#### Department of Police

February 4, 1964.

Honorable Common Council:

Gentlemen—This is a request that your Honorable Body make every effort to persuade the State Legislature to change part of the law governing arrests.

We in the Police Department feel that our work could be much more effective if our officers could arrest when they find reasonable grounds to believe a misdemeanor has been or is being committed.

New York State police officers have had this right since July of 1963. Insofar as we are able to determine, it is working out successfully.

Without this right, we are hampered in making arrests for many crimes which threaten the peace and security of our community.

This request is not the result of the current publicity being given to crime in our City. It has been under study by this Department for some time, and I repeat it is our considered judgment that such a law would work to the advantage of the people of Detroit.

Respectfully submitted,

RAY GIRARDIN,  
Commissioner.

By Councilman Brickley:

Whereas, the statute of the State of Michigan presently provides that a peace officer is only entitled to make an arrest without a warrant for a misdemeanor when the misdemeanor is committed in the officer's presence, and

Whereas, serious and continuing law enforcement problems arise by reason of the fact that a peace officer may not lawfully arrest on reasonable cause to believe that a misdemeanor has been, or is being committed;

Now Therefore, Be It Resolved, That The Common Council of the City of Detroit hereby directs the Corporation Counsel to have such a measure drafted for introduction in the Legislature of the State of Michigan to amend the statute governing the power of an officer to arrest without a warrant so as to provide authority in peace officers to arrest without a warrant upon reasonable cause to believe that the person arrested has committed, or is committing a misdemeanor.

Approved:

ROBERT REESE,

Corporation Counsel.

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office, for investigation and report, petitions requesting conversion into easements of alleys described in the attached resolution.

The conversion of the alleys into easements was approved by the City Plan Commission at an earlier date.

We wish to advise that our investigations are completed. In reply to our inquiries, all City departments and privately-owned utility companies reported that they will be unaffected by the change, or that they have no objections to the conversion of the alleys into easements provided that proper provisions are incorporated into the vacating resolution protecting their installations located in the alleys.

We recommend the adoption of the resolution.

Respectfully submitted,

GLENN C. RICHARDS,  
Commissioner.
