March 19, 1980

Honorable City Council:

Re: Petition No. 2138. Saratoga General Hospital. Vacation of a portion of Rossini Avenue east of Gratiot and a portion of the alley and alley return south of Rossini and east of Gratiot.

The above petition requests the vacation of the above described portion of street and alley.

The requested vacations were approved by the Community and Economic Development Department with the recommendation that sufficient land be dedicated for a new street turnaround and for a new alley outlet into State Fair Avenue.

The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has made the following deposits with the City Treasurer, which have been credited to the departments and accounts named, for the purposes indicated.

**Water and Sewerage Department.**

Receipt No. B 21171. \$3,900.00. For the estimated cost to construct a new manhole at the west end of the portion of alley to remain open.

**Public Lighting Department.**

Receipt No. B 23334. \$3,000.00. For the estimated cost to relocated lighting facilities from the area to be vacated.

**Street Maintenance Division, DPW.**

Receipt No. B 23335. \$1,278.00. For the original cost of paving Gratiot Avenue at the intersection with Rossini Avenue to be vacated.

The petitioner has requested that the paved return at the entrance to Rossini Avenue remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

A Quit Claim Deed has been received from the petitioner, deeding to the City of Detroit, land for the new street turnaround and alley outlet into State Fair Avenue. This deed was approved as to form and execution by the Law Department and as to description by the City Engineer, and is attached for your Honorable Body's acceptance.

The petitioner has also requested permission to pave the new street turnaround and alley outlet, and install the necessary drainage. The Department of Public Works has no objection, provided the work is done under City permit and inspection and according to City specifications with all costs borne by the petitioner.

All other involved City Departments and privately-owned utility companies reported that they have no objection to the proposed vacations or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,  
 LOUIS W. KLEI  
 City Engineer
