

the performance of this Contract has been fully completed and found acceptable under the terms and conditions thereof, and that the total value of such completed work, including all Contract Changes duly issued, is that stated above as the Adjusted Contract Price.

The Contractor has submitted an affidavit that all payrolls, material bills, and all other indebtedness incurred by him in connection with the work have been paid.

It is, therefore, recommended that the total value of the work, as above stated, be paid to the Contractor with the understanding that such payment is made by the City and accepted by the Contractor under the Contract provisions covering final payment.

R. C. MONAHAN,
Engineer of Inspection.
M. J. KEPLER,
Asst. City Engineer.
GLENN C. RICHARDS,
Commissioner.

By Councilman Ravitz:

Whereas, from the foregoing communication, it appears that all work required to be performed by the Contractor under the Contract therein named has been fully completed; and

Whereas, the completed work has been found acceptable under the terms and conditions of said Contract by the department for whom the work was performed; therefore be it

Resolved, That the said Contract be and is hereby accepted.

Adopted as follows:

Yeas—Councilmen Beck, Brickley, Connor, Hood, Miriani, Ravitz, Rogell, and President Carey—8.

Nays—None.

Department of Public Works

June 23, 1966.

Honorable Common Council:

Gentlemen—Petition No. 1421, of John A. Allen requests the vacation of the underground easement retained in the previously vacated alley south of Labrosse Street east of Tenth Street.

All City departments and privately owned utility companies reported that they have no objections to the vacation of said easement.

The adoption of the attached resolution is recommended.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

By Councilman Ravitz:

Department of Public Works

June 23, 1966.

Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Detroit Engineering & Machine Company, No. 820 requesting the vacation of a twelve-foot-wide strip of the Cullen Avenue right-of-way at the northeast corner of South Fort Street. The vacation of said strip of right-of-way was approved by the City Plan Commission and then referred to the department for investigation and report. This has now been completed.

The Sewer Design Bureau of the DPW has requested that an easement be reserved the full width of said strip to allow for the protection of the City's interest in the sewer located in Cullen Avenue.

All other City departments and privately-owned utility companies reported that they will be unaffected by said vacation or that they have reached satisfactory agreements with the petitioner regarding their installations located therein.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

By Councilman Rogell:

Resolved, That the northerly twelve feet of Cullen Avenue, adjoining the southerly line of Lot 5 and adjoining the southerly line of the vacated twenty foot alley all as platted in the Edgarplace Subdivision on Private Claim 61 in T2S R11E, City of Detroit, Wayne County, Michigan on June 4, 1891 in Liber 15, Page 85 Plats Wayne County Records. Be and the same is hereby vacated as a public right-of-way to become part and parcel of the adjoining property subject to the following provisions.

Provided, That by reason of the vacation of the above-described street, the City of Detroit does not waive any rights to the sewer located therein and at all times shall have the right to enter upon the premises, if found necessary, on account of said sewer to repair, alter, or service same, and further

Provided, That if a building is to be constructed over said sewer, the sewer shall be replaced with cast iron pipe of the same size, rerouted or encased in 6 inches of Class "A" concrete, or in lieu of the above, such work shall be done as will be specified by the City Engineer, all of the work mentioned to be done under the supervision and inspection of the Department of Public Works and all costs entailed, to be borne by the petitioners, their successors, or assigns, and further

Provided, That no buildings shall be constructed over said sewer without prior approval of such building construction by the City Engineer and the Department of Buildings and Safety Engineering; and further

Provided, That in the event that the sewer is located in said street, if built upon, shall break causing damage to any construction above the petitioner and their assigns, by acceptance of the permit for building over said sewer, waive all claims for damages to such construction and agree to pay all costs incident to the repair of said broken sewer.

Adopted as follows:

Yeas—Councilmen Beck, Brickley, Connor, Hood, Miriani, Ravitz, Rogell, and President Carey—8.

Nays—None.
