Honorable City Council:
 Re: Petition No. 3797 — Jesus Tabernacle of Deliverance Church, requesting certain changes in public rights-of-way in the area of Outer Drive, Kilbourne, Rosemary and Chalmers.

Petition No. 3797 "Jesus Tabernacle of Deliverance Church", at 10827 Chalmers Avenue, Detroit, Michigan 48213, request

to encroach into the south side of Kilbourne Ave., 150 feet wide, the north and south sides of Rosemary Ave., 120 feet wide, and Chalmers Ave., 76 feet wide. Also, the petitioner requests the conversion of the northerly portion of the north-south public alley, 20 feet wide, between Rosemary Ave. and Kilbourne Ave., first west of Chalmers Ave., into a private easement for public utilities.

The requested encroachment(s) will include the following:

- The creation of parking bays within the south 30 feet of Kilbourne Ave., 150 feet wide, with wrought iron fencing enclosing an area approximately 30 ft. x 100 ft.
- The installation of concrete steps (at grade) within the north 30 feet of Rosemary Ave., 120 feet wide.

- Additional parking spaces created within the south 30 feet of Rosemary Ave., 120 feet wide, to be incorporated in the proposed new church parking lot.

- Two foot subsurface encroachment of the building foundation within the westerly line of Chalmers Ave., 76 feet wide, between Rosemary Ave. and Kilbourne Ave.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Traffic Engineering Division — DPW reports no objections with the requested encroachments and conversion to easement provided that all work is constructed in accordance with City of Detroit standards, approved by the City Engineering Division — DPW and that the petitioner shall be responsible to return the public rights-of-way to it's original condition after the expiration of the encroachment at no cost to the city.

The Public Lighting Department has no objections provided that a minimum horizontal clearance of 3-feet 6-inches and a vertical clearance of 1'-0" be maintained from their facilities.

The Detroit Water and Sewerage Department (DWSD) reports the following:

- Chalmers between Rosemary and Kilbourne: Encroachment in the street. DWSD has an existing 12-inch main located at 6 feet east of the west property line of Chalmers. The building footings are too close to our existing water main. DWSD has no objection to the proposed encroachment provided that the petitioner relocate the water main in the ROW in accordance with plans approved by DWSD. All work necessary to relocate the water main is to be at the petitioner's expense and at no costs to DWSD.

- DWSD has no objections to the remaining changes in public rights-of-way.

All other involved City departments and privately owned utility companies have reported no objections to the encroachments and conversion to easement or that satisfactory arrangements have been made. Where appropriate, provisions protecting utility installations are part of the resolution.

Respectfully submitted,
 SUNDAY JAIYESIMI
 City Engineer
