Honorable City Council:

Re: Petition 4645, Amurcon Corporation Vacation of a portion of public easements at 17300 Southfield Service Drive.

The above petition requests the vacation of the above described easements, 12 feet wide; (six feet at the rear of each of the affected lots).

The petition was referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

All City departments and privately-owned utility companies reported that they will be unaffected by the vacation of said easements or that they have reached satisfactory arrangements with the petitioner regarding their installation therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,  
LOUIS W. KLEI  
City Engineer

Approved:  
JAMES W. WATTS  
Director

By Council Member Kelley:

Honorable City Council:

Re: Petition No. 4170, Manufacturers National Bank Conversion to Easement of a portion of the north-south alley in the block bounded by Seventeenth, Eighteenth, West Fort, and West Lafayette.

The above petition requests the conversion of the above described portion of alley, 20 feet wide, into an easement for public utilities.

The requested conversion into easement for public utilities was approved by the Community and Economic Development Department. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has made the following deposit with the City Treasurer, which has been credited to the department and account named, for the purpose indicated:

DPW — Intersection Fund: Receipt No. A 34610 \$110.00.

For the original cost of paving the south one-half of West Lafayette Boulevard at the intersection of the alley to be vacated.

The petitioner has requested that the paved return at the entrance to the alley to be vacated remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

All City departments and privately-owned utility companies reported that they have no objections to the conversions of public right-of-way into easement provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.
