Honorable Common Council:

Re: Permit Inspection Charge Increase.

Gentlemen—Your Honorable Body is hereby advised that an increase is necessary in the charges for Permit Inspection to keep the Permit Division on a self-supporting basis.

The current rate of \$80.00 per day or \$10.00 per hour for this work was set by Resolution of February 24, 1970 (J.C.C. page 388).

The inspection daily and hourly rates are usually established at the beginning of the construction season. Increases in employee fringe benefits, especially the retirement contribution factor which increased from 20.56% to 27.21%, as well as anticipated increases in salary expense have raised the inspection cost per productive hour. The cost of administrative, clerical, and support personnel have increased correspondingly thus an increase in the daily and hourly inspection rate is necessitated.

May we have the approval of your Honorable Body to charge a daily inspection rate of \$92.00 per day or \$11.50 per hour effective February 15, 1971.

Respectfully submitted,  
ALFRED BERARDUCCI,  
Commissioner.
