Honorable City Council:

Re: 2917-9 Gray — Emergency Demolition.

The building at the above location was recently found to be dilapidated with extensive structural damage to the point of near collapse.

Our records reveal that this is the initial complaint for this location.

It is our opinion that there is an actual and immediate danger affecting the health, safety and welfare of the public. Therefore, under the authority of Ordinance 290-H, we are requesting, by copy of this letter, that the Department of Public Works immediately take emergency measures to have the building, or portions thereof, removed.

All utility companies are advised, also by copy of this letter, to immediately start utility disconnects.

We respectfully recommend that your Honorable Body concur with this action and have the cost assessed against the property.

Respectfully submitted,  
CREIGHTON C. LEDERER,  
Director

Petition No. 3232 of "Williams Chapel Baptist Church" requests the conversion of a portion of the north-south public alley, 20 feet wide, (first) west of Elmwood Avenue between Arndt and Benson Streets into an easement for public utilities.

The requested conversion was approved by the Community and Economic Development Department. The petition was referred to the City Engineering Department for investigation and report. This is our report:

The petitioner plans to use the paved alley return entrance (into Benson) and requests such remain in its present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Pro-

visions protecting utility installations are part of the resolution.
