Honorable City Council:

Re: Petition No. 6891, Metropolitan Methodist Church Alley Vacation and Dedication.

On October 9, 1974 (J.C.C. Pages 2190 and 2191) your Honorable Body granted the petition of the Metropolitan Methodist Church to vacate a portion of the alleys at the rear of the church in the block bounded by Woodward, John R., Chandler, and Marston, provided the petitioner deed to the City land for a new alley outlet into Chandler.

Subsequent to your Honorable Body's action the petitioner has requested that the five foot strip between the new alley and the adjacent property be eliminated and the new alley be placed abutting this property. The Community and Economic Development Department has received a letter from Mr. Ernest Chapman, recorded owner of the property known as 67 Chandler, agreeing to the placement of the new alley outlet abutting his property.

Because of this an additional five feet of the east-west alley may be vacated, which will facilitate a more efficient parking lot layout for the church. The Community and Economic Development Department has given their approval.

We are in receipt of a Warranty Deed from the petitioner, deeding to the City of Detroit, land for the new alley outlet into Chandler.

This deed was approved as to form and execution by the Law Department and as to description by the City Engineering Department, and is attached for your Honorable Body's acceptance.

An appropriate resolution vacating the additional portion of alley and accepting the deed is attached for consideration by your Honorable Body.

Respectfully submitted,  
HERMAN T. DUDLEY  
Director

Honorable City Council:

Re: Petition No. 1454, McDonald's Corporation, Conversion to Easement of a portion of the east-west alley north of Fenkell and west of Wyoming.

The above petition requests the conversion of the above described portion of east-west alley, 20 feet wide, into an easement for public utilities.

The requested conversion into easement for public utilities was approved by the Community and Economic Development Department. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

All other involved City departments and privately-owned utility companies reported that they have no objections to the conversion of public right of way into easement provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.
