Re: Petition No. 2555. The Boomer Company — Convert Street and Alleys to Easements — Part of St. Albertus Place and portions of the public alleys in the area bounded by Grand Trunk Railroad, St. Aubin, Canfield, and Garfield.

Petition No. 2555 of "The Boomer Company" requests the conversion of a portion of St. Albertus Place, 39 feet wide, between Grand Trunk Railroad and St. Aubin, also the conversion of the north-south public alley, 11.36 feet wide, and a portion of the east-west public alley, 6.50 feet wide (and variable width), in the area bounded by the Grand Trunk Railroad, St. Aubin, Canfield, and Garfield Avenues into an easement for public utilities.

The conversions were approved by the Community and Economic Development Department. The petition was referred to the City Engineering Department for investigation and report. This is our report:

City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

The adoption of the attached resolution is recommended.
