Re: Petition No. 2894. Padilla Windows,

Inc. Alley to Easement north-south public alley in the block bounded by St. Louis, Mt. Elliott, Charles and Rupert.

Petition No. 2894 of "Padilla Windows, Inc." requests the conversion of the north-south public alley, 20 feet wide, in the block bounded by St. Louis, Mt. Elliott, Charles, and Rupert Avenues into an easement for public utilities.

The requested conversion was approved by the Community and Economic Development Department. The petition was referred to the City Engineering Department for investigation and report. This is our report:

The petitioners plan to use the paved alley return entrance (into Rupert Avenue) and requests such remain in its present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

The adoption of the attached resolution is recommended.

Respectfully submitted,
CLYDE R. HOPKINS
