

water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth.

Second, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including but not limited to concrete slabs or driveways, retaining or partition walls (except necessary line fence) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval by the Department of Public Works.

Third, that if at any time in the future the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners, upon whose property the poles or other utilities are located shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners.

Provided Further, that if any utility located or to be located in said property shall break or be damaged as a result of any action on the part of the petitioner or assigns (by way of illustration but not limitation), such as storage of excessive weights of materials or construction not in accordance with Section 2, mentioned above, then in such event the petitioner or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility.

Adopted as follows:

Yeas — Councilmen Beck, Hood, Miriani, Ravitz, Rogell, Van Antwerp and President Carey—7.

Nays—None.

Department of Public Works

October 14, 1968

Honorable Common Council:

Re: Petition No. 5854, St. Boniface-St. Vincent Church, Conversion To Easement of Vermont Avenue.

Gentlemen — The above petition requests the conversion of Vermont Avenue, 50 feet wide, between Vernor Highway and Michigan Avenue into an easement for public utilities.

The requested conversion into easement for public utilities was recommended by the City Plan Commission. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has made the following deposits with the City Treasurer, which have been credited to the departments and accounts named, for the purposes indicated:

Public Lighting Commission Fund 990-9423;

Receipt No. A-17391, \$550.00.

For the estimated cost of removing one underground fed street lighting standard.

Department of Public Works, Street Maintenance Division:

Receipt No. GR-16148, \$800.00.

For the construction of curb across the portion of Vermont Avenue to be vacated and adjusting the pavement accordingly.

Department of Public Works, Intersection Fund 143-6241:

Receipt No. A-17390, \$395.00.

For the original cost of paving Vernor Highway at the intersection of Vermont Avenue. The petitioner has also requested that the paved return at the entrance to Vermont Avenue at Vernor Highway remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

All other involved City departments and privately-owned utility companies reported that they have no objections to the conversion of the public right-of-way into an easement provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,

ROBERT P. ROSELLE

Commissioner

By Councilman Van Antwerp:

Resolved, That all that part of Vermont Avenue, 50 feet wide, lying southerly of Vernor Highway and northerly of the northerly line extended of the east-west public alley first northerly of Michigan Avenue as platted in the Plat of the Larned Subdivision on the Lafferty Farm, Detroit, Wayne County, Michigan as recorded in Liber 60, Pages 2 and 3, Deeds, Wayne County records, lying easterly of and abutting the easterly line of Lots 12, 14, 17, and 20; lying westerly of and abutting the westerly line of Lots 10, 11, 15, 16, and 21 inclusive, of the above mentioned subdivision,

Be and the same is hereby vacated as a public street and is hereby converted into a public easement of the full width of the street, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said street and by their heirs, executors, administrators and assigns, forever to wit:

First, said owners hereby grant to and for the use of the public an easement or right-of-way in said vacated public street hereinafter described for the purposes of maintaining, installing, repairing,

removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public street in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth.

Second, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including but not limited to concrete slabs or driveways, retaining or partition walls (except necessary line fence) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval by the Department of Public Works,

Third, that if at any time in the future the owners of any lots abutting on said vacated street shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners, upon whose property the poles or other utilities are located shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fourth, that if any utility located or to be located in said property shall break or be damaged as a result of any action on the part of the petitioner or assigns (by way of illustration but not limitation), such as storage of excessive weights of materials or construction not in accordance with Section 2, mentioned above, then in such event the petitioner or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility.

Adopted as follows:

Yeas — Councilmen Beck, Hood, Miriani, Ravitz, Rogell, Van Antwerp and President Carey—7.

Nays—None.
