

value of such completed work, including all Contract Changes duly issued, is that stated above as the Adjusted Contract Price.

The Contractor has submitted an affidavit that all payrolls, material bills, and all other indebtedness incurred by him in connection with the work have been paid.

It is therefore recommended that the total value of the work, as above stated, less the total amounts previously paid on all progress payments, and less the amount for liquidated damages for non-completion within the time allowed be paid to the Contractor with the understanding that such payment is made by the City and accepted by the Contractor under the Contract provisions covering final payment.

Honorable Common Council:  
Gentlemen—We are returning herewith the petition of the White Pine Sales Company, No. 9096, requesting the vacation of the north-south public easement, 20 feet wide, north of Fitzpatrick Avenue, west of Brace Avenue. The vacation of said alley into an easement for public utilities was approved by the City Plan Commission at an earlier date and the above petition was referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive, the petitioner deposited with the City Treasurer, the sum of \$60.00, Receipt No. A-28810, credited to the Public Lighting Commission Fund Code No. 990-9423, said amount being the estimated cost of rearranging the street lighting wires affected by the vacation of said easement.

The petitioner also paid into the City Treasury the sum of \$379.67, Re-

ceipt No. A-28809, credited to the Public Works Street Maintenance Fund Code No. 143-6241, said amount being the original cost of paving the north one-half of Fitzpatrick Avenue at the intersection of the alley to be vacated.

The petitioner also deposited with the Permit Division of the Department of Public Works the sum of \$600.00, Receipt No. GR12022, said amount being the estimated cost of removing the paved alley return, constructing new curb and walk and backfilling where necessary at the entrance to the easement to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said easement or that they have reached proper agreements with the petitioner regarding their installations located therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,

GLENN C. RICHARDS,  
Commissioner.

Honorable Common Council:  
Re: Petitions 9580 and 9043.  
Gentlemen—Per your communication of October 13, 1964, this Department on October 19, 1964, gave notice to Mr. W. Lachowicz, owner of property at 18440 West Warren to remove drive apron and replace missing curb within 30 days of notice. Our latest investigation shows that notice has not been complied with.

Curb reset permits No. 1218 and 1474 issued to the owner at time drive was constructed, amount to \$60.00 and would cover only part of cost involved in removing drive apron and replacing the curb. It is requested that your Honorable Body approve
