STATEMENT BY
COUNCIL MEMBER KEITH A. BUTLER
RE: VOTE ON JEFFERSON/CONNER
PROJECT

Although I voted yes, I have great concerns about Chrysler's ability to carry through on this project.

If I had any other alternatives, I would have voted NO on this contract.

STATEMENT BY
COUNCIL MEMBER KAY EVERETT
I was not a Council Member when this matter came before this body. I would have voted no at the time since the city's finances have already been incumbered for so many other projects that have not fulfilled their promises.

This is a no win situation concerning our guarantor status. It is important that the risk of the city is minimized as much as possible, therefore, the Yes vote only insures that our indebtedness is insured and secured by Chrysler Corporation's commitment of 42 million dollars.

Re: Petition No. 2814 — U.S. Truck Company, Inc. Streets and Alleys to Easement Portions of Toledo, 24th, 23rd and adjoining alleys in the area bounded by 25th, 22nd, Ruskin, and the Conrail Railroad right-of-way.

Petition No. 2814 of "U.S. Truck Company, Inc." requests the conversion of a portion of Toledo Avenue (66 feet wide), west of 24th Street; also a portion of 24th Street (50, 55, and 60 feet wide) between Ruskin Avenue and the Railroad; also the remaining portion of 23rd Street (60 feet wide), north of Ruskin; also the remaining north-south and east-west public alleys (both 16 feet wide; in the block bounded by 23rd, 22nd, Ruskin, and the Railroad), into an easement for utilities and Conrail.

The requested conversions were approved by the Community and Economic Development Department (C&EDD) and the Department of Transportation. The petition was brought before the Committee of the Whole on May 10, 1990. Council has concurred with the recommendation of the C&EDD (as stated in a letter from the Council President to the Mayor, dated May 17, 1990). The petition was referred to the City Engineering Department for investigation (utility clearances) and report. This is our report:

The City is obligated by an agreement with the owners of the Railroad (October 2, 1906 — J.C.C. pgs. 1179-83) to maintain the roadway beneath the railroad crossings over 23rd and 24th Streets. However, U.S. Truck has submitted an "Agreement" (dated March 7, 1991) to assume the 1906 roadway maintenance obligations of the City (for and in consideration of the City vacating the requested portions of public streets).

The Consolidated Rail Corporation (Conrail) has consented in a letter to U.S. Truck Company, Inc. (dated February 5, 1991) to the public street closings.

To transfer the 1906 roadway maintenance obligations of the City (and reserve access rights for utilities and Conrail), it is necessary to authorize the Department of Public Works in conjunction with the City Engineering Department to execute (for and on behalf of the City of Detroit) an approved "Agree-

Petition No. 2814 of "U.S. Truck Company, Inc." requests the conversion of a portion of Toledo Avenue (66 feet wide), west of 24th Street; also a portion of 24th Street (50, 55, and 60 feet wide) between Ruskin Avenue and the Railroad; also the remaining portion of 23rd Street (60 feet wide), north of Ruskin; also the remaining north-south and east-west public alleys (both 16 feet wide; in the block bounded by 23rd, 22nd, Ruskin, and the Railroad), into an easement for utilities and Conrail.

The requested conversions were approved by the Community and Economic Development Department (C&EDD) and the Department of Transportation. The petition was brought before the Committee of the Whole on May 10, 1990. Council has concurred with the recommendation of the C&EDD (as stated in a letter from the Council President to the Mayor, dated May 17, 1990). The petition was referred to the City Engineering Department for investigation (utility clearances) and report. This is our report:

The City is obligated by an agreement with the owners of the Railroad (October 2, 1906 — J.C.C. pgs. 1179-83) to maintain the roadway beneath the railroad crossings over 23rd and 24th Streets. However, U.S. Truck has submitted an "Agreement" (dated March 7, 1991) to assume the 1906 roadway maintenance obligations of the City (for and in consideration of the City vacating the requested portions of public streets).

The Consolidated Rail Corporation (Conrail) has consented in a letter to U.S. Truck Company, Inc. (dated February 5, 1991) to the public street closings.

To transfer the 1906 roadway maintenance obligations of the City (and reserve access rights for utilities and Conrail), it is necessary to authorize the Department of Public Works in conjunction with the City Engineering Department to execute (for and on behalf of the City of Detroit) an approved "Agree-

ment", submitted by "U.S. Truck" for this purpose.

Further, the City is owner in fee of three parcels acquired by deed(s) and/or court condemnation(s) to open parts of public streets and widen a public alley. Therefore, the Finance Director must execute quit-claim deeds to transfer portions of the vacated public rights-of-way.

The petitioner plans to use the paved street and alley return entrances (into Ruskin) and requests such remain in their present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

The adoption of the attached resolution is recommended.

Be and the same are hereby vacated

as public streets and alleys and are hereby converted into a public easement of the full width of the streets and alleys, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said streets and alleys and by their heirs, executors, administrators and assigns, forever to wit:

First, said owners hereby grant to and for the use of the public and Conrail an easement or right-of-way over said vacated public streets and alleys herein above described for the purposes of maintaining, installing, repairing, removing, or replacing railroad crossings and public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public street or alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, said utility and Conrail easement or right-of-way in and over said vacated streets and alleys herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies and Conrail, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility or railroad crossing placed or installed in or over the utility easement or right-of-way. The utility companies and Conrail shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility and Conrail easement with any necessary equipment to perform the above-mentioned tasks, with the understanding that the utility companies and Conrail shall use due care in such crossing or use, and that any property damaged by the utility companies and Conrail, other than specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, (except necessary line fence, and the existing railroad crossing structures) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval of the City Engineering Department,

Fourth, that if the owners of any lots abutting on said vacated streets and alleys shall request the removal and/or

as public streets and alleys and are hereby converted into a public easement of the full width of the streets and alleys, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said streets and alleys and by their heirs, executors, administrators and assigns, forever to wit:

First, said owners hereby grant to and for the use of the public and Conrail an easement or right-of-way over said vacated public streets and alleys herein above described for the purposes of maintaining, installing, repairing, removing, or replacing railroad crossings and public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public street or alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, said utility and Conrail easement or right-of-way in and over said vacated streets and alleys herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies and Conrail, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility or railroad crossing placed or installed in or over the utility easement or right-of-way. The utility companies and Conrail shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility and Conrail easement with any necessary equipment to perform the above-mentioned tasks, with the understanding that the utility companies and Conrail shall use due care in such crossing or use, and that any property damaged by the utility companies and Conrail, other than specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, (except necessary line fence, and the existing railroad crossing structures) shall be built or placed upon said easement, nor any change of surface grade made, without prior approval of the City Engineering Department,

Fourth, that if the owners of any lots abutting on said vacated streets and alleys shall request the removal and/or

relocation of any existing poles or other utilities or railroad crossing(s) in said easement, such owners, shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners and/or Conrail,

Fifth, that if any utility or railroad crossing located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility or railroad crossing, and

Provided, That if it becomes necessary to remove the paved street and/or alley returns at the entrances (into Ruskin Avenue), such removal and construction of new curb and sidewalk shall be done under City permit and inspection according to City Engineering Department specifications with all costs borne by the petitioner, their heirs or assigns; and further

Provided, The Department of Public Works in conjunction with the City Engineering Department is hereby authorized and directed to draft (or cause to be drafted) and execute (for and on behalf of the City of Detroit) an "Agreement" for U.S. Truck Company, Inc. to assume the roadway maintenance obligations (beneath the railroad crossings over Twenty-Third and Twenty-Fourth Streets) of the City under the October 2, 1906 (J.C.C. pgs. 1179-83) agreement with Michigan Central Railroad Company, predecessor in interest to Conrail; whereby U.S. Truck shall hereafter maintain and repair (or cause to be maintained and repair at its expense) the roadway, pavement, and sidewalks under said railroad overpasses. The Law Department shall approve the "Agreement" as to form and execution, after which said "Agreement" shall be considered confirmed. The City Engineering Department shall record the executed "Agreement" with the Wayne County Register of Deeds; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

Resolved, The Finance Director is hereby directed to issue quit claim deeds to transfer the following three parcels of vacated public rights-of-way, for the fair market value and/or other considerations (NOTE: The three parcels are generally described below, to be more particularly described by approved legal descrip-

tions, suitable for recording, at a later date.):

(1) All that part of the easterly 6.00 feet of the north-south public alley, 16 feet wide, north of Ruskin Avenue between 23rd and 22nd Streets; said portion having been deeded to the City of Detroit for public alley purposes; also

(2) All that part of 23rd Street, 60 feet wide, lying beneath the Conrail Railroad right-of-way (100 feet wide); said portion having been opened as a public street in 1883 by Recorder's Court, File #524; also

(3) All that part of Toledo Avenue, 66 feet wide, lying between and abutting the westerly line of 24th Street (55 and 60 feet wide) and the west line extended northerly of Lot 1 as platted in "Scotten and Lovett's Subdivision of Lots 52, 53 and 56 and All that part of Lot 49 lying North of Dix Road (so-called) of the Subdivision of George B. Porter Farm", City of Detroit, Wayne County, Michigan as recorded in Liber 1, Page 203, Plats, Wayne County Records; said portion having been opened as a public street on December 14, 1891 by Recorder's Court, File #689, which was affirmed by the (Michigan) Supreme Court on October 27, 1892 (November 15, 1892 — J.C.C. pg. 951).
