Department of Public Works
August 8, 1967
Honorable Common Council:
Re: Petition No. 11764, Street and Alley Vacations, Detroit Housing Commission.
Gentlemen—We wish to advise that

in carrying out the development plan for the rehabilitation of the area known as the University City Project Number 1, Michigan R-53, which is being undertaken by the City pursuant to Act 344 of the Public Acts of 1945, as amended, the Detroit Housing Commission (No. 11764) has requested the vacation of certain alleys and streets within the limits of the project.

The Detroit Edison Company has reported that it has lines and poles in the alleys and streets to be vacated and has submitted an estimate of \$15,711 as its cost of removing and rerouting its installations.

The Michigan Bell Telephone Company has reported that it has lines and poles in the alleys and streets to be vacated and has submitted an estimate of \$15,000 as its cost of removing and rerouting its installations.

Your Honorable Body may make provisions for the relocation of the lines and poles of the Detroit Edison Company and the Michigan Bell Telephone Company in the streets located near the streets and alleys to be vacated.

The Corporation Counsel contends that these relocating costs are not chargeable against the City. The case involving the liability of the City for these costs is now pending.

All City departments and other private utility companies reported that they will be unaffected by the vacation of said streets and alleys.

In view of the foregoing, it will be necessary to adopt a resolution vacating the aforementioned streets and alleys and directing the Detroit Edison Company and the Michigan Bell Telephone Company to remove their installations therefrom.

Respectfully submitted,
ROBERT E. TOOHEY
Commissioner
