Honorable City Council:

Re: Petition No. 5505. Leon Weber-

man, et al, Convers on to Easement of the north portion of the north-south alley east of Greeley, between Dallas and Gillett.

The above petition requests the conversion of the above described portion of alley, 16 feet wide, into an easement for public utilities. The requested conversion into easement for public utilities was approved by the Community and Economic Development Department. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

The petitioner has made the following deposit with the City Treasurer, which has been credited to the department and account named, for the purpose indicated:

EPMD Intersection Fund \$185.00 for the original cost of paving Gillett Street at the intersection of the alley to be vacated.

All other involved City Departments and privately-owned utility companies report that they have no objections to the conversion of public right-of-way into easement provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,  
LOUIS W. KLEI  
City Engineer
