**Department of Public Works**

March 6, 1968.

Honorable Common Council:

Re Petition No. 5333, Central Trucking Company, Inc., et al Conversion to Easement of Klinger Avenue.

Gentlemen—The above petition requests the conversion of a portion of Klinger Avenue, north of Gaylord, twenty-five feet wide, into an easement for public utilities. The petition was joined by the Warford Drum Service, Inc., owner of property abutting the street to be converted to easement. The requested conversion into easement for public utilities was approved by the City Plan Commission. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

The Department of Water Supply reports that only the Central Trucking Company is serviced by the sewer located in the portion of Klinger Avenue to be converted to easement. The Department of Water Supply has no objection to the conversion to easement provided that the Corporation Counsel be authorized and directed to issue to the petitioners Quit Claim Deeds to the reversionary rights in said portion of Klinger and that the deed to the Central Trucking Company include the dedication of the sewer located in said section of Klinger to be deeded to said Central Trucking Company which sewer shall become the property and responsibility of the petitioner, his heirs, successors, or assigns.

All City departments and privately-owned utility companies reported that they will be unaffected by the conversion to an easement of said street or that they have reached satisfactory agreements with the petitioner regarding their installation therein.

The adoption of the attached resolution is recommended.

Respectfully submitted  
**ROBERT E. TOOHEY**  
Commissioner
