Honorable City Council:

Re: Petition No. 5391 & 7416. Rev. A  
R. Polk, et al. Vacation of Stuart  
Avenue east of Helen Avenue.

The above petition requests the vacation of the above described street, 60 feet wide. The requested vacation was approved by the Community & Economic Development Department. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner also has requested that the paved return at the entrance to Stuart Avenue, to be vacated, remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

An easement is reserved in the vacating resolution for the Public Lighting Department for the maintenance of its installations located in the public right of way to be vacated.

All other involved City departments and privately-owned utility companies reported that they have no objection

to the proposed vacation or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,  
JAMES W. WATTS,  
Director
