

telephone, electric light conduits or poles or things usually placed or installed in a public street in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth.

SECOND, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including but not limited to concrete slabs or driveways, retaining or partition walls (except necessary line fence) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval by the Department of Public Works.

THIRD, that if at any time in the future the owners of any lots abutting on said vacated street shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners, upon whose property the poles or other utilities are located shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners.

Provided Further, that if any utility located or to be located in said property shall break or be damaged as a result of any action on the part of the petitioner or assigns (by way of illustration but not limitation), such as storage of excessive weights of materials or construction not in accordance with Section 2, mentioned above, then in such event the petitioner or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility.

Honorable Common Council:

Re: Petition No. 5586—Boomer Company — Street & Alley Vacation — Garfield Place Between Forest and Garfield Avenues.

Gentlemen—The above petition requests the conversion of Garfield Place 25 feet wide, and the L-shaped alley 15 feet wide, into an easement for public utilities. The requested conversion into easement for public utilities was approved by City Plan Commission. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

Proper provisions are incorporated into the vacating resolution protecting the City's interest in sewers located or to be located in the public right-of-way(s) to be vacated.

All City departments and privately-owned utility companies reported that they will be unaffected by the conversion to an easement of said street or that they have reached

satisfactory agreements with the petitioner regarding their installation therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,
ROBERT E. TOOHEY,
Commissioner

By Councilman Hood:

Resolved that all that part of Garfield Place 25 feet wide, lying west of and adjoining the west line of Lots 3 and 4 and lying east of Lots adjoining the east line of Lots 2 and 5, all of the Potter's Subdivision of the south 250.43 feet of Outlot Lot 24, Witherell Farm, City of Detroit, as recorded in Liber 10 Page 67, Plats, Wayne County Records: also

All that part of the L-shaped alley 15 feet wide lying east of and adjoining the east line of Lots 3 and 4, south of and adjoining the south line of the easterly 43 feet of Lot 4 and lying north of and adjoining the north line of Lots 17 and 18, all of the above mentioned subdivision.

Be and the same is hereby vacated as a public street and alley and is hereby converted into a public easement of the full width of the street and alley, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said street and alley and by their heirs, executors, administrators and assigns forever to wit:

FIRST, said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public street and alley hereinabove described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public street and alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth.

SECOND, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including but not limited to concrete slabs or driveways, retaining or partition walls (except necessary line fence) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval by the Department of Public Works.

THIRD, that if at any time in the future the owners of any lots abutting on said vacated street and alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners, upon whose property the poles or other utilities are located shall pay all costs incidental to such

Department of Public Works
May 17, 1968

Honorable Common Council:
Re: Incineration Rates.
Gentlemen—The current charge for private burnable material delivered to a City operated incinerator is \$7.00 per ton, 70¢ for two hundred pounds or fraction thereof with a minimum charge of \$2.10 as per J.C.C. February 14, 1967, P. 302.

Our survey of cost of incineration at present projected for the anticipated wage and salary increases effective July 1, 1968, indicates that in order to reimburse the City for increased costs of operations, the present rate should be increased.

Ordinance 660F, section 504 provides that the Commissioner of Public Works, with the approval of the Common Council, shall from time to time establish rates which shall be charged for the disposal of all commercial garbage, commercial rubbish or other wastes delivered to the City operated incinerators or other disposal locations approved by the Commissioner.

The approval of your Honorable Body is requested for the adoption of a revised rate of \$8.00 per ton with a minimum rate of \$2.40 together with the required revisions in charge for quantities for less than one ton as shown on the attached table. These rates will apply to private refuse delivered to City operated incinerators or other disposal locations approved by the Commissioner of the Department of Public Works and would become effective July 1, 1968. This rate will not apply to the Brush Burners charge which are covered by Council Resolution as of December 26, 1967, P. 3143.

Respectfully submitted,
ROBERT E. TOOHEY
Commissioner—D.P.W.

Approved:
B. W. KLEIN
Controller

SANITATION DIVISION
NEW INCINERATOR RATES
\$8.00 Per Ton \$2.40 Minimum
Weights ranging from 1 to 600 pounds should be charged \$2.40. Weights from 601 to 2,000 pounds are at the rate of 80¢ per two-hundred pounds or fraction thereof. Charges over even tons would be tons X \$8.00 plus 80¢ per two-hundred pounds or fraction, as follows:

1- 200	
201- 400	\$.80
401- 600	1.60
601- 800	2.40
801-1,000	3.20
1,001-1,200	4.00
1,201-1,400	4.80
1,401-1,600	5.60
1,601-1,800	6.40
1,801-2,000	7.20
	8.00

By Councilman Rogell:
Resolved, That the foregoing rate table to be charged for private burnable refuse delivered to a City operated incinerator or other disposal location approved by the Commissioner, (except to brush burner) effective July 1, 1968, be and the same is hereby approved in accordance with the foregoing communication.

May 14, 1968

Honorable Common Council:
Re: Contract PW-5766, Pedestrian Bridge, BP-13, Crossing Rouge River and Pedestrian Bridge, BP-14, Crossing Telegraph Road, Award of Contract.

Gentlemen—In response to published advertisements, three bids were received on the above captioned Contract, as shown on the attached tabulation.

The low bid was regular in all respects and in accordance with the requirements of the Contract documents. It is, therefore, recommended that the Contract be awarded to the low bidder, O'Laughlin Construction Company, in the amount of \$193,500.

It is estimated that \$205,500 will be required to cover the cost of the Contract as well as advertising, inspection and minor contingencies. Funds are available in Accounts 195-9212-921 (Rouge River) and 976-9980-902 (Telegraph Road).

Respectfully submitted,
ROBERT E. TOOHEY
Commissioner
