Department of Public Works
October 1, 1968
Honorable Common Council:
Re: Contract: PW-7143F

For: Alley Paving in block bounded by Van Dyke, Castle, Leander, Kenney.

Adjusted Contract Price: \$3,452.30
Contractor: J. C. Sachs Co. Inc.

Gentlemen—This is to certify that all work required of the Contractor in the performance of this Contract has been fully completed and found acceptable under the terms and conditions thereof, and that the total value of such completed work, including all Contract Changes duly issued, is that stated above as the Adjusted Contract Price.

The Contractor has submitted an affidavit that all payrolls, material bills, and all other indebtedness incurred by him in connection with the work have been paid.

It is, therefore, recommended that the total value of the work, as above stated, be paid to the Contractor with the understanding that such payment is made by the City and accepted by the Contractor under the Contract provisions covering final payment.

Department of Public Works
October 3, 1968
Honorable Common Council:
Re: Petition No. 4761 and 6527, Archdiocese of Detroit, Alley bounded by Fort Street, Fisher Freeway, Glinnan, and Central Avenues.

Gentlemen —The above petitions request the conversion of the north-south public alley, 20 feet wide, in the block bounded by Fort Street, Fisher Freeway, Glinnan, and Central Avenues into an easement for public utilities.

The requested conversion into easement for public utilities was recommended by the City Plan Commission. The petitions were then referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

The petitioner has requested that the paved return at the entrance to the alley to be vacated and the Fisher Freeway South Service Drive remain in its present status as the petitioner plans to utilize same, and had agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

All City departments and privately-owned utility companies reported that they will be unaffected by the conversion to an easement of said alley or that they have reached satisfactory agreements with the petitioner regarding their installation therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,
ROBERT P. ROSELLE
Commissioner

Bq Councilman Rogell:

Resolved, That all that part of the north-south public alley, 20 feet wide, in the block bounded by Fort Street, the Fisher Freeway South Service Drive, Glinnan and Central Avenues as platted in Moses W. Field's Subdivision of part of Private Claim 67, Springwells, Wayne County, Michigan as recorded in Liber 7, Page 62, Plats, Wayne County records, lying easterly and abutting the easterly line of Lot 29, and the southerly 9.20 feet of Lot 30, and lying westerly of and abutting the westerly line of Lot 70 and the southerly 11.71 feet of Lot 69, inclusive of the above mentioned subdivision,

Be and the same is hereby vacated as a public alley and is hereby converted into a public easement of the full width of the alley, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley and by their heirs, executors, administrators, and assigns forever to wit:

First, said owners hereby grant to and for the use of the public an easement or right-of-way in said vacated public alley hereinabove described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities

such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth.

Second, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including but not limited to concrete slabs or driveways, retaining or partition walls (except necessary line fence) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval by the Department of Public Works.

Third, that if at any time in the future the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners, upon whose property the poles or other utilities are located shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners.

Provided Further, that if any utility located or to be located in said property shall break or be damaged as a result of any action on the part of the petitioner or assigns (by way of illustration but not limitation), such as storage or excessive weights of materials or construction not in accordance with Section 2, mentioned above, then in such event the petitioner or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility.
