The Contractors have submitted affidavits that all payrolls, material bills, and all other indebtedness incurred by them in connection with the work have been paid.

Honorable Common Council:

Re: Petition No. 8302 (1969), Wayne State University, Detroit, Michigan, Vacation of a public utility easement south of Putnam between Fourth and Anthony Wayne Drive.

Gentlemen — The above petition requests the vacation of the north-south public utility easement, 16.9 feet wide, south of Putnam Avenue, between Fourth Avenue and Anthony Wayne Drive.

The petition was referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

Proper provisions are incorporated into the vacating resolution protecting the City's interests in sewers located in the public easement, until such time as relocation can be completed.

All other involved City departments and privately-owned utility companies reported that they have no objection to the proposed vacation or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,
