Honorable Common Council:

Re: Detroit Housing Commission Petition No. 4191.

Gentlemen—On November 8, 1961, J.C.C. Pages 2303 to 2310, your Honorable Body vacated Congress Street within the limits of the Lafayette Rehabilitation Project, subject to underground easements the full width of the street.

We are in receipt of a request from the Housing Commission requesting that the easement be reduced from 60 feet to 45 feet.

The request has been approved by the City Plan Commission and was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

All City departments and privately owned utility companies reported that they have no objections to the reduction in size of the easement or that they have reached satisfactory agreements regarding their installations therein. We recommend the adoption

of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.
