Honorable Common Council:

Re: Petition No. 6201General Motor's CorporationVacation of Hussar Avenue

Gentlemen — The above petition requests the vacation of Hussar Avenue, 60 feet wide, between Livernois and Dragoon Avenues.

The requested vacation was recommended by the City Plan Commission. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has made the following deposits with the City Treasurer, which have been credited to the departments and accounts named, for the purposes indicated:

Public Lighting Commission Fund 990-9423 — Lighting Division Receipt No. A-19271, \$4,000.00.

For the estimated cost of relocating overhead street lighting wires, excluding communication wires along that portion of Hussar Avenue to be vacated.

Public Lighting Commission, Communications Division-Fund 990-9423 Receipt No. A-19272, \$1,100.00.

For the estimated cost of rerouting fire and police communication circuits along that portion of Hussar Avenue to be vacated.

Department of Public Works, Inter-section Fund No. 143-6241 Receipt No. A-19273, \$796.00.

For the original cost of paving Livernois and Dragoon Avenues at the intersection of Hussar Avenue to be vacated.

The petitioner has also requested that the paved returns at the entrance to Hussar Avenue remain in their present status as the petitioner plans to utilize same, and had agreed

by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

Proper provisions are incorporated into the vacating resolution protecting the City's interest in sewers located or to be located in the public right-of-way to be vacated.

All other involved City departments and privately-owned utility companies reported that they have no objection to the proposed vacation or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,

ROBERT P. ROSELLE

Commissioner

Honorable Common Council:

Re: Contract PC-5766, Pedestrian Bridge BP-13, Crossing Rouge River and Pedestrian Bridge BP-14, Crossing Telegraph Road, O'Laughlin Construction Co., Contractor, Contract Change No. SL-2.

Gentlemen—Existing ground elevations were found to be lower than approach sidewalks on Pedestrian Bridge BP-13, Crossing the Rouge River. In order to retain sidewalk fill material within the right-of-way limits, it is necessary to construct approximately 22 feet of the retaining wall on each side of the sidewalk, and provide a chain link fence.

The Contractor has submitted a price of \$1,505.50 for this additional work. This has been found to be fair and reasonable. Funds are available in Account 976-9960-901.

It is, therefore, recommended that the work be added to the existing Contract, PW-5766, in accordance with the Contract provisions for changes in the work.

Respectfully submitted,
