March 9, 1973

Honorable Common Council:

Subject: New Title.

Gentlemen — The Civil Service Commission, at their meeting held February 27, 1973, approved a title change in the Office of the Chief of Criminal Investigation Bureau of one position from Senior Stenographer to that of a Principal Clerk.

This change was designed to reflect increased duties and responsibilities of that bureau, assisting in processing the extradition of fugitives; reviewing reports of criminal investigations conducted by investigators of the department for other law enforcement agencies to determine the completeness and accuracy, independently composing and typing letters to other police agencies and private individuals; transmitting information via Law Enforcement Information Network pertaining to criminal investigations and arrests of fugitives; conversing via telephone with other law enforcement agencies regarding criminal matters; conversing with citizens regarding complaints or questions on procedures, assigning incoming correspondence from other police agencies, private

individuals, etc., to the proper investigative unit.

In view of the above, may we respectfully request that Account 1005-111, in our 1972-73 Budget, be amended to reflect the new Principal Clerk title (01-20-41) at the rate of \$10,941 - \$12,142 in lieu of one Senior Stenographer title (01-33-31) at the rate of \$9,786 - \$10,221. Department of Public Works

May 29, 1973

Honorable Common Council:

Re: Petition Nos. 5767 (1968) and 6034 (1973); Stroh Brewery Company; Vacate Streets and Alleys in the Area bounded by St. Antoine, Russell, Gratiot, and the Fisher Freeway.

Gentlemen — The above petitions request the vacation of the streets and alleys in the area bounded by St. Antoine, Russell, Gratiot, and the Fisher Freeway and the temporary closing of Vernor Highway between Rivard and Russell.

May 29

Petition No. 5767 has been pending since 1968 due to the necessity of the petitioner reaching an agreement with the Michigan Department of State Highways concerning "air rights" over the pedestrian bridge crossing the Chrysler Freeway to their property. This agreement has now been completed allowing Petition No. 5767 to be finalized by your Honorable Body along with the current petition (6034).

The petitions were referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has requested that the paved street and alley returns at the entrance to the streets and alleys to be vacated remain in their present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

Easements are reserved in the vacating resolution for the Detroit Edison Company, the Michigan Bell Telephone Company, the Michigan Consolidated Gas Company, and the Detroit Metro Water Department for the maintenance of their installations located in the public right of ways to be vacated.

The City of Detroit owns two of the alleys to be vacated in fee, proper provisions are included in the vacating resolution directing the Community Development Commission to negotiate the sale of this land to the petitioner.

All other involved City departments reported that they have no objection to the proposed vacations or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
CLARENCE C. RUSSELL
Commissioner
