Honorable Common Council:

RE: Payments to Aids Disposal for refuse hauled from Southfield Transfer Station when scales are inoperative

Gentlemen — Our contract with Aids Industrial Disposal, Inc., specifies the payment of \$3.96 per ton for refuse hauled and disposed from the Southfield Transfer Station (JCC 11-25-69, p. 2887, file No. 2580).

On May 19, 1970, (JCC p. 1217), your Honorable Body gave approval to a basis for payment under this contract for the period in which the scale was shut down in connection with the paving of Southfield Yard. Payment was based on the number of hauling trips by each Aid Industrial trailer using the average tons per trailer loaded during the two weeks prior to the scale shut down. The Aid Industrial Company accepted this basis for payment.

Our Engineering Staff and Commercial Bureau advise that due to the extensive use of the scale, and to the sensitivity of the weighing instruments, there may be periods during the life of the Aids contract in which the scale will be temporarily shut down for re-calibration.
