Honorable City Council:

Re: Rescission of Sale, 3500-02 Springle.

On June 13, 1977, your Honorable Body authorized the sale of property at 3500-02 Springle to John Henry Stewart, as recorded in J.C.C., 6-27-77, page 1631.

The sale has never been completed. The telephone number has been disconnected and certified mail has been returned as unclaimed. Your Honorable Body is requested to rescind the authority to sell, and allow the CEDD to declare the deposit of \$50.00 to be forfeited.

Respectfully submitted,

RONALD J. HEWITT

Director

By Council Member Hood:

Resolved, That the authority to sell property described on the tax rolls as:

Lot 462, Daniel J. Campau's Subd'n of part of P.C.'s 315 & 322, between Charlevoix Street & Mack Avenue, City of Detroit & Twp. of Grosse Pointe, Wayne County, Michigan. Rec'd L. 35, P. 20, Plats, W.C.R. be rescinded and that the CEDD be authorized to declare the deposit of \$50.00 to be forfeited.

Honorable City Council:

Re: Sale of Property — West side of Commonwealth, between Warren and Putnam.

The City of Detroit acquired in a tax-foreclosure action, South 3 feet of Lot 3 and North 29 feet of Lot 2 on the west side of Commonwealth, between Warren and Putnam.

The property in question is a two-story brick, single, residential structure.

Our investigation reveals that this property is in need of rehabilitation. Any recommendation of sale would be on a cash-basis, reserving an easement of the South 2 feet of the North 29 feet of Lot 2 in favor of the Grantor for the benefit of the public for right-of-way purposes and providing the purchaser agrees to sign an Affidavit of Non-Occupancy.

After offering this property publicly, we have received an Offer to Purchase from Ray E. Johnston, a single man to purchase said property. The Offer to Purchase is in the amount of \$1,900.00 cash.

Ray E. Johnston has signed the Offer to Purchase and agreed to comply with the above stated terms. Your Honorable Body's approval to accept this Offer to Purchase is hereby requested.

Respectfully submitted,

RONALD J. HEWITT,

Director

By Council Member Hood:

Resolved, That the Community & Economic Development Department be and is hereby authorized to accept the Offer to Purchase submitted by Ray E. Johnston, a single man for the purchase of property described on the tax rolls as:

S. 3' of Lot 3 & N. 29' of Lot 2, Blk. 20, Avery & Murphy's Subd'n of O.L.'s 8 & 9, Lognon Farm & O.L. 106, and W'ly 71' of O.L. 97, Woodbridge Farm, as rec'd in L. 9, P. 42, of Plats, W.C.R. in accordance with the foregoing communication.

Honorable City Council:

Re: Community and Economic Development. Petition No. 3182, Elmwood Park Rehabilitation Project No. 3, Street and Alley Vacations.

We wish to advise that in order to develop the parcels within the above project which are bounded by Chene Street, Elmwood, Lafayette and Vernor Avenues, it is not necessary to vacate certain streets and alleys within the area.

There will remain a small portion of the project lying westerly of Chene Street which the attached resolution

does not process. However, the resolution vacating these remaining streets and alleys in the project and the submission to your Honorable Body of a new Urban Renewal Plat which will dedicate the new streets which have been opened in the project will be presented in the immediate future.

The attached resolution is submitted for approval by your Honorable Body.

Respectfully submitted,
LOUIS W. KLEI
 City Engineer

By Council Member Hood:

Whereas, the City of Detroit is undertaking the rehabilitation of the area known as Elmwood Park Rehabilitation Project No. 3, Michigan R-123, pursuant to Act 344 of the Public Acts of 1945, as amended, and

Whereas, in order to carry out the development plan for this project it is necessary for the City of Detroit to vacate certain streets and alleys in the area, therefore be it

Resolved, that since some of the streets being vacated shall be subject to easement restrictions the following provisions shall be referred to and are a part of each particular easement, unless otherwise stipulated:

Be and the same are hereby converted into subsurface public easements of the full width of the streets, which easements shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said streets and by their heirs, executors, administrators and assigns, forever to wit:

FIRST, said owners hereby grant to and for the use of the public subsurface easements or right of way in said vacated public streets hereinabove described for the purpose of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephones, electric light conduits or things usually placed or installed in a public street in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

SECOND, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including but not limited to concrete slabs or driveways, retaining or partition walls (except necessary line fence) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval by the Environmental Protection and Maintenance Department.

THIRD, that if at any time in the future the owners of any lots abutting on said vacated street shall request the removal and/or relocation of any existing utilities in said easement, such owners, upon whose property the utilities are located shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

PROVIDED FURTHER, that if any utility located or to be located in said property shall break or be damaged as a result of any action on the part of the petitioner of assigns (by way of illustration but not limitation), such as storage of excessive weights of materials or construction not in accordance with Section 2, mentioned above, then in such event the petitioner or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and be it further

Resolved, that the following streets and alleys to be vacated, listed as they appear in each individual subdivision are:

1) Burlage's Subdivision of Outlot 12 and south 89.76 feet of Outlot 13, Leib Farm, as recorded in Liber 9, Page 33, Plats, Wayne County records,

Honorable City Council:

Re: Appropriations Adjustments — 1977-78 Fiscal Year.

Appropriation adjustments are necessary at this time to provide funds for actual expenditures and to reflect actual cost of operations.

Administration

Additional funds are required to finance payrolls to the end of the year. The establishment of a clerical pool, the lump sum payment of the previous Deputy Director, and the unbudgeted overtime in the Resource Recovery section has made additional funds necessary. Additional funds are also needed to finance the "Watchman Service" to the end of the year. This is necessary because of the overtime caused by sick leave and vacations among the eight property guards. This amount will be fully reimbursed from the Detroit-Wayne Joint Building Authority.

We also had a personnel service contract for \$60,000 that was not budgeted. The contract was to perform time studies and train personnel in methods of time studies to be used in Solid Waste.

Solid Waste

Various adjustments of appropriations in the Solid Waste Division are required. The largest amount is required in Refuse Collection activities, which this year has scheduled more overtime than budgeted. Also, five additional foremen were added to the Solid Waste Division without a corresponding increase in appropriations. Disposal charges are also projected to show a deficit due to the CPI (Consumer Price Index) being greater than anticipated, thus resulting in higher disposal rates.

Street Maintenance

The extremely cold winter has caused an abnormally large number of chuck holes that require additional expenditures for repair causing a deficit in the maintenance appropriation. These additional funds will be offset by Gas and Weight revenue. Also, the cold winter and increased fuel requirements have contributed to the deficit situation.

Vehicle Management

Additional funds are required in the Vehicle Management Division. It was necessary to work more overtime than

was budgeted because of the effect of the extremely cold winter on equipment causing more repairs. Also, there was an increase in the number of damaged tires, much more than anticipated. The department has instituted a new program of contractual repairs, such as transmissions, motor overhauls, starter motors and carburetors, etc. The increase in the cost of parts and the more technical equipment needed to repair vehicles has contributed to the deficit. The cold weather and coal strike has contributed to the deficit in the utilities.
