Recorder's Court

July 14, 1977

Honorable City Council:

Re: Transfer of Crash Program, Appropriations to Operations.

The Recorder's Court Criminal budget for fiscal year 1977-78 contains a separate appropriation to continue the Crash Program originally financed by the Supreme Court LEEA grant. At this time, detailed costs for the entire \$550,000 allocation have been formulated.

Our plans include personnel costs for clerical help, reorganization, equipment purchases, and renovation work. Authority is therefore requested to transfer \$550,000 from the Crash Program appropriation to the Criminal Court's operation appropriation.

Respectfully submitted,
HARRY Y. DUPLESSIS
Court Administrator

Detroit Water and Sewerage Department

July 8, 1977

Honorable City Council:

Re: Correction to the Resolution Vacating Gibson Avenue from Canfield Avenue to Lysander Avenue and North and South Alley Easterly Thereof.

It recently came to our attention that the original vacating resolution for Gibson Avenue between Canfield and Lysander, Petition No. 5221, as recorded in the J.C.C., pages 2329-2330, dated October 23, 1956 was written incorrectly.

In our response to the petition by

the Board of Education to vacate Gibson Avenue and the north-south alley located east of Gibson, we indicated that we had no objection to the vacation of the alley but we asked that a sewer easement be retained for the full width of Gibson, since there was a 9 ft. 6 in. sewer and a 10 in. sewer located therein.

The letter to the City Council in response to Petition No. 5221 stated that a proper provision was incorporated into the vacating resolution protecting the City's interest in the sewer located in Gibson Avenue. However, in the vacating resolution, a sewer easement was erroneously retained for the alley instead of for Gibson Avenue.

Since Gibson Avenue was incorrectly vacated and a sewer easement is still needed for that portion of Gibson Avenue, we recommend that the original vacating resolution be deleted and replaced by the enclosed resolution.

Also enclosed is a copy of a letter from the Board of Education stating that they are agreeable to the change and to the proposed new resolution. The Board of Education was the original petitioner and still owns the property involved.

Respectfully submitted,
JOHN P. KANTERS,
Director

By Council Member Hood:

Resolved, That for the purpose of correction, the complete resolution adopted, granting Petition No. 5221 on October 23, 1956 (J.C.C. Pages 2329-2330) is hereby deleted and replaced by the following:

Resolved, That all of Gibson Street between Lysander and Canfield Avenues as platted in Subdivision of Lots 46 and 47 in Wessons' Section of the Labrosse and Baker Farms, North of Grand River Road, as recorded in Liber 66, Page 523 of Deeds, City of Detroit, Wayne County, Michigan, lying west of and adjoining the west line of lots 1 to 8 both inclusive of the above-mentioned subdivision.

Also, all of the north-south public alley 12 feet wide in the block bounded by Gibson, Brooklyn, Lysander and Canfield Avenues as platted in said Subdivision of Lots 46 and 47 in Wessons' Section of the Labrosse and Baker Farms, lying east of and adjoining the east line of lots 1 to 8 both inclusive and west of an adjoining the west line of lots 9 to 16 both inclusive of the last mentioned subdivision.

Be and the same are hereby vacated as a public street and alley to become a part and parcel of the adjoining property, subject to the following provisions:

Provided, That by reason of the vacation of the above-described street, the City of Detroit does not waive any rights to the sewers located or to be located therein, and, at all

times shall have the right to enter upon the premises, if found necessary to repair said sewers, alter, service or install same, and further

Provided, That all existing encroachments into the above-described street are to remain, and further

Provided, That no new building shall be constructed over said sewers without prior approval of such building construction by the Detroit Water and Sewerage Department and the Department of Buildings and Safety Engineering; and further

Provided, In the event that the sewers located or to be located in said street shall break, causing damage to any construction, property or materials above, the petitioners and their assigns, by acceptance of the permit for construction over the said sewer, waive all claims for damages; and further

Provided, That if the sewer located or to be located in said street shall break or be damaged, as a result of any action on the part of the petitioner, or assigns (by way of illustration but not limitation, such as storage of excessive weights of materials, or any construction not in accordance with Provision 3, mentioned above), then in such event, the petitioner or assigns shall be liable for all costs incidental to the repair of such broken or damaged sewer, and shall also be liable for all claims for damages resulting from his action; and further

Resolved, That the Clerk send a copy of this resolution to the Detroit Board of Education, Office of School Housing.
