Honorable City Council:

RE: 3494 - Douglas Kann, et al, requesting alley closure in the area of Mack, Lakepointe, and Maryland.

Petition No. 3494 of "Douglas Kann, et al," on behalf of Lakepointe Development Company, Inc., requests the conversion of the north-south and east-west public alley(s), 18.00 feet wide, in the block bounded by Maryland Avenue, 60 feet wide, Lakepointe Avenue, 60 feet wide, Mack Avenue, 120 feet wide, and Lozier Avenue, 60 feet wide into private easement(s) for public utilities.

The request was approved by the Solid Waste Division - DPW, and the Traffic Engineering Division - DPW. The petition was referred to the City Engineering Division - DPW for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports there are existing sewers in the area bounded by Maryland, Lakepointe, Mack, and Lozier Avenue(s). However, DWSD has no objection to the requested conversion to easement provided that an easement of the full width of the alley is reserved.

Detroit Edison Company (DeCo) reports it has customers in the requested area being served via overhead facilities. DeCo has no objection provided 24-hour ingress and egress.

All other city departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
SUNDAY JAIYESIMI,
City Engineer
