

By Council Member Everett:

Resolved, All of the southerly part of the north-south public alley, 20 feet wide, in the block bounded by Wyoming, Kentucky, Tireman and Belton Avenues lying westerly of and abutting the west line of Lot 32; also lying easterly of and abutting the east line of the south 4.00 feet of Lot 38, and Lots 33 thru 37 as platted in "Robert Oakman Land Company's Bonaparte Boulevard Subdivision part of West Half of Northwest Quarter Section 4, Town 2 South, Range 11 East", City of Detroit, Wayne County, Michigan as recorded in Liber 43, Page 95, Plats, Wayne County Records;

Be and the same is hereby vacated as a public alley and is hereby converted into a private easement for public utilities of the full width of the alley, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley and by their heirs, executors, administrators and assigns, forever to wit:

FIRST, said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

SECOND, said utility easement or right-of-way in and over said vacated alley herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned tasks, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

THIRD, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete

slabs or driveways, retaining or partition walls, (except necessary line fence) shall be built or placed upon said easement, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

FOURTH, that if the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

FIFTH, that if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

PROVIDED, That if it becomes necessary to remove the paved alley return at the entrance (into Tireman Avenue), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heirs or assigns; and further

PROVIDED, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Honorable City Council:

Re: Petition No. 3209. Wilson Kassab, Alley to Vacation and Easement east-west public alley, north of W. Seven Mile between Houghton and Cooley.

Petition No. 3209 of "Wilson Kassab" requests the outright vacation of the southerly 9.00 feet, and the conversion of the northerly 11.00 feet of the east-west public alley, 20 feet wide, lying north of W. Seven Mile Road between Houghton and Cooley Avenues into a private easement for public utilities.

The requested conversion was approved by the Planning and Development Department. The petition was referred to the City Engineering Division

— DPW for investigation and report. This is our report:

The city is owner in fee of part of the east-west public alley (20 feet wide; north of W. Seven Mile and west of Cooley), said part of public alley having been deeded to the city on February 14, 1951 (J.C.C. page 298). Therefore, the Finance Director must execute a quit-claim deed to transfer the vacated and converted part of public right-of-way.

The petitioner has reached a satisfactory agreement with the Detroit Edison Company and Ameritech/Michigan Bell Telephone Company to maintain their existing poles and overhead wires within the remaining 11.00 feet wide private easement for public utilities.

The petitioner plans to use the paved alley return entrance (into Cooley Avenue) and requests such remain in its present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

All involved city departments and privately-owned utility companies have reported no objections to the outright vacation and conversion of (part of) public rights-of-way into a private easement for public utilities. Provisions protecting utility installations within the remaining 11.00 feet wide private easement for public utilities are part of the resolution.

The adoption of the attached resolution is recommended.

Respectfully submitted,

 Head Engineer
