City Engineering Department

October 1, 1984

Honorable City Council:

Re: Petition No. 1762, Mobil Oil Corporation, Conversion to Easement of the east-west alley in the block bounded by Ashton, Southfield, Eight Mile and Hessel.

The above petition requests the conversion of the above described alley, 20 feet wide, into an easement for public utilities.

The requested conversion into easement for public utilities was approved by the Community and Economic Development Department. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

The petitioner has made the following deposit with the City Treasurer, which has been credited to the department and account named, for the purpose indicated:

Intersection Fund-City Engineering Department, \$315.00 for the original cost of paving the east one-half of Ashton Avenue at the intersection with the alley to be vacated.

The petitioner has also requested that the paved return at the entrance to the alley to be vacated remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

The adoption of the attached resolution is recommended.

Respectfully submitted,

CLYDE R. HOPKINS

Director
