Jackson Street. The vacation of said portion of street and alleys was approved by the City Plan Commission and the petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive, the petitioner issued a purchase order, No. 84470, in the amount of \$750.00, in favor of the Department of Water Supply, to cover the costs of abandoning a portion of the six-inch water main located in 30th Street to be vacated.

The petitioner also issued a purchase order, No. 84471, in the amount of \$375.00, in favor of the Detroit Fire Department, said amount being the cost of abandoning one fire hydrant.

The petitioner also issued a purchase order, No. 84472, in the amount of \$7,500.00, in favor of the Public Lighting Commission to cover the cost of rerouting P.L.C. facilities necessitated by the vacation of said street and alleys.

The petitioner also issued a purchase order, No. 84475, in the amount of \$625.77, in favor of the Department of Public Works Street Design Bureau, said amount being the original cost of paving the north one-half of Jackson Street at the intersection of the street and alleys to be vacated.

The petitioner also issued a purchase order, No. 84473, in the amount of \$2,105.00, in favor of the Department of Public Works, Street Maintenance Division, to cover the costs of removing the paved street and alley returns, constructing new curb and walk, and back-filling when necessary.

Proper provisions are incorporated into the vacating resolution protecting the City's interests in the sewers located in the alley to be vacated.

All other City departments and privately owned utility companies reported that they have no objection to the vacation of said street and alleys or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,

GLENN C. RICHARDS,
Commssioner.
