Honorable City Council:

Re: Petition No. 2604. American Red Cross — SE Michigan Headquarters National Testing Laboratory, Street to Easement, Alley to Vacation and Easement, in the area bounded by Woodward, John R., Erskine and Eliot.

Petition No. 2604 of the "American Red Cross" requests the conversion of a portion of Eliot Street, 60 feet wide, between Woodward Avenue and John R. Street into an easement for public utilities. Also, the conversion of a westerly part of the east-west public alley, 20 feet wide, in the block bounded by Woodward Avenue, John R., Erskine and Eliot Streets into an easement for public utilities; also the outright vacation of an easterly part of said east-west public alley, 20 feet wide.

The Red Cross is consolidating testing from laboratories in 46 regions to 10 centralized national testing laboratories. The laboratories in Detroit and Philadelphia will be the largest of 10 and will test about one million blood samples per year. The Red Cross projects that the new Detroit lab will add 50 new jobs in the city.

The petition was referred to the City Engineering Department by the Community and Economic Development Department for investigation (utility clearances) and report. This is our report:

The public street and alley closings have been approved by the Department of Public Works — Traffic Engineering Division.

Wayne State University, owner of the Bonstelle Theatre, has written a letter in support of the Red Cross expansion plans. **The petitioner has submitted a development agreement between Red Cross and the Prismatic Club of Detroit, 80 Eliot Street.**

The petitioner has deposited \$8,000.00 with the Public Lighting Department for the estimated expense to remove two underground fed street lights (now located within the to be vacated part of Eliot Street, 60 feet wide); also to relocate one lighting unit outside of the commercial driveway turning radius (from John R. Street) into the Red Cross development site.

Satisfactory arrangements have been made with the Ameritech/Michigan Bell Telephone Company, Detroit Edison Company, Fire Marshal, Michigan Consolidated Gas Company, Public Lighting Department, and the Water and Sew-

erage Department. Provisions protecting utility installations are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

WILLIAM L. TALLEY
