Honorable City Council:

Re: Petition No. 505 — Eastside Detroit Elderly, LDHA, LP, requests to vacate (outright), convert to easement and dedicate rights-of-way within the area bounded by Waveney, Mack, Springle and Gray.

Petition No. 505 of “Eastside Detroit Elderly, LDHA, LP”, 5075 Chalmers, Detroit, Michigan 48213 in c/o Timothy M. Morgan, requests to vacate (outright) the east-west public alley, 18 feet wide, a portion of the north-south public alley, 18 feet wide, and the dedication of private land for a new alley outlet, all in the block bounded by Waveney Avenue, 66 feet wide, Mack Avenue, 120 feet wide, Springle Avenue, 60 feet wide and Gray Avenue, 60 feet wide.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Planning and Development Department is working with the developer (Eastside Detroit Elderly, LDHA, LP) to provide a 54 unit senior housing complex on the north side of Mack between Springle and Gray Avenues. In order to proceed with this plan, it is necessary to vacate certain rights-of-way and create a new alley outlet.

City Council is requested to accept the deed and alley opening for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-2-11 through 2-2-15 also known as the “Environmental Review Guidelines”, and that the fee owner submit a properly executed “warranty” deed; proof of lien-free ownership; proof of paid Wayne County taxes and proof of paid Detroit property taxes.

The Public Lighting Department (PLD) reports no objections to the proposed changes in public rights-of-way in the area of Waveney, Mack, Springle and Gray. The PLD has street lighting cable and poles and arc circuits within said east-west and north-south alleys. removal and relocation of PLD facilities must be

done at project costs.

The Detroit Water and Sewerage Department (DWSD) has existing sewer lines located in the alleys in the block bounded by Waveney, Mack, Springle and Gray that must remain in service. DWSD has no objection to the requested changes in public rights-of-way, provided that the petitioner relocate the existing sewer lines located in the alleys in accordance with plans approved by DWSD. All work necessary to relocate the sewer lines and abandon the existing sewers is to be done by the petitioner at no cost to DWSD. In addition, all work is to be done under DWSD’s permit and inspection.

The Detroit Edison Company reports no objection to the proposed changes in public rights-of-way provided that the petitioner removes and/or reroutes its facilities, at a not to exceed cost of \$25,000.00.

Comcast Cablevision and the Ameritech (SBC) report no objection to the proposed changes in public rights-of-way provided that the petitioner removes and/or reroutes its facilities at project costs.

The Detroit Fire Department insists that the developer provide 24-hour access, for fire fighting purposes.

All other city departments and privately owned utility companies have reported no objection to the proposed changes in public rights-of-way. Provisions protecting utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

SUNDAY JAIYESIMI
