Honorable City Council:

Re: Community and Economic Development Department, Jefferson-Conner Industrial Subdivision No. 1, Street and Alley Vacations in the area bounded by Conner, Anderdon, Kercheval and Mack.

A "Project Plan" to develop the Jefferson-Conner Industrial Revitalization Area was adopted by City Council on February 18, 1987. The approved plan has authorized the city to acquire properties and consolidate parcels by vacating public streets and alleys. The following resolutions, vacating public rights-of-way, have been previously adopted by your Honorable Body:

May 27, 1988 — J.C.C. pgs. 1333-1339

June 8, 1988 — J.C.C. pg. 1471

October 12, 1988 — J.C.C. pg. 2557

May 24, 1989 — J.C.C. pg. 1291

November 27, 1994 — J.C.C. pgs. 2642-44

It is advantageous to the city to create a "plat" of Jefferson-Conner Industrial site. To facilitate a "plat" it is necessary to vacate public streets and alleys in the area bounded by Conner, Anderdon, Kercheval and Mack Avenues.

All of the public street alignments are delineated on the proposed "Jefferson-Conner Industrial Subdivision No. 1."

Necessary arrangements have been made with utilities to relocate their facilities from the public right-of-way. Where easements must be retained, provisions protecting utility installations are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
WILLIAM L. TALLEY,
Head Engineer

By Council Member Cockrel:

Whereas, the City of Detroit through its Community and Economic Development Department is undertaking a project to develop industrial properties within the Jefferson-Conner Revitalization area, specifically the Jefferson-Conner Industrial Development site; being all that part of the site bounded by Conner, Anderdon, Kercheval and Mack Avenues. It is advantageous to the city to create a "plat" of "Jefferson-Conner Industrial Subdivision No. 1"; and

Whereas, the following resolutions, vacating public rights-of-way, have been previously adopted by City Council:

First, said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public streets herein above described for the purposes of maintaining, installing, repairing, removing, or replacing underground public utilities such as water mains, sewers, gas lines or mains, telephone cable, electric light conduits or things usually placed or installed underground in a public street in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, said utility easement or right-of-way in and over said vacated streets herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized

by them, for the purpose of the inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone cable or any utility facility placed or installed underground in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned tasks, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, (except necessary line fence) shall be built or placed upon said underground easement, nor change of surface grade made, without prior approval of the City Engineering Department,

Fourth, that if the owners of any lots abutting on said vacated streets shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, that if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3. Mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and be it further

Resolved, Pursuant to the Court ruling in Center Line v. Michigan Bell Telephone Co. 26 Mich. App 659 (1970), aff. 387 Mich. 260 (1972), the Community and Economic Development Department is hereby authorized to process billings from utility companies and others for the relocation of their equipment in connection with this urban renewal project. However, prior to the processing of bills, the Community and Economic Development Department shall consult with the Law Department to determine which utility removal and/or relocation costs incidental to this urban renewal project are obligatory under current Michigan court rulings; and be it further

Resolved, This resolution is to be effective upon recording of the plat.
