Honorable City Council:

Re: Petition No. 689 — Aunt Mid Produce Facility, requesting vacation of the public right-of-way in area of Olivet, Lafayette, Springwells and New York Central Railroad.

Petition No. 689 of "Aunt Mid Produce Facility", requests to outright vacate the North-South public right-of-way, 25 feet wide, in the block bounded by Olivet Avenue, 50 feet wide, Lafayette Avenue, 50 feet wide, Springwells Avenue, 66 feet wide and the New York Central Railroad.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearances) and report. This is our report:

SBC Telecommunication reported involvement, but no objection to the proposed change in property.

All other city departments and private utility companies have reported no involvement or satisfactory arrangements have been made.

Whenever it becomes necessary to discontinue use of the paved public right-of-way entrance into Olivet Avenue, such removal and construction of new curb and sidewalk must be done under City Engineering Division — DPW specification, permits and inspection with all cost borne by the property owner.

I am recommending adoption of the attached resolution.

Respectfully submitted,

SUNDAY JAIYESIMI

City Engineer

City Engineering Division — DPW
By Council Member S. Cockrel:
