Re: Petition No. 2331, Michigan Department of Natural Resources, State Fairgrounds, Streets to Easement, Alameda between Kenneth and Ralston; also part of a strip of land west of Ralston.

Petition No. 2331 of the "Michigan Department of Natural Resources" requests the conversion of Alameda Avenue, 50 feet wide, between Kenneth Avenue (50 feet wide) and the private road entrance into the State Fairgrounds (commonly known as the Ralston Avenue extension from W. State Fair Avenue to W. Eight Mile Road); also part of a strip of land, 10 feet wide, lying westerly of said Ralston Avenue extension into an easement for public utilities.

The requested conversion was approved by the Community and Economic Development Department (in a letter dated March 10, 1993). The petition was referred to the City Engineering Department for investigation and report. This is our report:

In a report (dated October 15, 1992) the Department of Public Works — Traffic Engineering Division has consented to the public street closings.

All other involved city departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

The adoption of the attached resolution is recommended.

Respectfully submitted,

CLYDE R. HOPKINS
