Honorable City Council:

Re: Detroit's Department of Transportation Estimated Operating Deficit for 1980-81.

In May of 1980, your Honorable Body approved a budget for Detroit's Department of Transportation (D-DOT) that assumed a \$64.3 million operating subsidy from SEMTA for the 1980-81 fiscal year. However, when the contract with SEMTA was finally negotiated and approved in September of 1980, it only provided for a \$46 million subsidy which created a \$18.3 million shortfall.

Budget reductions announced on September 29, 1980 were aimed at eliminating this \$18.3 million problem but escalating costs and static or declining ridership has created an operating deficit at D-DOT estimated to be \$8.1 million. This \$8.1 million was highlighted in the Mayor's budget message to your Honorable Body and the prior year's deficit appropriation (\$119,600,000) in the 1981-82 budget was based on the General Fund making a subsidy to D-DOT to fund the estimated deficit before June 30, 1981.

Because of the above, permission is hereby requested that your Honorable Body authorize the Finance Director to establish the necessary accounts and appropriations and to transfer

funds as of June 30, 1981 as provided in the attached resolution.

Respectfully submitted,
PAUL R. THOMPSON, JR.
Finance Director

Resolved, That the Finance Director be and he is hereby authorized to establish the necessary accounts, transfer funds and honor vouchers when presented in accordance with this resolution and the foregoing communication.

Honorable City Council:

Re: Petitions to convert alleys to easements.

For your consideration, submitted herewith are twenty-five (25) petitions requesting the conversion of alleys into easements in the City of Detroit.

The requested conversions into easements for public utilities were recommended by the Community and Economic Development Department upon prior investigation and report. For filing in the office of the City Clerk, please find report, petition to vacate the public alley, a sketch of the alley and Notice of City Council hearing.

All other involved City Departments and privately owned utility companies have no objections to the conversion of the public right-of-way into an easement provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,
