Gentlemen — On October 31, 1972, J.C.C. page 2696, your Honorable Body authorized the sale of land at the corner of Mound Road and Caniff to the Tri-County Sanitation Services, Inc., a Michigan Corporation.

Department of Health
November 15, 1972

Honorable Common Council:
Re: Grant for Project ECHO from Michigan Hospital Service.

Gentlemen — Since 1967 the Detroit Health Department has been operating a program known as ECHO in conjunction with the Michigan Department of Public Health which is an ongoing program, in order to continually evaluate the health statistics of the City of Detroit. On a number of occasions, information derived from this project has been shown to your Honorable Body.

Although we have a City appropriation to partially offset the cost of this program in the 1972-73 budget, we are continually attempting to obtain outside funding for this purpose. The information which we are accumulating is proving to be of significant value to a number of agencies and one of these, the Michigan Hospital Service, has given the Health Department a grant of \$15,000 to offset some of the cost of this project.

We are therefore requesting that your Honorable Body approve the acceptance of this sum, to be deposited in Account 232-5336-001 Project ECHO and transferred to Account 232-3090-369 Project ECHO, in order to provide financing for the continuing operation of this program. As additional revenues are received, hopefully, this information will be reported to your Honorable Body.

Respectfully submitted,
WILLIAM CLEXTON, D.V.M.,
M.P.H.
Public Health Director - Interim
