Honorable Common Council:

Gentlemen—We are returning herewith petition of the Detroit-Wayne Joint Building Authority No. 915 requesting the vacation of a six-foot wide strip of the right-of-way from the easterly side of Raynor Avenue between Clinton and Gratiot. The vacation of said street was approved by the City Plan Commission and referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

The Detroit-Wayne Joint Building Authority has submitted letters of agreement to reimburse the Board of Fire Commissioners and the Public Lighting Commission for the actual costs including overhead involved in relocating their facilities in Raynor Street. These letters have been approved by the respective departments and are filed with the petition.

The Building Authority has also filed a letter from their Architects stating that the present curb and paving widths in Raynor Avenue will be maintained as requested by the Police Department.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said right-of-way.

We recommend the adoption of the following resolution.

Respectfully submitted,

GLENN C. RICHARDS,

Commissioner of Public Works.
