Honorable City Council:

Re: Petition No. 2621. Difco Laboratories, Inc. Alley to Easement. East-west public alley southerly of Grand River between Henry and Pine.

Petition No. 2621 of "Difco laboratories, Inc." requests the conversion of the east-west public alley, (approximately) 18 feet wide and variable width, southerly of Grand River Avenue between Henry and Pine Streets into an easement for public utilities.

The requested conversion was approved by the Community and Economic Development Department. The petition was referred to the City Engineering Department for investigation and report. This is our report:

The petitioner plans to use the paved alley return entrances (into Pine and Henry Streets) and requests such remain in their present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

The adoption of the attached resolution is recommended.

Respectfully submitted,
CLYDE R. HOPKINS
