City Engineering Department
September 9, 1992

Honorable City Council:
Re: Petition No. 1684. White Castle Systems, Inc. Alley to Easement and Dedication part of the east-west public alley in the block bounded by Gratiot, Mt. Elliott, and Sylvester; also requesting permission to

encroach with a masonry screen wall across the alley.

Petition No. 1684 of "White Castle Systems, Inc." requests the conversion of a portion of the east-west public alley, 20 feet wide, in the block bounded by Gratiot, Mt. Elliott, and Sylvester Avenues into an easement for public utilities; also to encroach across the (converted) public alley with masonry screen walls (approximately 4.50 to 6 feet in height with below grade footings).

The encroaching screen walls are necessary to separate commercial and residential properties.

The Community and Economic Development Department has agreed to dedicate a portion of city-owned land required to create a turnaround at the remaining dead-end (east-west) public alley in said block. The public alley turnaround has been approved by the Transportation Division — Department of Public Works (DPW). The petition was referred to the City Engineering Department for investigation and report. This is our report:

Provisions protecting the Water and Sewerage Department's interests in the public sewer are incorporated into the resolution.

All other city departments and privately-owned utility companies have replied they have no objection to the proposed conversion or the encroachment. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
 CLYDE R. HOPKINS
 Director

By Council Member Everett:

Provided, The (encroachment) resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment, and further, that the permittee acquires no implied or other privi-

leges hereunder not expressly stated herein; and further

Provided, That the (encroachment) permit shall not be assigned or transferred without the written approval of the City Council; and be it further
