Honorable City Council:

Re: Proposed Ordinance to adopt the Second Modified Development Plan for the McDougall-Hunt Rehabilitation Project.

Pursuant to state statute and applicable provisions of the 1984 Detroit City Charter, the above referenced ordinance is submitted to your Honorable Body for consideration together with the attached draft resolution scheduling public hearing on the Second Modified Development Plan for the McDougall-Hunt Rehabilitation Project. The Modified Development Plan currently in place was adopted by Ordinance Amendment approved June 3, 1980. Further modification of the Development Plan is necessary to facilitate and accelerate development and rehabilitation of vacant and blighted properties within this development area. Commercial uses, as well as residential uses, will also be established as permitted uses for certain parcels within the redevelopment area proposed to be sold for development.

The proposed overall development density for McDougall-Hunt Rehabilitation Project area shall not exceed 24 dwelling units per acre. Low density multiple family developments shall consist of 8-16 dwelling units per acre. Multiple family dwellings may be located on zoning lots of at least seventy (70) feet in width and 7,000 square feet in area. The proposed residential zones in the Second Modified Development Plan would permit low and medium density development.

The major commercial sites proposed in McDougall-Hunt are parcels located in Area A, which is bounded by Chene, Gratiot, Vernor and St. Aubin, and along Gratiot, Mack and Mt. Elliott. The intended uses for these commercial parcels are for

new neighborhood scale retail businesses. Permitted uses will include low intensity retail, wholesale, general office, restaurants, hotel/inn and other local community commercial uses.

All parking will adhere to the proposed Zoning Plan (Map D), which indicates changes that are necessary in order to properly utilize land in conformity with the Zoning Ordinance of the City of Detroit. The proposed Second Modified Development Plan incorporates these Development Plan modifications, which covers all parcels within this redevelopment area.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of and the holding of a public hearing concerning this proposed ordinance, as required by statute, no less than thirty days hence.

Respectfully submitted,

BURNEY JOHNSON

WHEREAS, The City of Detroit previously made detailed studies of the location, physical condition of structures, land use, environmental influences, and social, cultural and economic conditions of the development area known as the McDougall-Hunt Rehabilitation Project, which is located within the City of Detroit and described as follows:

Land in the City of Detroit, County of Wayne, Michigan, being a triangular parcel of land bounded on the north by the south line of Gratiot Avenue, 120 feet wide; on the east by the centerline of alleys first east of Mt. Elliott Avenue, 66 Feet wide; on the south by the centerline of Vernor Highway 80 feet wide; said area being more particularly described as beginning at the intersection of the west line of Lot 1, Flattery's Subdivision, of the east part of Out lot 32 St. Aubin Farms, as recorded in Liber 3, page 86, P.W.C.R., and the east line of Gratiot Avenue, thence northerly along the east line of Gratiot Ave, to the intersection of the centerline of the public alley, 20 feet wide, first east of Mt. Elliott Avenue, as extended northerly thru lots 19 & 20 of the Plat of the Subdivision of Lots 28 and 29 Meldrum Farms as recorded in Liber 8, Page 92 P.W.C.R.; thence southerly along last mentioned

centerline of public alley to its intersection with the centerline of Vernor Highway; thence westerly along said centerline of Vernor Highway to the said west line of Lot 11 of Flattery's Subdivision; thence northerly along said line to the point of beginning. Said parcel contains 10,851,000 square feet or 249.1 acres more or less.

Whereas, Based on said studies the City previously determined, in accordance with 1945 Public Act 344, as amended, MCL Section 125.71, et seq., that the area was a blighted area, as defined in MCL Section 125.72(a), because of obsolescence, physical deterioration of structures and other similar characteristics; and that it is detrimental and a menace to the safety, health and welfare of the inhabitants thereof, and the City of Detroit at large, because of obsolescence, physical deterioration of structures and other similar characteristics; and

Whereas, The Detroit City Council, by Ordinance No. 551-H approved June 3, 1983, in accordance with requirements set forth in aforesaid 1945 Public Act 344, as amended, previously adopted a Modified Development Plan date May, 1982 for the area; and

Whereas, The City's Planning and Development Department recently completed new studies of the area to determine the extent of blight, which studies confirm that the area remains a blighted area, as defined in MCL Section 125.72(a), but suggest that approaches and strategies different than those set forth in the Modified Development Plan previously adopted for the area might be more effective in eliminating blighted conditions in the area; and

Whereas, The Planning and Development Department developed a Second Modified Development Plan dated June, 2003, consisting of thirty eight pages inclusive of nine pages of maps and exhibits, for the McDougall-Hunt Rehabilitation Project and submitted same to City Council for consideration, together with a recommendation for approval and adoption thereof by ordinance amendment, which Plan was received and considered at public hearing held September __, 2003, pursuant to proper notice, at which time all interested persons and organizations were given an opportunity to be heard; and

Whereas, The Planning and Development Department has certified that said Second Modified Development Plan is consistent with and conforms to the requirements for this area in the City's Master Plan, as amended, that has been adopted for the City as a whole.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 2, Article LIII, of the 1964 Detroit City Code, which was saved from repeal by Ordinance No. 593-H and Section 1-1-7(13) of the 1984 Detroit City Code be amended by amending Section 2-53-2, and by adding Section 2-53-9 to read as follows:

2nd Modified McDougall-Hunt Rehabilitation Plan

2nd Modified McDougall-Hunt Rehabilitation Plan Executive Summary

Introduction

The purpose of the 2nd Modified McDougall-Hunt Rehabilitation Plan, also known as the McDougall-Hunt Neighborhood Preservation Plan, is to provide a framework for implementing the land use vision for the McDougall-Hunt Development Area. The plan identifies six sub-areas of proposed land uses and a road map for redevelopment in each (see Exhibit E-Proposed Land Use Map). Also the plan identifies key development issues within the area that provide goals, objectives and an implementation strategy for addressing these issues. The issues to be addressed are:

- Restoring McDougall-Hunt as a residential neighborhood;
- Expanding supportive community services;
- Upgrading public facilities;
- Providing jobs and income opportunities for local residents;
- Improving and preserving existing housing;
- Removing dangerous buildings;
- Identifying environmental hazards and nuisances;
- Developing neighborhood organizational community capacity to participate in the development of the neighborhood, attract investment and guide development with sound planning decisions;
- Expanding affordable housing for low and moderate income households and existing residents;
- Preserve the historic character of the neighborhood;

- Preserving and expanding natural open spaces and park facilities.

The McDougall-Hunt Citizens District Council (MHDCDC) was organized in 1978 in accordance with the Blighted Area Rehabilitation Public Act 344 of 1945. The Mission of McDougall-Hunt Citizens' District Council is to provide advice and guidance to the City of Detroit on planning and development recommendations for the McDougall-Hunt community.

The McDougall-Hunt area is located east of Detroit's Central Business District and Detroit's Eastern Market. The area is bounded by Vernor on the south, the alley east of Mt. Elliott on the east, Gratiot Avenue, running northeasterly from St. Aubin. The area is approximately 249+/- acres. The neighborhood is characterized by significant numbers of deteriorated and vacant homes, vacant lots and median housing values that are lower than those in adjacent neighborhoods. Despite these issues, McDougall-Hunt has substantial opportunities for community and economic development due to its location and access to the City of Detroit and suburban employment centers. The area generally corresponds with Community Reinvestment Strategy Cluster 4 and Census Tract 5168.

Its major assets for community and economic investment include the following:

- Access to freeways, major streets, and employment centers (Central Business District, Eastern Market, and the Chrysler Viper Plant)
- Detroit Community education centers and facilities
- Major community churches
- Vacant city-owned properties
- Located within the City of Detroit Empowerment Zone
- Located north of the Elmwood Park Redevelopment Area

The residential area has seen a fairly dramatic decrease in population over the past 10 years. According to the 2000 U.S. Census, the population for Census Tract 5168 was 1832, compared with 2451 in 1990. This was an over 25% decrease in the population for the Census Tract. Also, in 1990 there were 1069 housing units with 133 vacancies (12.4%). According to the 2000 Census there is now only 741 housing units, with 141 vacant (190%).

Plan Goals & Objectives

The following goals illustrate activities that shall be undertaken to implement the plan:

- I. Preserve and Improve the existing housing stock for property owners and residents
- II. To construct new housing units in order to stabilize the existing neighborhood
- III. To provide new housing opportuni-

ties for existing residents and to attract new residents into the community

IV. Expand housing opportunities that are affordable to low and moderate income families

V. Encourage redevelopment of existing vacant lots with in-fill housing and flexible site planning

VI. Expand neighborhood scale retail and service uses in the area

VII. Improve the quality and frequency of public transportation services to and from the McDougall-Hunt area

VIII. Improve personal safety by enhancing and upgrading street lighting and increasing community relations with the local police precinct

IX. Expand income and economic opportunities for area residents and businesses

X. Enhance the natural environment and expand park/recreational facilities

Implementation Strategy

An implementation strategy is proposed to begin coordination between public and private resources available from the City of Detroit, the U.S. Department of Housing and Urban Development, the Michigan State Housing Development Authority, and Empowerment Zone (See attached map for sub-area boundaries).

- Sub-area **A** involves the disposition of city-owned properties to develop multiple family residential with a neighborhood scale retail component. City owned properties in this area shall be sold via Request for Qualifications (RFQ).

- Sub-areas **B & C** involves the disposition of city owned properties to implement mixed residential-retail and multi-family residential in-fill

- Sub-areas **D, E & F** involves housing rehabilitation and the disposition of city owned properties to implement one/two family residential in-fill

With the exception of where parcels are too small for new housing development, property may be sold via Request for Proposal or Request for Qualifications (RFP/RFQ). Due to the overwhelming interest to develop housing in the area, majority of the sub-areas will be developed concurrently.

Implementation Priorities

In addition to the proposed implementation strategy, the following priorities have been identified to further direct development activities in the area:

- Priority be given to proposals for housing projects that are centered on non-profit corporations and partnerships between private for profit and non profit corporations.

- All residential developers in cooperation with the City of Detroit shall insure, to the extent possible, that a reasonable number (at least 20%) of the total housing units built in the McDougall-Hunt Development Project shall be for sale or

rent at prices that low and moderate income families can afford.

• The use of financial incentives for developers to include low to moderate income housing in their proposals i.e. neighborhood enterprise zone tax incentives and City Home Funds.

• Priority be given to projects that provide a component of senior housing and/or low-moderate income housing.

• The completion of a study that would provide a statistical description of housing supply and an estimates of total demand for housing.

• The completion of a traffic impact study that would provide data on effects of new development and propose recommendations for traffic calming and pedestrian safety.

It is the goal of the City to facilitate proper coordination with private developers and investors, to further build community capacity as well as effectively manage specific development activities in the area.

Plan Budget

Implementation of the Modified McDougall-Hunt Plan will involve financing from public, private and non-profit sources that leverage Empowerment Zone, MSHDA and City of Detroit resources. The City of Detroit investment for the area will be in excess of \$8.2 million and estimated costs includes:

- Public Improvements
- Streetscape Improvements
- Demolition of blighted properties
- Community & Public Facility Rehabilitation
- Major and Minor Home Rehabilitation

¹2000 U.S. Census of Population and Housing.

**Note — Final cost estimates will be revised prior to August, 2003.

B. Description of Project

Pursuant to Public Act 344, Section 4(4) requires that the Development Plan contain "District areas shall be designated for all development areas that have been approved by a local legislative body and subject to the terms of this act as of January 1, 1968, and all subsequent development areas that are so approved. A district area shall not be designated unless legislative body first holds a public hearing on the designation. The legislative body shall give notice of the public hearing not less than 20 nor more than 30 days before the date for the public hearing."
Boundaries of Urban Renewal Area

The boundaries of the project area are described as follows:

Land in the City of Detroit, County of Wayne, Michigan, being a triangular parcel of land bounded on the north by the south line of Gratiot Avenue, 120 feet wide; on the east by the centerline

of alleys first east of Mt. Elliott Avenue, 66 feet wide; on the south by the centerline of Vernor Highway 80 feet wide; said area being more particularly described as beginning at the intersection of the west line of Lot 1, Flattery's Subdivision, of the east part of Out lot 32 St. Aubin Farms, as recorded in Liber 3, page 86, P.W.C.R., and the east line of Gratiot Avenue, thence northerly along the east line of Gratiot Ave, to the intersection of the centerline of the public alley, 20 feet wide, first east of Mt. Elliott Avenue, as extended northerly thru lots 19 & 20 of the Plat of the Subdivision of Lots 28 and 29 Meldrum Farms as recorded in Liber 8, Page 92 P.W.C.R.; thence southerly along last mentioned centerline of public alley to its intersection with the centerline of Vernor Highway; thence westerly along said centerline of Vernor Highway to the said west line of Lot 11 of Flattery's Subdivision; thence northerly along said line to the point of beginning. Said parcel contains 10,851,000 square feet or 249.1 acres more or less.

Statement of Goals & Development Objectives

Listed below are the goals & objectives to be achieved during the course of this program include:

1. Preserve and improve the existing housing stock for existing residents
2. To construct new housing units in order to stabilize the existing neighborhood
3. To provide new housing opportunities for existing residents and to attract new residents into the community
4. Expand housing opportunities that are affordable to low and moderate income families
5. Encourage redevelopment of existing vacant lots with in-fill housing and flexible site planning
6. Expand neighborhood scale retail and service uses in the area
7. Improve the quality and frequency of public transportation services to and from the area
8. Improve personal safety by enhancing and upgrading street lighting along with community relations with the local police precinct
9. Expand income and economic opportunities for area residents and businesses
10. Enhance the natural environment and expand park/recreational facilities

C. General Land Use Plan

1. Master Plan, Lower East Central Subsector

Pursuant to Public Act 344 — Section (3)(a) requires that the Development Plan contain "a master plan of the municipality or a master plan, which is sufficiently advanced to

designate areas in need of rehabilitation or in need of measures to prevent blight.”

The McDougall-Hunt development area is located in the Lower East Central Subsector, East Central Sector of the City of Detroit Master Plan of Policies. This area is bounded on the north by Gratiot, on the west by the Chrysler Freeway, on the south by Larned, East Grand Boulevard and Lafayette, and on the east by Mt. Elliott.

According to the summary of planning issues, goals and future general land use for the subsector, McDougall-Hunt development objectives more than comply. The summary goals include: Maintenance of consistency in development of remaining lots in the Lafayette/Elmwood area; reduction of remaining security problems; beautify and redevelop commercial strips on Gratiot and Mt. Elliott; and effective preservation of vintage housing in McDougall-Hunt are the issues for the area.

2. Community Reinvestment Strategies, Cluster 4

The McDougall-Hunt development area lies with in cluster 4. The cluster is served by five major freeways, eight major arterial roads and numerous minor arterial roads. The freeways divide the cluster into six distinct districts. Portions of the Lodge Freeway (10 & I-375), the Jeffries Freeway (I-96) and the Ford Freeway (I-94) delineate the western border of the cluster, in addition to providing a transversal route through the cluster. The Chrysler Freeway (I-75) also provides a north-south route through the cluster. Five radial arterial roads access all surrounding areas. These are Woodward, Gratiot, Michigan, Fort, and Jefferson. Warren provides an east-west route, while Mt. Elliott provides a north-south route and delineates the eastern boundary.

The Housing goals and objectives are similar to those outlined in this plan. They include: Preservation and improvement of neighborhoods; Providing a cross-section of housing opportunities which are consistent with the character of the surrounding community; Targeting McDougall-Hunt and other development areas within the

cluster for new and infill construction housing consistent with the existing community; Developing public and private funding sources for low income families to own and rehabilitate existing homes; Work to increase homeownership in the Cluster from 19% to 50% of all households.

Specifically, cluster report recommended that McDougall-Hunt; Preserve and rehabilitate existing housing; Develop new housing opportunities, Remove blighting influences, environmental hazards and dangerous structures and enhance the social, cultural, historical, and natural assets.

3. Blight Survey/Property Conditions

Based on a 2001 blight survey conducted by Windham Realty, Inc., the area contained 1035 vacant properties, 481 residential structures, 73 commercial/retail/office buildings, 40 garage, 24 institutional structures, and 3 industrial sites. The survey found 430 moderately blighted parcels (required minor repairs) 229 blighted parcels (required major repair or rehabilitation) and 44 severely blighted parcels (may require demolition). Very few housing structures were considered good or in standard condition.

Definitions

All categories were graded on a scale of 0-4. A four (4) was given as the score for the item if it is considered severely blighted, for example if the roof were completely missing. A roof would be graded a zero (0) if it were brand new. In the case of a home that does not have a porch, that feature will be grade NA. Based on the definition under each category, it is possible for the rating to fall between two categories. In these cases, a score of .5, 1.5, 2.5 or 3.5 was used.

Based on the State of Michigan Blighted Area Rehabilitation Act; 1945 PA 344, as amended, an area can be considered blighted even if it is undeveloped property. Areas located in the City are in an urban area with full municipal services available. The property is vacant only because of deterioration in the physical and economic condition of the neighborhood; therefore, vacant lots were individually assigned a score based on a specific definition.

Table 1. Blighted Survey Criteria

| Type of condition | Number of units | Rating Criteria | Recommended Treatment Strategy |
|--------------------------|------------------------|---|--|
| Moderately Blighted | 430 | Slight correctable defects with normal maintenance. Damage to porches, steps, roofs, mortar, concrete blocks, small cracks in walls or chimneys, cracked windows, and lack of paint, worn steps, doors, and door and window sills and frames. | Preservation: Provide low cost home improvement loans and subsidies through the MSHDA RAP Program. |

| Type of condition | Number of units | Rating Criteria | Recommended Treatment Strategy |
|-------------------|-----------------|---|--|
| Blighted | 229 | Intermediate defects requiring repair to provide safe and adequate shelter. Defects may include holes, open crack, rotted, loose, or missing materials in parts of the foundation, walls, or roof; broken, shaky, or missing steps or railings; numerous missing and cracked window panes, rotted or loose windows or doors, missing bricks or cracks in chimney. | Major Rehabilitation:

Provide low cost home improvement loans and subsidies through the MSHDA RAP Program.

Acquire and rehabilitate and resale vacant, yet sound structures to new homebuyers. |
| Severely Blighted | 44 | Serious defects making the building a safety hazard or unhealthy environment. These defects include holes, open cracks, rotted, loose or missing material overlarge areas of foundations, walls, sagging roofs, floors, or walls, extensive damage by fire or storm. Missing roofs, doors, windows and bricks. No persons living in the building. | Demolish dangerous structures and rebuild or redevelop based on proposed land use plan. |

Total Blighted 703 Structures

4. Description of Land Use Categories

The following are land-use descriptions for those categories shown on the Land Use and Development Plan. These descriptions include the general criteria for land use and intensity of development. Parking requirements for the following land uses are defined by the City of Detroit Official Zoning Ordinance unless otherwise specified under Section E-3-g, "Specific Parcel Requirements for sub-areas A-E".

a. Housing (H)

The housing category permits only the construction of new housing units and related development.

Single-family detached housing will be permitted in McDougall-Hunt on scattered parcels where surrounding residential densities are medium to low. Wherever single units are constructed adjacent and in proximity to existing housing units, the new construction must be compatible with the existing housing design. The maximum density permitted for single-family detached housing developed on a larger parcel (10 acres or more) is up to eight (8) dwelling units per acre.

Two-family dwellings, townhouses, row houses and garden apartment will be permitted. Where such housing parcels are large enough to allow development of clusters of two-family dwellings, townhouses row houses and garden apartments, the maximum density permitted will be sixteen (16) dwellings units per acre, and retail center parcels where maximum density may be twenty four (24) dwelling units per acre.

Mid-rise residential structures may be located primarily along Vernor, Chene, Mack and Mt. Elliott Avenue. Or located adjacent to or within a shopping center site, when adequate parcels are available.

Non-residential uses such as playlots, public walkways and residentially related commercial facilities may be permitted in those larger parcels to be developed for new housing.

Development on scattered open sites may occur in rehabilitation areas. A single-family house may be constructed on a parcel with not less than 40 feet of street frontage; however, it is preferable that new single-family or two-family units be sited on lots of not less than 50 feet of street frontage. All such lots should be at least 90 feet deep.

b. Private Residential Open Space or Parking (L)

Where parcels are too small for new housing development, and where these lots are located on streets of residential character, a designation of Private Residential Open Space or Parking is given. These parcels may be sold to one or both of the adjacent or nearby property owners for their use as landscaped lots, gardens, off-street parking, or driveways.

On street parking for one and two family units is permitted on one or both sides of the street especially to serve homes without driveways or garages. Where these parcels are located next to multiple dwellings, they may be sold for off-street parking areas for tenants of the multiple-dwellings. In such cases, the parking area

must be properly surfaced and screened along the perimeter with trees, shrubs, walls, or earth mounds, as per design standard.

c. Commercial (C)

The major commercial site proposed in McDougall-Hunt are parcels located in Area A and along Gratiot, Mack and Mt. Elliott. The intended use for this commercial parcel are for new neighborhood scale retail businesses. The type of uses permitted for these parcels will include low intensity retail, wholesale, general office, restaurants, hotel/inn and other local community commercial uses.

Thoroughfares commercial uses such as a grocery store, drug store, or other small stores in which the service area is 1/4 mile walking distance may be permitted within housing parcels along McDougall, Mack and Mt. Elliott.

d. Park and Open Space (P)

Parks, open space and recreational land uses are located throughout the McDougall-Hunt area. These existing facilities may be expanded, renovated or otherwise improved upon and complemented by the development of smaller parks and open spaces in conjunction with new construction. The Zender Place playlot, to the extent feasible, shall be relocated from Zender & Mt. Elliott to Zender and Ellery east of the alley. Property must be assembled on Hunt Street (bounded by Elmwood and Moran) to develop a new neighborhood community center to serve the area in partnership with the City of Detroit, the Detroit Board of Education at the Santoro Calcatara Memorial Playfield, and for profit and non-profit investors.

e. School (S)

This land use category is for the possible development of new schools or the expansion of existing school facilities.

f. Institutional (I)

This land use category is for the proposed construction of Churches in the McDougall-Hunt Area and Community Center or for a non-public recreation/community center.

5. Proposed Land Use

Pursuant to Public Act 344 — Section 4, Subsection (3)(b) requires that the Development Plan contain “a plan of the general features of development of the district within which the development area lies and of other districts adjacent to the development area, of such extent, content, and particularly as is necessary to the coordination of the development area plan with the future development of the territory surrounding the development area, or, if no future development is planned, then in coordination with the present development.”

(Refer to the “Proposed Land Use Map” attached — Exhibit E).

The land use map is entitled “Proposed Land Use” and it shows the future land uses for areas in which redevelopment will occur. The land use categories shown on the map, which are described below, include housing, parking, commercial, park and public open space, school and institutional.

Each of the six sub-areas (A-F) was given at least one land use category for new development, which is the primary use designation. Many development areas also have at least one secondary, or alternate use. A primary land use designation is the preferred new development for a redevelopment area. Every attempt will be made to develop a parcel in accordance with the primary use. If, however, conditions do not exist for the proper development of a parcel in accordance with the primary use, the parcel may be developed in a manner consistent with the secondary use.

6. The Circulation Plan

The vehicular circulation system proposed for McDougall-Hunt is formed by three primary boundary thoroughfares: Gratiot on the north, Vernor Highway on the South, and Mt. Elliott on the east. These streets will handle peripheral traffic with minor penetration into the residential areas. Mack, Charlevoix, Chene, and McDougall are four streets, which will serve as feeders to and from the boundary streets. This system of primary and secondary streets can best serve the community and reduce traffic on the existing east-west residential streets.

The east-west streets shall be upgraded to existing standard in order to improve traffic and reduce pedestrian conflicts. All streets in close proximity to schools should have designated, signed, and painted pedestrian walkways. The plan will include improvements to these primary and secondary streets so that they may function efficiently.

The following traffic improvements shall be considered during implementation of the plan:

1. The traffic controls and lights at the corner of Mack and Gratiot are confusing

and should be altered to include a green arrow for left turns.

2. Add stop signs at the intersection of Charlevoix/Elery and Charlevoix/Elmwood and Mack/Elery to assure safer crossing for school traffic.

3. A public transit shelter with modern trip management information to assist riders in managing both public and private transportation offerings from the City of Detroit Department of Transportation, SMART, local taxis, and special transportation programs.

7. Natural Environment and Public Safety Hazards

It is the objective of the McDougall Hunt Neighborhood Preservation and Redevelopment Plan to remove environmental and public safety hazards, preserve the natural environment, and to develop an attractive, and healthy living environment. The plan calls for a coordinated effort by the City of Detroit Department of Environmental Affairs, Buildings and Safety Engineering, Public Services, and the community to implement the following targeted code enforcement activities that remove public safety and environmental hazards:

1. Remove dangerous buildings that cannot be redeveloped or rehabilitated.

2. Remove and clean illegal dumping sites.

3. Remove illegal and abandoned cars, equipment, and debris.

4. Remove environmental hazards from sites containing leaking underground tanks.

5. Remove illegal non-conforming land uses that interfere with residential living.

6. Replace diseased street trees with healthy, viable trees.

7. Install pedestrian level street lighting on residential streets.

8. Preserve natural features, trees and open space where feasible in new in-fill development sites, especially in Areas A & B. New play lot/common area open space shall be developed and maintained in multiple family developments and areas where at least ten new in-fill sites are to be developed. These areas should be well lit and maintained in perpetuity by the property owners, developers, and community associations as open community space.

9. Remove illegal signage and enforce ban against outside merchandising on sidewalks (used or resale equipment and appliances).

8. Site Improvements

In order to facilitate redevelopment and rehabilitation activities, the City in partnership profit and non-profit investors, will include various public improvements in the McDougall-Hunt area. These improvements will include the following items where necessary:

- Street paving and resurfacing;
 - New curbing and sidewalks;
 - Street and alley lighting;
 - Tree planting in right-of-way margins;
- All streets and alleys depicted on Map 8 — Right of Way Adjustment Plan shall be repaved and/or vacated.

Gratiot and Mt. Elliott Avenue will be given special consideration for a coordinated plan of tree planting, sidewalk design, lighting and street furniture.

8. Utilities

Public and private utilities will be upgraded to accommodate new and existing development in McDougall-Hunt. All public and private utilities directly serving the new redevelopment areas shall be underground. The Right-of-Way Adjustment Plan indicates the locations of streets and alleys to be vacated.

9. Building Setbacks

All buildings will have a minimum setback of 20 feet from street right-of-ways and a setback of 10 feet from side lines of property except where common use or ownership conditions of adjacent parcels permit harmonious development with a lesser or no setback, as determined by the Planning and Development Department.

10. Zoning

The Proposed Zoning Plan (Map D) indicates the changes that are necessary in order to properly utilize land in conformity with the adopted Disposition Plan (Map E). In some instances, the development proposed may be of such size, scale and/or complexity that it may require that Planned Development (PD) District classification be indicated.

D. Urban Renewal Techniques to be Used to Achieve Plan Objectives

1. Rehabilitation

a. The rehabilitation of properties will be permitted under the following conditions:

1) They are economically feasible for rehabilitation;

2) They are located in an area that is marketable for housing;

3) They are located in an area that gives evidence of vitality, assuring that rehabilitation activities will restore the area to a long-term sound condition;

4) They are not in an area that qualifies as being substantially substandard, with probable future treatment being redevelopment;

b. The Rehabilitation Objectives and Project Standards are a part of the McDougall-Hunt Modified Development Plan and are attached as Section J in this text.

2nd Modified McDougall-Hunt Development and Neighborhood Preservation Plan.

E. Land Disposition

GENERAL REQUIREMENTS

The following are requirements and restrictions, which apply to parcels sold in McDougall-Hunt except individual lots sold

to nearby property owners. Restrictions for vacant lot sales are listed separately.

Compatibility with Existing Dwelling Units

All new single and two family structures must conform to the adjacent two family structures relative to floor area, front yard, side yard, volume, and use of materials. The floor area of the proposed unit shall be no less than 80% of an average floor area which is calculated from the floor areas of the eight (8) nearest dwelling units to the proposed unit. The front yard and side yard setbacks shall be consistent with the existing setbacks on the street.

Development Density

Overall development density for McDougall-Hunt shall not exceed 24 dwelling units per acre. Low density multiple family developments shall consist of 8-16 dwellings units per acre. Multiple family dwellings may be located on zoning lots of at least seventy (70) feet in width and 7,000 square feet in area. The proposed residential zones in this plan provide for low and medium density development.

Parking and Loading

Shared parking facilities, where feasible, should be used to reduce on-street parking especially in residential areas where there are no driveways. The shared facilities should be signed, regulated, and maintained to allow easy access to community and public facilities.

On street parking for single family or two family units is permitted on one side of the street especially to serve homes without driveways or garages.

Parking, except that provided for guests and deliveries, must be enclosed within structures or garages or suitably screened and landscaped from view.

All loading will take place off of the street right-of-way so as not to cause traffic congestion.

All parking and loading areas and drives and access will be surfaced with a pavement having an asphaltic or cement binder or similar material so as to provide a permanent, durable and dust less surface.

Except for single family detached units, all guest parking areas at or above grade shall be suitably screened with walls, earth mounding or dense plantings.

Ingress and egress to parking areas of schools and shopping facilities shall be located so as to not be in conflict with residential neighborhood environment.

Signs

No signs shall be erected which do not pertain to activities conducted on the parcel upon which they are located. The size, location and general design of all signs permitted shall be subject to approval of the Planning and Development Department.

Underground Utility Lines

All utility equipment, including facilities for transmission or distribution of gas,

electricity, steam, water or communications, except fire hydrants, lighting standards, meters and electric transformers will be located underground or enclosed entirely within a building. In the residential parcels only, where low-rise dwelling units are developed, certain utility equipment such as transformer boxes may be located above ground provided that it be screened from public view-subject to approval of the Planning and Development Department.

Easements for sub-surface utilities shall be maintained at locations shown on the Modified Right-of-Way Adjustment Plan. Additional easements for sub-surface utilities shall be provided by the developer as required for development on his property, subject to the approval of the utility companies and/or municipal departments affected. No structures may be erected or trees planted within these easements without permission of the Planning and Development Department, and approval of the municipal departments affected.

Outdoor Utility Equipment

Outdoor meters, air conditioning equipment, and satellite or TV antennas shall be incorporated in the design and be as unobtrusive as possible. Meters and transformer boxes on residential parcels may be located above the ground provided that they are screened from view. The location of these meters and transformers and the screening treatment used shall be subject to approval by the Planning and Development Department.

Open Space and Landscaping

All residential parcels except lots for single-family detached units shall have at least 10% of the site, exclusive of area devoted for parking, landscaped as common recreational open space.

All non-residential parcels shall have at least 10% of the site, exclusive of area devoted for parking, landscaped as open space suitable to the character of the development.

Existing Trees

Every effort should be made to preserve the mature, healthy trees in McDougall-Hunt. All trees should be fenced during construction, and no trees may be removed unless previously so designated on approved site plans.

General Appearance and Arrangements of Sites

All land not utilized for buildings and paving shall be landscaped according to approved site plans.

Landscape buffering shall be provided where there is a transition between residential and non-residential land use in order to protect the residential neighborhood environment.

All storage of material will take place within the buildings unless other arrangements are specifically approved by the

Planning and Development Department.

The arrangement of buildings on the site will provide for adequate light, air circulation and a maximum amount of privacy (in terms of overlooking and noise transmission) for the subject property and adjacent properties.

All new single and two family structures shall have off-street parking in accordance with the City of Detroit Official Zoning Ordinance 390-G. A 9 ft. by 20 ft. paved parking area is to be constructed in the rear of the property if the dwelling is constructed without an attached garage. If the dwelling has an attached garage, there must be paved access or a driveway from the street to the attached garage.

Fences

All residential property line fences shall be of materials, which reflect or harmonize, with residential character of the surrounding buildings. Chain link or similar metal fences shall be allowed only inside a rear yard for enclosures.

Servicing, Waste Disposal and Exterior Storage

All servicing facilities shall be enclosed within structures so as to be shielded from public view. All waste shall be stored within structures, and shall be completely screened from public view; no exterior storage of a temporary or permanent nature will be permitted.

Review of Plans

Prior to applying for a building permit for all-present and future construction, exterior alterations, and changes of use, plans shall be submitted to the Planning and Development Department in sufficient detail to permit a determination that the construction is in compliance with the Development Plan. P&DD shall be responsible for consulting with the appropriate City agencies to obtain all relevant agency approvals prior to the developers applying for a building permit. If, after examination, the Department finds that the plans conform to Development Plan and these restrictions, it shall formally approve the plan and also arrange for the processing of other agencies as appropriate.

RESTRICTIONS ON VACANT LOT SALES

The following restrictions and requirements apply only to the sale of individual vacant lots to nearby property owners for their use.

Permitted Uses

The following uses shall be permitted:

1. Landscaping including trees, shrubs, grass, fencing and limited amount of hard surface materials.
2. Flower and vegetable gardens.
3. Attached garage.
4. Side drive to allow off-street parking of one space per dwelling unit for the adjacent residential structure.
5. Screened paved parking area (for

adjacent multiple dwelling structures of four units or more.)

6. Addition to the principal structure that does not add to the number of dwelling units.

Uses: Not Permitted

The following uses shall not be permitted:

1. Housing units — either in the form of an addition or a detached new housing unit.
2. Commercial uses.
3. Hard surface material covering the entire parcel, except for parking as prescribed in #5 above.

All vacant lots sold to nearby property owners must be developed in accordance with one of the permitted uses. Lots kept in an unmaintained condition will not be permitted.

REDEVELOPERS OBLIGATIONS

The land owned by the City of Detroit will be disposed of between the City and the redeveloper in accordance with the existing procedures. Land disposition and review of redeveloper's plans will consider that:

1. Land disposition documents will incorporate provisions for achieving all elements of the 2nd Modified McDougall-Hunt Development Plan including the Development Objectives, through:

Fair market price offering with the Development Goals & Objectives as a criteria for selecting the redeveloper; or through negotiation where the objectives are determining factors' or by means to allow for experimentation and freedom of architectural expression; no preconceived method of construction of architectural treatment is established. The developer's proposal will be judged by the performance standards to be set forth in the disposition documents and will be evaluated in terms of urban design relationship to the total project and architectural treatment of the proposed development.

2. Disposition documents shall spell out in detail the criteria to be met in order to achieve the development plan objectives.

3. Land disposition documents may also include provisions for insuring initiation and completion of construction within the reasonable period of time after the effective date of contract, as determined by the type of redevelopment to be undertaken.

4. Land disposition documents shall also include a specific Declaration of Restrictions to be recorded and binding upon any sale of lease for the purpose of implementing these provisions, requirements and development and design objectives which apply throughout the area.

5. The development parcels will be sold by the Planning and Development Department after review by the McDougall-Hunt Citizens District Council,

the Detroit Housing Commission, and the Detroit City Council.

6. All residential developers in cooperation with the City of Detroit shall insure, to the extent possible, that a reasonable number (at least 20%) of the total housing units built in the McDougall-Hunt Development area shall be for sale or rent at prices that low and moderate income families can afford.

7. All developers shall insure, to the extent possible, that residents relocated as a direct result of implementing the McDougall-Hunt Plan receive priority consideration for housing built for sale or rent in the McDougall-Hunt District.

F. OTHER PROVISIONS NECESSARY TO MEET REQUIREMENTS OF APPLICABLE STATE OR LOCAL LAW.

1. As required by Act 344 of Public Acts of 1945, as amended, the Rehabilitation of Blighted Areas Act, the *Master Plan (Section 4(3)(a))* of the City of Detroit is a requisite and basis for the McDougall-Hunt Development Plan (Section 4(9)(a)).

2. As required by Act 344 of Public Acts of 1945, as amended, the Rehabilitation of Blighted Areas Act, *Formation of the Citizens' District Council (Section 4(5)(a-d))* as required:

Citizens district councils are governed by the following:

(a) Except as otherwise provided in this subdivision, for each district area, a citizens district council of not less than 12 nor more than 25 members shall be selected in a manner that ensures that the citizens district council is to the maximum extent possible representative of the residents of the area and of other persons with a demonstrable and substantial interest in the area. The majority of the citizens' district council shall be composed of citizens living in the development area.

The McDougall-Hunt Citizens' District Council was organized in 1978 in accordance with the Blighted Area Rehabilitation Public Act 344 of 1945 as amended and the City of Detroit Code of Ordinances 1964, Section 2-10-21.

3. As required by Act 344 of Public Acts of 1945, as amended, the Rehabilitation of Blighted Areas Act, the *Consultation between local official and Citizens' District Council (Section 4(6))* as required:

The local official responsible for preparation of the development plan within the district area shall periodically consult with Citizens' District Council regarding all aspects of the plan. The consultation shall continue throughout various stages of the development plan including final implementation of the plan. A local commission, public agency, or local

legislative body shall not approve any development plan for a development area unless there has previously been consultation between the citizens' district council and the local officials responsible for the development plan.

The City of Detroit Planning and Development Department will review all development plans within the district area. Prior to final site plan approval and sale of development parcels, P&DD will consult with the citizen's district council. All land sales shall be reviewed by the Detroit Housing Commission and approved by Detroit City Council.

Before adoption of a development plan, the local legislative body shall hold a public hearing, which hearing shall comply with the following:

(a) Notice of the time and place of the hearing shall be given by publication in a newspaper of general circulation not less than 30 days before the date set for the hearing. Notice of the hearing shall be distributed in the blighted area at least 25 days before the hearing. Notice of hearing shall be mailed at least 25 days before the hearing to the last known owner of each parcel of land in the blighted area at the last known address of the owner as shown by the records of the assessor. The notice shall contain a description of the development area. For the purposes of this notice it shall be sufficient to describe the boundaries of the development area by its location in relation to highways, streets, streams or otherwise. The notice shall further contain a statement that maps, plats, and a particular description of the development plan. This description shall be made available for public inspection at a place to be designated in the notice, and that all aspects of the development plan will be open for discussion at the public hearing.

Refer to 2nd Modified McDougall-Hunt Rehabilitation Plan Public Hearing Notice.

4. The following items of the 2nd McDougall-Hunt Rehabilitation Project are hereby made part of the *Development Plan (Section 4(9)(a-c))* as required by Act 344 of the Public Acts of 1945; as amended, the *Rehabilitation of Blighted Areas Act*:

"The local legislative body shall adopt a development plan after consultation with a citizens' district council, if required, and a public hearing on the development plan as provided in subsection (11), for the development area in which the land proposed to be acquired is located or for the effectuation or protection of which development the proposed land acquisition is deemed necessary."

a. "The plan shall comply with the following:

i. **Designate the location and extent of streets and other public facilities within the area.** See Existing Land Use Map — Exhibit B.

ii. **Designate the location, character, and extent of the categories of public and private land uses proposed for and within the area such as residential, recreation, business, industry, schools, open spaces and others.** See Exhibit E, Proposed Land Use Map, and Exhibit C, Proposed Zoning Map.

iii. **Include a feasible method for relocation of families who will be displaced, demonstrating that standard housing units are or will be available at rents or prices within their financial means, in reasonable convenient locations not less desirable than the development area.** N/A.

iv. **Include such other general features of the proposed rehabilitation as determined by City Council**". See Section J Rehabilitation Standards.

b. **"The plan shall designate the location, extent, character, and estimated cost of the improvements contemplated for the area."**

Plan Budget (Refer to Exhibit G).

Implementation of the 2nd Modified McDougall-Hunt Rehabilitation Plan will involve financing from public, private, and non-profit sources that leverage Empowerment Zone, MSHDA, and City of Detroit resources. The City of Detroit reinvestment for the area is at least \$8.39 million and includes estimated costs of demolition of blighted properties, street improvements, community and public facility improvements, minor/major home repair and capacity building for community housing development organizations involved in the HOME program.

c. **"The plan shall include:**

i. **Estimates of the number of persons in the development area.**

According to the 2000 census, the McDougall-Hunt Neighborhood has a total population of 1,832, compared with 2,451 in 1990. The residential area has seen a fairly dramatic decrease in population over the past 10 years. This was over a 25% decrease in the population for the Census Tract.

ii. **Estimates of the number of families and individuals to be displaced.** N/A.

iii. **Survey of income and racial composition.**

According to 2000 Census 95.7% are black and 2.1% are white.

There is a total of 600 households within the census tract. Although the median age of the population is 36.9%, more than 255 (13.9%) were 65 years or more. The neighborhood had a higher percentage of the elderly than the City of Detroit (10.4%). The McDougall-Hunt community has a median household income of

\$23,962 (it was \$12,561 in 1990). The tract's unemployment rate is 9.2% compared to 32.1% in 1990.

iv. **Statistical description of the housing supply in the community, including the number of units in existence or under construction.**

(1) In 1990 there were 1069 housing units with 133 vacancies (12.4%).² According to the 2000 Census there is now only 771 housing units, with 141 vacant (19.0%).³

(2) **The annual rate of turnover of types of housing/absorption rate (Contract Real Estate Community).**

(3) **The range of rents and sales prices.**

Per the 2000 Census, the median rent for the area is \$402 with the median value for owner-occupied units at \$23,000. Based on a review of the rents or sales of comparable new and existing housing in adjacent housing market areas, rents may range from \$241 per month to \$850 per month depending on their market focus and financing base. Sale prices of existing homes built between 1920 and 1949 average \$36,500 in the area generally defined east of Woodward to Van Dyke and from Lafayette Boulevard to I-94. Commercial office growth in the Central Business District and the eastern fringe of downtown area will create demand for market rate and affordable housing. Office and Institutional new construction by entities such as General Motors, will increase the demand for new single-family and multiple-family housing accessible to downtown job markets.

Based on the existing land use, demand generated for replacement housing by current residents, housing quality, and unmet demand in other areas, McDougall-Hunt can accommodate a concentration of market and affordable housing i.e. market rate lofts, senior, transitional, and single room occupancy housing.

v. **Estimates of total demand for housing in the community.**

Commercial office growth in the Central Business District and the eastern fringe of downtown area will create demand for market rate and affordable housing. Office and Institutional new construction by entities such as General Motors, will increase the demand for new single-family and multiple-family housing accessible to downtown job markets.

Based on the existing land use, demand generated for replacement housing by current residents, housing quality, and unmet demand in other areas, McDougall-Hunt can accommodate a concentration of market and affordable housing i.e. market rate lofts, senior, transitional, and single room occupancy housing.

The McDougall-Hunt Rehabilitation

Area is located within a viable housing market for residential investment. Local demand for upgraded and new housing will be generated by existing residents requiring replacement housing due to demolition, fire, overcrowding, and deterioration.

vi **“Estimated capacity of private and public housing available to displace families and individuals”**. N/A.

5. The following items of the 2nd McDougall-Hunt Rehabilitation Project are hereby made part of the Development Plan as required by Act 344 of the Public Acts of 1945; as amended, the Rehabilitation of Blighted Areas Act:

a. Project District/Development Area Plan (Section 4(4)). (See Exhibit A).

b. The Existing Zoning Map. (See Exhibit C).

c. The Proposed Zoning Map. (See Exhibit D).

d. The Proposed Land Use Map (Section 4(3)(b)). (See Exhibit E).

e. The Estimated Cost of Public Improvements detailed in the Expenditures Budget. (See Exhibit G).

f. The Right-of-Way Adjustment Map: All streets and alley depicted on Exhibit F — Right-of-Way Adjustment Plan shall be vacated or repaved.

I. **PROCEDURE FOR CHANGES IN APPROVED PLAN**

According to Public Act 344, Section 10; also City Code Section 14-1-1, on and after the date when a plan has been approved, no permit shall be issued for work or work done in the area which is not in accordance with the plan officially adopted and made effective by Detroit City Council. Should the owner of real property in the area demonstrate that application of the plan results in unnecessary hardship or practical difficulties, then a minor deviation from the development plan is required. The Board of Zoning Appeals, has the power to grant minor deviations (variances). Before taking any such action, the board shall hold a public hearing, at least 10 days' notice of the time and place shall be given by public notice to all property owners within 200 feet of the property in question. Such notice is to be by mail addressed to the respective owners at the address given in the last assessment roll.

J. **REHABILITATION STANDARDS**

1. The attached section (J-I) entitled “Residential Rehabilitation Objectives” is intended to indicate desirable modifications beyond the absolute requirements of the Program in cases where the Owner of the Property to be rehabilitated seeks financial assistance from the City.

2. Minor repair and emergency repair programs and projects designed to preserve the life of existing structures and enhance the appearance of the neighborhood are recommended. These activities,

typically funded by City of Detroit and MSHDA resources, may be targeted to existing owner-occupants. Volunteer paint, beautification, and clean-up programs can be used to help older existing owner occupants.

3. Major rehabilitation programs targeted to existing property owners (both existing owner occupants and rental properties) are recommended to correct code violations and make exterior improvements. These activities should leverage both loan and grant resources to upgrade existing properties. A neighborhood based revolving loan program designed to support owners unable to secure loans is recommended. Acquisition and rehabilitation of existing vacant properties is recommended for resale to eligible home buyers.

The majority of the remaining housing requires major rehabilitation or repair. Access to affordable rehabilitation financing, although limited, is available from the City of Detroit, Michigan State Housing Development Authority, Empowerment Zone Financial Institutions consortium and other financial sources.

The availability of funding for major rehabilitation will be contingent upon the appraised value based on the completed repairs. The combined factors of the cost of major rehabilitation and the post rehabilitation appraised values make financing major rehabilitation of the existing housing stock difficult with conventional financing sources.

J-1

July 21, 2003

Honorable City Council:

Re: Petition No. 918 — Kales Building LLC, for installation and maintenance of a pedestrian tunnel extending from the Grand Circus Parking Garage to the Kales Building at 76 W. Adams.

Petition No. 918 of "Kales Building LLC," requests permission to install and maintain encroachment(s) consisting of a Pedestrian Tunnel and a proposed Canopy, within West Adams Street, 60 feet wide, between Woodward Avenue, 120 feet wide and Park Avenue, 60 feet wide. The proposed Pedestrian Tunnel will penetrate a portion of the northern property line of Grand Circus Park, then connecting to the existing underground parking structure. Therefore, within the attached resolution, the City of Detroit Recreation Department requests your Honorable Body's approval of that part of the encroachment within Grand Circus Park. In order to excavate and construct the Pedestrian Tunnel within W. Adams and Grand Circus Park, a Temporary Construction Easement will be created to facilitate the installation.

The Petitioner also requests that your Honorable Body approve existing encroachments into the public rights-of-way as shown on the ALTA/ACSM Land Title Survey; Drawing No. 24-169, created by George Jerome & Co., provided to City Engineering by the Developer.

The Pedestrian Tunnel layout has been designed in order to minimize disturbance of existing underground utilities. The sub-surface Pedestrian Tunnel Encroachment will be approximately 10' wide by 8' high connecting the Kales Building at the corner of Park Avenue and West Adams and the underground parking structure located in Grand Circus Park, being between 3' and 20' in depth under the existing W. Adams roadway grade. Then continuing within the park property to a point within said parking structure.

The proposed Canopy encroachment will be 17' wide extending 14.5' into the north line of W. Adams right-of-way about 12' to 13' above the sidewalk grade.

The existing encroachments into the public rights-of-way the Petitioner proposes to maintain are as follows:

- 2-Window Sills approximately 0.40 feet into W. Adams.
- Vent Pipe approximately 1.00 feet into W. Adams.
- 2-Sign frames approximately 0.80 feet into W. Adams.
- 2-Sign frames approximately 0.80 feet into Park Ave.
- Decorative Trim approximately 0.40 feet into Park Ave.
- 2-Areas of Decorative Trim approximately 0.40 feet into the Public Alley.

- Steel Pipe cover approximately 0.66 feet into the Public Alley.

- Fire Escape approximately 5.08 to 5.23 feet into the Public Alley.

- 2-Vent pipes approximately 0.95 feet into the Public Alley.

- Building encroaches approximately 0.06 feet (max.) into the Public Alley.

The petition was referred to the City Engineering Division — DPW and the Recreation Department for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports the proposed changes in public rights-of-way will not affect DWSD services. There appear to be no existing DWSD facilities in the involved area. DWSD has no objection to the requested encroachments. Whenever DWSD facilities are involved, minimum clearances must be maintained and DWSD provisions for encroachments must be followed.

The Public Lighting Department (PLD) has had meetings with the developer to work out a solution for the previous PLD objections to the requested changes in public rights-of-way. The petitioner has submitted a revised sketch and letter explaining the deviation from the original submittals. Based on these discussions the developer has made the following commitments and the PLD has no objections once completed:

- The pedestrian tunnel will be rerouted so as to avoid relocation of PLD installations.

- The tunnel elevations will be redesigned to maintain proper vertical clearance from PLD conduit banks.

- Detailed design drawings will be forwarded to PLD Engineering Division to make sure that PLD specifications are complied with.

The Traffic Engineering Division — DPW reports having no objection to the requested changes in public rights-of-way, provided that the following requirements are complied with:

- A provision for complete access for disabled persons must be incorporated in the tunnel walkway design.

- Separate, prior approval shall be obtained for any construction plans including but not limited to traffic detour plan for W. Adams and other impacted streets in the area.

- It shall be insured that after construction, W. Adams is restored to its original condition.

DTE Energy/MichCon Gas Company reports no objections to the changes in public rights-of-way provided developer & contractor contact, prior to construction beginning, Michcon's Public Improvement Department at 313-577-7323 to coordinate crossing 4" HP (150 psig) gas main. DTE Energy/MichCon Gas Company

records indicate VERY CLOSE PROXIMITY TO EXISTING 4" GAS MAIN WITH THE PROPOSED ENCROACHMENT.

SBC will require access to maintain existing conduit runs within W. Adams Ave. right-of-way.

DTE/Detroit Edison reports that arrangements have been made with the contractors for the developer, to encase existing Fiber Duct in concrete, at a cost of approximately \$30,000.00. The contractor will be responsible for supporting the duct run throughout the excavating process.

The Petitioner or its assigns must obtain permits from City Engineering Division — DPW for any street openings, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install and/or maintain the encroachments. The Petitioner will be required to make use of "MISS DIG" facilities before the placement of any encroachments(s), and then become a participating member of that organization. This will minimize the chance of damage to the underground tunnel beneath W. Adams.

City Engineering Division — DPW also requires the Petitioner to submit certified "as built" drawings, a map and survey, showing the exact location of the completed encroachments.

All other involved City departments and privately owned utility companies have reported no objections to the proposed encroachments. Where appropriate provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
SUNDAY JAIYESIMI
City Engineer

Honorable City Council:

Re: Resolution authorizing the issuance and sale of not to exceed \$180,000,000 Convention Facility Special Tax Revenue and Revenue Refunding Bonds (Cobo Hall Project), Series 2003.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing monies for additional improvements to Cobo Hall and improvements to certain facilities of the Detroit People Mover within Cobo Hall. Additionally because of a continued decline in interest rates, additional amounts of previously issued Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

It is anticipated that the sale will occur late September. Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

Section 302. Designations, Dates, Interest Rates, Maturities, Redemption and Other Terms of the 2003 Bonds.

(a) The Finance Director shall determine to issue the 2003 Bonds in one or more series. The 2003 Bonds of each series shall be designated as provided in Section 301 and may bear such later dates and additional or alternative designations as the Finance Director may determine in the Sale Order, shall be issued in fully registered form and shall be consecutively numbered from "RA-1" upwards, unless otherwise provided by the Finance Director in the Sale Order. The 2003 Bonds shall be dated and issued in such denominations, all as determined by the Finance Director and confirmed by the Finance Director in the Sale Order.

(b) The 2003 Bonds of each series shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined by the Finance Director and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the 2003 Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the 2003 Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the 2003 Bonds of each series shall be payable on the 30th day of each March and September (such 30th day of March or September or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on 2003 Bonds, an "Interest Payment Date"), commencing on March 1, 2004 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The 2003 Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day

(a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Trustee on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of 2003 Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Trustee to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Trustee.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Trustee (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Trustee, or may be paid at any time in any other lawful manner. The Trustee shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the 2003 Bonds shall be payable to the Owners of the 2003 Bonds upon the presentation of the 2003 Bonds to the Trustee at the principal corporate trust office of the Trustee.

(g) The 2003 Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the 2003 Bonds shall not exceed 3%.

Unless waived by any registered owner of 2003 Bonds to be redeemed, official notice of redemption shall be given by the Trustee on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where 2003 Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Trustee in such manner as may be required or suggested by regulations or market practice at the applicable time, but

no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the 2003 Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the 2003 Bonds shall not be later than five (5) years from the date of issuance (except for 2003 Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance of each series as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the 2003 Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or refinanced or (ii) 15 years after the date of issuance.

(2) The compensation to be paid to the Underwriters of each series of the 2003 Bonds shall not exceed 2% of the original principal amount of the related series of 2003 Bonds.

(4) To the extent permitted by applicable law, each series of the 2003 Bonds may be sold with an original issue premium in an amount as determined by the Finance Director; provided, that the aggregate amount of 2003 Bond proceeds plus net original issue premium plus the principal amount of the Other Outstanding Bonds shall not exceed the maximum amount of 2003 Bonds allowable under Act 106.

After the 2003 Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing

the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Trustee for authentication and delivery in connection with the exchange or transfer of 2003 Bonds. The Trustee shall indicate on Each 2003 Bond the date of its authentication.

All 2003 Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Trustee.

Section 308. **Registration.** The City and the Trustee may treat and consider the Bondowner of any 2003 Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. **Mutilated, Destroyed, Stolen or Lost Bonds.** (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Trustee or the City and the Trustee and the City received evidence to their satisfaction of the destruction, loss or theft of any 2003 Bond and (ii) there is delivered to the City and the Trustee such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Trustee that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Trustee shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. **Book-Entry Only System Permitted.** (a) If determined by the Finance Director, the 2003 Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the

book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Trustee receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the 2003 Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Trustee, and, in either event, the City and the Trustee shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the 2003 Bonds. Whenever the Security Depository requests the City and the Trustee to do so, the Finance Director on behalf of the City and Trustee will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging 2003 Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the 2003 Bonds are held pursuant to the book-entry-only system maintained by the Security Depository.

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Trustee to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the 2003 Bonds and interest on the 2003 Bonds shall be made in such manner as shall be prescribed by the Security Depository.

ARTICLE IV SPECIAL COVENANTS

Section 401. **Tax Exemption Covenant.** The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the 2003 Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. **Arbitrage Covenant.** (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the 2003 Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the 2003 Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the 2003 Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the 2003 Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the 2003 Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

ARTICLE V FUNDS AND ACCOUNTS; DISPOSITION OF BOND PROCEEDS

Section 501. **Establishment of Accounts and Funds.** The City hereby establishes and creates the following special, separate and segregated sub-accounts and funds which shall be held for and on behalf of the City by the Trustee under the Original Bond Resolution:

A. Bond Issuance Fund as a sub-account of the Acquisition Fund;

B. Escrow Fund as a sub-account of the Debt Service Account.

Section 502. **Debt Service Fund. A.** From the proceeds of the sale of the Bonds there shall be set aside in the Debt Service Fund established under Section 702 of the Original Bond Resolution the accrued interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds.

B. From the proceeds of the Bonds there shall be set aside in the Debt Reserve Account established under Section 702(1)(ii) of the Original Bond Resolution, an amount determined in the

Sale to be sufficient to satisfy the Debt Reserve Account Requirement for the Bonds and the Other Outstanding Bonds, if any.

Section 503. **Bond Issuance Fund.** From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Acquisition Fund.

Section 504. **Escrow Fund.** After making the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the sale of the Bonds and any moneys transferred by the City at the time of delivery of the Bonds from the Redemption Account constituting Additional Revenues under Section 703(H) of the Original Bond Resolution into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corpo-

rate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. **Acquisition Fund.** After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the 2003 Bonds shall be deposited in the Acquisition Fund established under Section 204 of the Original Bond Resolution. Except for investment pending disbursement and as hereinafter provided, moneys in the Acquisition Fund shall be used by the City solely and only to pay the costs of the 2003 Project as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code. The Finance Director is hereby authorized and directed to expend money from the Acquisition Fund for costs of the 2003 Project, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code. The Trustee shall disburse moneys from the Acquisition Fund in accordance with the requirements specified in Section 204 of the Original Bond Resolution. Upon payment of all costs of the 2003 Projects, any balance in the Acquisition Fund shall be transferred to the Debt Service Account or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. **Investment of Monies in the Funds and Accounts.** The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction, the requirements of the Original Bond Resolution, and in such investments and to the extent permitted by applicable law.

ARTICLE VI THE TRUSTEE

Section 601. **Trustee.** The Trustee for the 2003 Bonds shall act as bond registrar, transfer agent and paying agent for the 2003 Bonds and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan pursuant to the Original Bond Resolution. The Trustee means and includes any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. Subject to the requirements of the Original Bond Resolution, the Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Trustee and enter into an agreement therewith for such services.

ARTICLE VII REIMBURSEMENT PROVISIONS

Section 701. **Advancement of Costs of the 2003 Projects.** At the direction of the Finance Director, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the 2003 Bonds. The City intends to reimburse itself for any costs of the 2003 Projects paid or incurred by the City prior to the issuance of the 2003 Bonds with proceeds of the 2003 Bonds. The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of 2003 Bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below.

Section 702. **Reimbursement Declarations.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. Section 1.150-2 pursuant to the Code:

(a) As of the date hereof, the City reasonably expects to be reimbursed for the expenditures described in (b) below with a

portion of the proceeds of the 2003 Bonds, as debt to be incurred by the City.

(b) The expenditures described in this paragraph (b) are for the costs of acquiring, constructing and equipping the 2003 Projects, together with the sites therefor and all necessary appurtenances and attachments thereto which were or will be paid subsequent to sixty (60) days prior to the date of adoption hereof from the general funds of the City.

(c) The maximum principal amount of debt expected to be issued for the 2003 Projects, including issuance costs, is \$65,000,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the 2003 Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the 2003 Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), i.e., any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the 2003 Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the 2003 Projects, but do not include land

acquisition, site preparation, and similar costs incident to commencement of construction).

**ARTICLE VIII
OTHER PROVISIONS OF GENERAL
APPLICATION**

Section 801. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the 2003 Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the 2003 Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the 2003 Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to all or any portion of the 2003 Bonds, of either series or the Other Outstanding Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds or the Other Outstanding Bonds with

Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 802. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the 2003 Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the 2003 Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 803. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the 2003 Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the 2003 Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 804. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the 2003 Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary and a Final Official Statement and other

offering materials to be used in conjunction with the sale or offering of the 2003 Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the 2003 Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the 2003 Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the 2003 Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the 2003 Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the 2003 Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 805. **Act 34 Approval of the 2003 Bonds.** The 2003 Bonds shall neither be sold nor issued unless and only so long as the issuance of the 2003 Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 806. **Approving Legal Opinions with Respect to the 2003 Bonds.** Sale of the 2003 Bonds determined by the Finance Director to be issued on a tax-exempt basis shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the 2003 Bonds and the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 807. **Sale of Bonds/Good Faith Check.** (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the 2003 Bonds at a negotiated sale. The 2003 Bonds shall be sold by

negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the 2003 Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the 2003 Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof, or not, whether to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the 2003 Bonds.

Section 808. **Delivery of 2003 Bonds.** Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the 2003 Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 809. **Official Statement.** The Finance Director is hereby authorized to execute the final Official Statement supplements thereto, if any or other offering materials with respect to the 2003 Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Final Official Statement supplements thereto or other offering materials to be used in conjunction with the sale or offering of the 2003 Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the 2003 Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 810. **Escrow Deposit Agreement and Verification Agent.** The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities

and cash amounts to be deposited in the Escrow Fund.

Section 811. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the 2003 Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the 2003 Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the 2003 Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the issuance and sale of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 812. Preservation of Records. So long as any 2003 Bond remains Outstanding, all documents received by the Trustee under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 813. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Trustee and the Owners of the 2003 Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City or Paying Agent shall be for the sole and exclusive benefit of the City, the Trustee and the Bondowners.

Section 814. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any council person, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the 2003 Bonds or for any claim based thereon or on this Resolution against any council person, member, officer or employee of the City or any person executing the 2003 Bonds in his or her official individual capacity.

Section 815. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 816. Cover Page, Table of Contents and Article and Section Headings. The cover page, table of contents and Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

All resolutions or parts of resolutions or other proceedings of the City in conflict herewith shall be and the same hereby are repealed insofar as such conflict exists.

Section 818. Governing Law and Jurisdiction. This Resolution shall be governed by and construed in accordance with the laws of the State.

Section 819. Resolution and Sale Order are a Contract. The provisions of this Resolution and the Sale Order shall constitute a contract between the City, the Trustee, the Bond Insurer, if any, and the Bondowners.

Section 820. Effective Date. This Resolution shall take effect immediately upon its adoption by the Council.

Section 821. Notices. All notices and other communications hereunder shall be in writing and given by United States certified or registered mail, expedited courier overnight delivery service or by other means (including facsimile transmission) that provides a written record of such notice and its receipt. Downtown Development Authority
 July 24, 2003

Honorable City Council:

Re: DDA Revenue Bond Financing of Certain Costs of the Book Cadillac Hotel and Related Parking Structure.

Section 13a of the Downtown Development Authority Act (being Act 197 of the Public Acts of Michigan, 1975, as amended) authorizes the City of Detroit Downtown Development Authority (DDA), with the approval of the City Council, to borrow money and issue its revenue bonds to finance costs of acquiring or constructing property in connection with the implementation of its Tax Increment Financing Plan and Development Plan for Development Area No. 1 (the *Development Plan*). **The bonds will be special obligations of the DDA secured by and payable from the revenues and assets received from or provided by private parties (including providers of credit enhancement or liquidity facilities) (collectively, *Financial Facilities*), if any) for that purpose.**

The City will not be liable on the bonds, and the bonds will not be a debt of the City; furthermore, the bonds will not be secured by or payable from any tax increments or general revenues or assets of DDA.

DDA would ask for your approval to borrow not more than \$75,000,000 and issue its revenue bonds to implement certain provisions in the Development Plan relating to the Book Cadillac Hotel and the related parking structure. In addition, DDA would ask that you designate the bonds as "Empowerment Zone Facility Bonds" in order to make available the federal tax-exemption for the bonds. To that end, DDA would submit the accompanying resolution (the *Approving Resolution*) to you for your consideration. As you will note, Section 2.2.2 expressly provides that the City is *not* liable on the bonds, and the bonds are *not* a debt of the City, and Section 2.2.1 expressly provides that the bonds shall be special obligations of DDA secured by and payable from the revenues and assets received from or provided by private parties (including providers of Financial Facilities, if any) for that purpose and *in no event* shall the bonds be secured by or payable from any tax increments or general revenues or assets of DDA.

At its July 2, 2003 meeting, the DDA Board of Directors adopted a resolution providing for issuance of revenue bonds contemplated by the Approving Resolution, and a copy of the DDA resolution accompanies this letter for your information.

DDA would ask your Honorable Body to favorably consider and adopt the Approving Resolution at your next formal session.

Respectfully submitted,

**Human Resources Department
Labor Relations Division**

July 28, 2003

Honorable City Council:

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by AFSCME Michigan Council 25, Non-Supervisory Bargaining Unit.

By letter dated July 21, 2003, Michigan AFSCME Council 25 notified the Labor Relations Division that the City's largest bargaining unit, AFSCME Non-Supervisory Unit, ratified the tentative labor agreement recently reached between the parties. The term of this agreement is through June 30, 2005. Given the extensive time it will take to type, obtain the numerous "original" signatures, and otherwise process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a res-

olution amending the 2003-04 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 2003. We are further requesting authorization to implement the following new contract provisions:

A. Special Adjustments for certain classifications based on recruitment and retention difficulties and special skills upgrading as outlined in the attached Schedule A,

B. Fringe benefit changes as set forth in the attached Schedule B.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,
ROGER N. CHEEK
Director

By Council Member McPhail:

Resolved, That the 2003-2004 Official Compensation Schedule and employee wages be amended according to the foregoing letter and be it further

Resolved, That employees in the AFSCME Non-Supervisory bargaining unit shall receive special wage adjustments and fringe benefit improvements as recommended in accordance with the Schedules on file with the City Clerk, and be it further

Honorable City Council:

Re: City Council Recess from Monday, August 4, 2003 through Tuesday, September 2, 2003.

Ordinance No. 570-H, Chapter 21, Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of \$25,000, all contracts for personal services renewals or extensions of contracts or the exercise of an option to renew or extend a contract. Based upon the above scheduled recess, there will be a delay in obtaining your approval for needed goods and services. As a result, I will be unable to meet my obligation to obtain needed goods and services for the user agencies, and they, in return, will be unable to meet their obligation to supply mandated services to the people of the City of Detroit.

Therefore, during the recess, I request that your Honorable Body approve our purchase of goods and services requiring your approval under Ordinance No. 570-H under provisions as follows:

1. Weekly list of awards, which are distributed by the Office of the City Clerk to members of the City Council each Thursday, will be held through Wednesday of the following week. In the event any Council Member objects to the contract or purchase, the contract or purchase will be held either until formal action by the City Council or withdrawal of the objection by the objecting Council Member.

2. No contract or purchase order shall be issued if a protest has been filed, or if a vendor has not obtained any required clearance.

The first list under, the Recess procedures, will be prepared by the Purchasing Division on Wednesday, August 6, 2003.

Respectfully submitted,

Re: Edward Cannon vs. Isam Qasem and Phillip Rodriguez. Case No.: 01 139052 NO. File No.: A37000.003478 (PGR).

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that the City of Detroit should agree to the entry of an order of dismissal and enter into an agreement to arbitrate on the term and conditions set forth in the following resolution.

We, therefore, request authorization to entry of an order of dismissal and to enter into an agreement to arbitrate on the terms and conditions set forth in the following resolution and upon certification by the Law Department that the arbitrators has announced a decision requiring the City to pay a designated sum to the plaintiff, that your Honorable Body direct the Finance Director to issue a draft payable to Edward Cannon and his attorneys Posner, Posner & Posner in the amount awarded by the arbitration panel decision, but said draft may not be less than Ten Thousand Dollars (\$10,000.00) and not more than Two Hundred Thousand Dollars (\$200,000.00) to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 01 139052 NO, approved by the Law Department.

Resolved, That the Law Department is hereby authorized to agree to entry of an order of dismissal and to enter into an agreement to arbitrate in the case of Edward Cannon vs. Isam Qasem and Phillip Rodriguez, Wayne County Circuit Court Case No. 01 139052 NO, on the following terms and conditions:

A. 1. The parties, by their attorneys, agree to submit this matter to binding arbitration.

2. The parties shall submit to arbitration all matter in controversy raised in the above-named lawsuit.

3. Arbitration shall be conducted in accordance with the Michigan Rules of Evidence, except as may be modified by a majority of the arbitrators, or by stipulation of the parties.

4. The matter shall be arbitrated by a panel of three arbitrators, all of whom shall be practicing Michigan attorneys. The Plaintiff shall select one arbitrator, the Defendant shall select one arbitrator, and the Plaintiff and Defendant shall jointly select the neutral arbitrator. Plaintiff shall pay all fees and costs to the plaintiff arbitrator selected. Defendant shall pay all fees and costs to the defense arbitrator they selected. All fees and costs of the neutral arbitrator shall be paid fifty percent (50%) by Plaintiff and fifty percent (50%) by Defendant.

All other costs and fees, including attorney fees, shall be borne by the party which incurs them.

5. In the event that the neutral arbitrator is unavailable for a hearing on the date set by the parties, either by failure to accept appointment, disqualification, withdrawal, or incapacity, the position shall be filled by agreement of the parties.

6. Pre-hearing briefs shall be required of Plaintiff and Defendant, and shall be submitted to the arbitration panel prior to commencement of the arbitration.

Medical records and reports may be used at the hearing in lieu of the personal appearance of physicians, medical care providers or records custodians.

7. Plaintiff shall recover a total sum not less than Ten Thousand Dollars (\$10,000.00)

The maximum total amount of the award to the Plaintiff shall not be greater than Two Hundred Thousand Dollars (\$200,000.00).

8. A decision of two of the three arbitrators shall be binding.

Any award in under \$10,000.00 shall be interpreted to be in the amount of \$10,000.00.

Any total award in excess of \$200,000.00 shall be interpreted to be in the amount of \$200,000.00.

There shall be no costs, fees, or interest taxable with respect to the award rendered by the arbitrators.

The awards of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident on November 11, 1999 at or near the intersection of John R and State Fair.

9. Neither the "high-low" amounts, nor the mediation award shall be disclosed to the arbitrators. Disclosure of the "high-low" amounts or the mediation award to the arbitrators shall render the arbitration agreement voidable by any non-disclosing party.

10. Discovery proceedings may continue, and each party shall have the opportunity to take "discovery only" depositions of the opponent's experts, to the extent that such depositions have not already been completed. The parties shall be able to take depositions of parties or witnesses for use as evidence at arbitration, without regard to witness availability.

11. The parties agree that they will faithfully observe the Agreement to Arbitrate and that they will abide by and satisfy the award rendered by the arbitrators. In the event that any party refuses to abide by the arbitrators' decision, the other party may petition the Court to confirm the award and enter judgment thereon.

12. There shall be no need to have any proceedings convened by the arbitrators recorded. However, if one of the parties wishes to have the proceedings recorded, then any costs incurred shall be borne exclusively by such party.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the Defendants to pay part of or all of the amount due to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Edward Cannon and his attorneys, Posner, Posner, and Posner, in the amount of the arbitrators' decision, but said drafts may not total less than Ten Thousand Dollars (\$10,000.00) and not total more than Two Hundred Thousand Dollars (\$200,000.00).

Re: Mark Vann vs. City of Detroit, Kwame Kilpatrick, and Sean Werdlow. United States District Court Case No. 02-70994.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request your Honorable Body to authorize and direct the Finance Director to issue his draft in the amount awarded by the arbitrator payable to Mark Vann and James M. Resolved, That:
The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Mark Vann vs. City of Detroit, Kwame Kilpatrick, and Sean Werdlow, United States District Court No. 02-70994, on the following terms and conditions:

- A. 1. By order of Court, this matter shall be referred to binding arbitration by a single arbitrator appointed by the parties who shall be compensated by the City;
- 2. The arbitrator shall be an individual who is currently licensed to practice law in the State of Michigan and is not related to the parties or their legal counsel by blood, marriage or business/referral relationship unless otherwise agreed to by the parties after full disclosure.
- 3. The arbitration hearing shall be conducted at a mutually convenient time and place and at the earliest date convenient to counsel, the parties and the arbitrators, but not later than ninety days from the date of this agreement;
- 4. The parties intend that the arbitration hearing will be conducted in one to two days. To that end, the parties may prepare arbitration summaries to be submitted before arbitration containing their factual and legal contentions and being supported by law, documents and deposition transcripts;

5. The Michigan Rules of Evidence shall be used but substantially relaxed to allow for the use of discovery depositions and the admission of documentary evidence without evidentiary foundation and in such other particulars as the arbitrator shall permit. The parties shall submit to one another in advance of the arbitration hearing, or such time frame which may be otherwise agreed upon by the parties, any and all exhibits which they intend to use at the arbitration. Except as otherwise specifically provided in this Agreement, the Rules of the American Arbitration Association shall govern the conduct of the arbitration proceeding.

6. The issue submitted to the arbitrator shall be as follows: "Did the City have just cause to discharge Mark Vann? If not, what shall the remedy be?" The arbitrator's award shall be strictly limited to those remedies available to a Civil Service hearing officer under the Civil Service Rules, including, but not necessarily limited to, reinstatement, restoration of back pay and benefits, the imposition of a lesser form of discipline for which just cause has been established, and other appropriate make whole relief.

7. The decision and award of the arbitrator shall be final and binding on all parties. The award shall be returned on an award form. Any reinstatement award for Plaintiff shall be implemented forthwith and, in any event, not less than 30 days from its issuance. Any other remedy shall be implemented as soon as practical. Upon implementation of the award Plaintiff shall execute a Satisfaction of Arbitration Award form.

8. Counsel for the representative parties shall forthwith execute the Stipulated Orders of Referral to Arbitration and an Order of Dismissal in Federal Court.

9. In the event that the parties cannot agree on an impartial arbitrator as provided in paragraph 1, then a list of seven qualified arbitrators shall be obtained from the Federal Mediation and Conciliation Service, from which the parties will alternately strike names, the City striking first, until one name remains — who shall be appointed to serve as arbitrator.

10. This agreement is subject to Detroit City Council approval and this lawsuit shall be dismissed following that approval.

Buildings and Safety Engineering Department

July 25, 2003

Honorable City Council:

Re: Address: 9207 Abington. Name: Larry Williams. Date ordered removed: January 31, 2001 (J.C.C. p. 352).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 16, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 15, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilita-

tion is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. Re: Address: 9048 Vaughan. Name: Nancy D. Ponkowski. Date ordered removed: February 5, 2003 (J.C.C. p. 429).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 1, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 16, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions

of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnection actions cease to allow the progress of the rehabilitation.

- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 11668 Birwood. Name: David T. Smith. Date ordered removed: November 15, 2000 (J.C.C. p. 2783).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 7, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of July 1, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained

securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

Brownfield Redevelopment Authority
July 28, 2003

Honorable City Council:

Re: 2627 Clark Street Project Brownfield Plan.

The enclosed Brownfield Plan for the

2627 Clark Street Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on July 23, 2003 to solicit public comments. At its July 16, 2003 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 24, 2003, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

VITEC LLC is the premier supplier of blow-molded, high density, six layer plastic fuel tanks found as original equipment on many of today's vehicles. The company was the first tenant in the Clark Street Technology Park, site of the former GM Cadillac Assembly Plant and headquarters. The Project consists of two major elements: 1) the investment in a third machine to produce fuel tanks plus ancillary machinery and equipment and 2) the construction of an approximately 2,000 square feet building addition that will house a new scrap recycling operation. The company currently employs 300, mainly local residents, and expects to increase employment by 35 jobs as a result of this investment. Total eligible investment is anticipated at approximately \$18,000,000.

Purpose of the Proposed Plan The proposed Plan and upon approval of this Plan by City Council, VITEC, LLC will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

Property Subject to the Proposed Plan

The property is bounded to the north by Michigan Avenue, to the east by Clark Street, to the south by a railroad right-of-way and to the west by an internal street.

Basis of Eligibility The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for an industrial purpose and is determined to be a "Facility" as defined by Act 381.

Projected Costs

The proposed plan anticipates the cost of the eligible activity for this project will be approximately \$632,000. The expense of these eligible activities is the responsibility of the Developer.

This proposed project has been approved by the City of Detroit's Planning and Development Department. A copy of the P&DD letter has been included with the Plan.

Public Comments Received

The Committee's communication to the City Council and the Authority dated July 16, 2003 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on July 24, 2003 and the Committee's public meeting held July 16, 2003, are enclosed for City Council's consideration.

At the public hearing, no members of the public attended the hearing to provide public testimony. The DBRA did receive written comment from the Southwest Detroit Environmental Vision organization in support of the project. A copy of the SDEV letter has been included with the Plan.

Authority's Request

The Authority is respectfully requesting the following actions from the City Council:

Bridge Villa NEZ (Recommend Approval).

The office of the City Planning Commission (CPC) has reviewed the applications for Neighborhood Enterprise Zone (NEZ) certificates for 16 units of new housing construction in the Bonnie Bridge Village NEZ forwarded from the City Clerk's office. The addresses of the units are 1508 W. Canfield, 1512 W. Canfield, 1516 W. Canfield, 1520 W. Canfield, 1507 Lysander, 1511 Lysander, 1515 Lysander, 1521 Lysander, 4401 Trumbull, 4407 Trumbull, 4413 Trumbull, 4419 Trumbull, 4425 Trumbull, 4431 Trumbull, 4437 Trumbull, and 4443 Trumbull. Having reviewed these applications, CPC staff recommends approval of the NEZ certificates.

The subject properties have been confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The applicant is proposing to invest from \$175,000 to \$213,000 for each unit.

The site is vacant and comprises the entire area bounded by Trumbull, W. Canfield, the alley first west of Trumbull, and Lysander. The owner and applicant, Bonnie Bridge Village LLC, intends to construct 16 townhouses containing 2 1/2 stories and one or two car-attached garages. The NEZ certificate applications appear to have been submitted prior to the issuance of any applicable building permits.

These properties are also located within the boundaries of the Woodbridge Rehabilitation Project area. This development was approved by the Woodbridge Citizens' District Council.

Honorable City Council:

Re: Proposed Expansion of I-94 (Departmental Status Report and Resolution).

On August 1, 2003 the Michigan Department of Transportation (MDOT) will give a presentation to your Honorable Body on its current plan for the I-94 Rehabilitation Project. MDOT is requesting the City Council's support for this revised plan at your August 1, Adjourned Session so that the planning process for the Project will not be disrupted.

In 2001 the City Council approved the attached resolution supporting the Build Alternative included in the draft Environmental Impact Statement of the I-94 Project with 11 changes (Attachment A). This resolution was a result of a recommendation of the City Planning Commission (CPC) and the City Council's request that CPC staff meet with representatives from the Department of Public Works and other affected Executive Branch departments to come to a consensus regarding the City's position and recommendation to MDOT regarding the project. A meeting did take place between CPC and the departments, and recommendations and the resolution that was approved by Council were developed. That resolution substantially reflected the recommendation made by CPC.

Since the time that resolution was passed, the design of the freeway has continued to evolve and your Honorable Body's comments were taken into account. CPC staff has attended several meetings with MDOT and its consultants and, most recently, representatives from the Mayor's office, DPW, and DDOT. The most recent iteration of the design, as described in the "I-94 Rehabilitation Project Recommended Alternatives Analysis Final Report", appears to substantially address the concerns raised in your previous resolution. The following briefly describes how the current design addresses each of the changes requested by your Honorable Body in the previous resolution, with the recommended change in italics.

1. *The removal of the fifty-five foot wide center median.* This has been done.

2. *The addition of continuous 38 feet wide service drives in each direction (two 11 foot wide traffic lanes and a 16 foot wide multi-purpose lane for potential mass transit use).* The Federal Highway Administration (FHA) will only pay for two 11 foot wide traffic lanes and an eight (8) foot wide shoulder that can be used for parking if justified and for bus stops. The 16 foot lane cannot be funded with federal dollars and also some residents expressed fears that a wide service drive would lead to speeding.

3. *In conjunction with the continuous service drive concept, the addition of a street east of Woodward and parallel to the service drive for local traffic in order to protect the residences along Hendrie St.* This has been included east of the new freeway exit east of Woodward. MDOT will distribute an example of what this could look like at its presentation on August 1.

4. *The preparation of an Environmental Assessment considering the impact of the proposed widening over the entire I-94 corridor from Wyoming to I-696.* This will be done.

5. *The inclusion in the EIS of consideration of the Detroit Intermodal Freight Terminal Study's impact on truck traffic on I-94.* This has been done.

6. *The reduction in the spacing between the auxiliary lanes and mainline lanes as much as possible and the "tightening" of ramping geometrics in order to limit the taking of private property.* This has been preliminarily done (and much improved), and will be further analyzed as the final design is entered into.

7. *The provision of special consideration to the schools along the corridor regarding noise mitigation, including that they not be treated as residences in determining whether noise barriers are justified.* The MDOT guidelines state that public use areas such as schools shall be counted as 10 dwellings (which seems very low, given that there are hundreds of children in the school).

8. *The provision of a close examination in the EIS of using rapid transit as a traffic construction mitigation component, using flexible TEA 21 funding in the corridor.* MDOT is agreeable to funding DDOT operations along the I-94 corridor. SEMCOG has not identified a direct rail alternative to I-94, and so there presently are not any rail alternatives that could be funded using the TEA 21 funds. This is not to say that a rail alternative could not be developed before the freeway expansion occurs, or that MDOT could not encourage the development of such alternatives as part of a larger route.

9. *The correction by MDOT of all existing noise and air quality violations as part of any reconstruction of the freeway, per federal guidelines.* This will be done.

10. *The securing by MDOT of all funding for the noise barriers — walls, landscaping, buffering, etc. — as well as funding for modifications of streets intersecting the service drives and on-going maintenance of the barrier walls before any highway approvals are given.* Memorandums of understanding will be developed between the City and MDOT describing exact maintenance responsibilities. If the City knows which streets it would like modified, MDOT requests that it be provided with this information so that those improvements can be a part of the package presented to FHA.

11. *The analysis of the railroad right-of-way east of I-75 and south of I-94 for use as both a vehicular road and continuing as a railroad line, given its importance as a link in the railroad line linking Metro Airport/Ann Arbor and downtown Detroit.* This will remain a rail corridor.

Staff hopes that this information will assist your Honorable Body in considering MDOT's request to approve a resolution in support of the reconstruction of I-94. A resolution (Attachment B) is submitted for your consideration if you choose to act on this matter. It is a revision of the previous resolution with the deletion of the previously recommended changes and an update of the eighth "whereas", regarding a regional transit agenda.

ATTACHMENT B

By Council Member Bates:

Whereas, The City of Detroit, through various departments, including Public Works, Transportation, and Planning and Development, and the City Planning Commission (CPC), has been involved with the Michigan Department of Transportation (MDOT) in the planning of the reconstruction and expansion of the I-94 Expressway between Connor and I-96; and

Whereas, MDOT has produced a draft Environmental Impact Statement (DEIS); and

Whereas, As part of the DEIS, a Build Alternative was proposed; and

Whereas, That Build Alternative contains numerous significant modifications, many of which improve the functioning and safety of the freeway; and

Whereas, Both the City Council and the CPC have held public hearings on the DEIS and received many constructive comments from the public urging the inclusion of provisions for mass transit and expressing concerns about the widening of the right-of-way; and

Whereas, Upon review of the document, the City Planning Commission

found that mass transit alternatives or mass transit complements to the selected design do not appear to have been adequately explored or, if explored, are not properly represented within the DEIS; and

Whereas, Near-in suburbs and those lining the highway network are facing the impacts of improvement to that network, necessitated by a decaying and/or inefficient infrastructure, existing traffic congestion and projected future demand; and

Whereas, The formation of the Detroit Area Regional Transit Authority provides a mechanism whereby a regional transit agenda may be pursued and developed; and

Whereas, I-94 is a key component of the area's transportation network, linking the City with many suburban cities; and

Whereas, Both the CPC and Executive Branch departments have met and developed a joint recommendation regarding the DEIS;

Now, Therefore, Be It Resolved, That the Detroit City Council supports the proposed Build Alternative;

And Be It Further Resolved, That a copy of this resolution be forwarded to the Michigan Department of Transportation, the Federal Highway Administration, SEMCOG, the Detroit Regional Chamber of Commerce and others as appropriate.

Re: Submitting revised resolutions on strategies to address adult uses and on/off premise sales of liquor.

Attached are the three resolutions, as revised, relative to strategies to address adult uses and on/off premise sales of liquor. The following changes have been made, at Council Member requests; new language is shown in bold type.

- Resolution #1 on Nonconforming Uses; All references to elimination of non-conforming uses through amortization (one Whereas, and one Resolved) have been deleted.

- Resolution #3 on Procedures and Criteria: Wording has been revised to substitute "will consider" and "may" where language previously stated "should".

With these changes, the resolutions are ready for approval at today's Adjourned Session.

Respectfully submitted,
 MARSHA S. BRUHN
 Director

**RESOLUTION #1
NONCONFORMING USES**

By Council Member Bates:

Whereas, It is an accepted principle of zoning that nonconforming uses should disappear over time; and

Whereas, It is the intent of the Detroit City Council to see nonconforming uses replaced by conforming uses; and

Whereas, Many of the most problematic land use issues facing citizens of Detroit, such as adult entertainment establishments, nightclubs, and party stores, involve nonconforming uses;

Now, Therefore, Be It Resolved, That Detroit City Council shall routinely consider nonconforming use status when considering approvals for sales of City-owned land; the closures of streets or alleys; tax abatements; special zone or area designations or certifications; Liquor Control Commission dance, entertainment dance-entertainment, or topless activity permits; and other matters requiring City Council action; and

Be It Further Resolved, That the City Clerk forward copies of this resolution to the Planning and Development Department, Department of Public Works, Police Department, Finance Department, Board of Zoning Appeals, and Michigan Liquor Control Commission.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**RESOLUTION #2
REDUCE TO QUOTA**

By Council Member Bates:

Whereas, The State of Michigan has deemed that the quota for on-premise liquor establishments is 1 per 1,500 population; and

Whereas, The State of Michigan has deemed that the quota for off-premise liquor establishments is 1 per 3,000 population; and

Whereas, The population of the City of Detroit at the time of the 2000 decennial census was 951,270; and

Whereas, The number of active and escrowed liquor establishments in the City of Detroit far exceeds the State quotas; and

Whereas, It is the goal of the City of Detroit to further the State's interest in allocating liquor establishments proportionate to population size by reducing the number of surplus liquor establishments; and

Whereas, Many liquor establishments in the City of Detroit are nonconforming uses; and

Whereas, Many liquor establishments have been found to be in noncompliance

with zoning regulations or with the conditions of their zoning grants; and

Whereas, It is the intent of the City Council to avoid legislative actions and approvals that may have the effect of lengthening the life of nonconforming uses; and

Whereas, The activities permissible under the "dance," "entertainment," "dance-entertainment" and "topless activity" permits of the Michigan Liquor Control Commission may serve to lengthen the life of a nonconforming on-premise liquor establishment;

Now, Therefore, Be It Resolved, That the Detroit City Council shall adopt and follow criteria with respect to the approval of Michigan Liquor Control Commission activity permits that reflect the foregoing; and

Be It Further Resolved, That the Detroit City Council urges diligent enforcement of zoning and other regulations by the appropriate departments with respect to off-premise liquor establishments; and

Be It Further Resolved, That City Council urges that any such infractions be reported to the appropriate City department(s) and the Michigan Liquor Control Commission for consideration at the time of license renewal or transfer; and

Be It Finally Resolved, That the City Council requests the Buildings and Safety Engineering Department to take appropriate actions to cancel the permits at locations of on-premises and off-premise liquor establishments at which licenses have been escrowed beyond the extinction date of the land use rights.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**RESOLUTION #3
PROCEDURES AND CRITERIA**

By Council Member Bates:

Whereas, The Detroit City Council is required by Michigan law to approve or disapprove requests for issuance of dance permits, entertainment permits, dance-entertainment permits, and topless activity permits as referred by the Michigan Liquor Control Commission; and

Whereas, Detroit City Council has reviewed such Michigan Liquor Control Commission activity permits for the past year without the aid of formally adopted procedures and criteria, and

Whereas, The City seeks to nurture a thriving entertainment district in targeted areas within and near the Central Business District; and

Whereas, It has been the decades-long policy of the City to disperse adult-oriented businesses across the City; and

Whereas, The City has adopted regulations to insure that the adverse secondary effects of controlled and regulated uses will not contribute to the blighting or downgrading of the surrounding neighborhoods; and

Whereas, It is the intent of City Council that nonconforming uses be eliminated over time; and

Whereas, Detroit City Council respects the presumption against lengthening the life of nonconforming uses by granting additional approvals to such uses; and

Whereas, The transfer of an existing, or the issuance of a new, dance, entertainment, dance-entertainment, or topless activity permit for a nonconforming use may lengthen the life of that nonconforming use; and

Whereas, The number of existing active and escrowed licenses for consumption of liquor on the premises exceeds the quota established by the State of Michigan for such establishments; and

Whereas, It is the goal of the City to reduce the number of establishments for the consumption of liquor on the premises in the City of Detroit to the number established by State quota; and

Whereas, Increased enforcement of applicable statutes and codes and the attrition of nonconforming uses are preferred approaches to reduce the number of establishments in excess of quota;

Now, therefore, Be It Resolved, That, in accordance with the foregoing, the Detroit City Council hereby adopts the attached procedures and criteria for the approval/disapproval of Michigan Liquor Control Commission activity permits.

PROCEDURES AND CRITERIA FOR THE APPROVAL/DISAPPROVAL OF MLCC ACTIVITY PERMITS

1. Police Approval

If the Detroit Police Department has recommended approval, City Council **may** further consider the petition for approval. If the Police Department has recommended disapproval, City Council **will consider** voting to disapprove the petition.

2. Violations and Delinquencies

If the Buildings and Safety Engineering Department, or other City department, has indicated that no unresolved violations or delinquencies exist against the premises or the operator, then City Council **may** further consider the petition for approval. If there are unresolved violations or delinquencies against the property, City Council **will consider** deferring action or **may** vote to disapprove the petition.

3. Compliance with Zoning Grants

If the Buildings and Safety Engineering Department has indicated that the premises are in compliance with all applicable conditions of any zoning grant,

then City Council **may** further consider the petition for approval. If the premises are not in compliance with zoning grant conditions, City Council **will consider** deferring action or **may** vote to disapprove the petition.

4. Other Information Regarding Conforming Uses

With regard to conforming uses, if other information comes to light that was not reflected in departmental reports to City Council, and such information challenges the suitability of premises in question or the licensee, City Council **will consider** deferring action or **may** vote to disapprove the petition. Absent such information, City Council **will consider** voting to approve the petition.

5. Nonconforming Use Status

In light of City Council's intent to not lengthen the life of nonconforming uses, City Council **will** promptly provide an opportunity for the petitioner to come before City Council, prior to City Council action with regard to:

- A petition for an MLCC dance permit involving a nonconforming Class "C" bar use;
- A petition for an MLCC entertainment permit involving a nonconforming "night-club" use, or other nonconforming Class "C" bar that has held a Consumer Affairs "cabaret" license since prior to 02 August, 1993;
- A petition for an MLCC topless activity permit involving a nonconforming "adult cabaret."

If Criteria 1, 2, and 3 have been met and if information is received by City Council that is sufficient to overcome the presumption against lengthening the life of the nonconforming use, the City Council **may** vote to approve the petition.

If information received by City Council is insufficient to overcome the presumption against lengthening the life of the nonconforming use, the City Council **may** vote to disapprove the petition and set forth reasons for said disapproval in its resolution.

**City Council
Fiscal Analysis Division**

July 30, 2003

Honorable City Council:

Re: Public Act 198 Tax Abatement Resolution.

At yesterday's Economic Development Standing Committee meeting, we submitted a draft of our Tax Abatement Update — Public Act 198 (**Final Report**). We were limited on what we could report on due to a lack of up-to-date employment

and economic investment data. In an effort to assist in resolving these challenges, the Economic Development Standing Committee recommended that the Fiscal Analysis Division draft a resolution that suggests an approach to resolve the issues for the consideration of the Committee of the Whole.

Attached, please find this resolution for your Honorable Body's review and consideration. We respectfully request that if this resolution meets your approval, you submit it to the Administration prior to recess, for a requested response by your September 2003 return from recess.

Please contact us if we can be of any further assistance.

Respectfully submitted,

IRVIN CORLEY, JR.

Director

By Council Member Watson:

Whereas, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

Whereas, A key legislative function of the Detroit City Council involves the approval and monitoring contracts involving City business, and

Whereas, The Detroit City Council has a charter mandated responsibility to provide for the laying and collecting of rents, tolls, excises and taxes, and

Whereas, In order to promote economic development, the City of Detroit uses the Michigan Public Act 198 of 1974 Tax Abatement Program as a development tool to maintain existing jobs and create new job opportunities in Detroit, by providing property tax incentives to industry and expand aging manufacturing plants or to build new plants in the city, and

Whereas, The Detroit City Council has determined that in order to assess the effectiveness of the aforementioned Tax Abatement Program, a cost-benefit analysis must be made on an annual basis, and

Whereas, An accurate cost-benefit analysis is dependent on the employment and economic data, derived from the annual surveys of companies that receive tax abatements and are contractually obligated to send this information to the Planning & Development Department (P&DD). Due to what appears as a shortage of staff in P&DD and an increased economic development workload, however, the department is a couple of years behind (2000, 2001, 2002) in providing this data to Council, and

Now Be It therefore Resolved, That the Detroit City Council respectfully requests that the Administration and P&DD Administration provide the Economic Development Section of P&DD the necessary assistance it requires to bring the data on the employment and economic data up-to-date for the companies con-

tractually obligated to provide it, as soon as it is practicable to the Council, by hiring new staff and/or transferring staff. After bringing the information up-to-date, the department should subsequently maintain its capacity to provide these reports in the future on a timely basis; and

Be It Finally Resolved, That the Detroit City Council respectfully requests that the Mayor and Director of P&DD formally report to the Detroit City Council by September 2003 on a proposed plan and timetable for the solution to this issue.

July 21, 2003

Honorable City Council:

Re: Request Authorization for Submission of an Economic Development Initiative-Special Project Grant application to the Department of Housing and Urban Development for the Bates Street Outfall Project.

The Planning and Development Department (P&DD) proposes to apply to the Department of Housing and Urban Development for an Economic Development Initiative-Special Project grant (EDI-Special Projects) of \$894,150 to develop and complete the Bates Street Outfall.

The Economic Development Initiative-Special Project grant will provide funding to design, plan and implement the construction of a two hundred foot (200 ft.) concrete platform-walkway and provide shoreline protection at the Detroit River Shoreline by erecting a steel sheet pile wall (seawall). This would allow the citizens and visitors to enjoy the waterfront. This grant would further enhance and improve the viability of the project. The project manager for this project is the Detroit Recreation Department in collaboration with the Department of the Army, Detroit District of Corps of Engineers and the Planning and Development Department.

The Economic Development Initiative-Special Project grant application must be delivered to HUD in Washington, D.C. by Thursday, August 7, 2003. A decision on the City's application is expected in the early fall of this year.

In order to meet the August 7, 2003 deadline, the Planning and Development

Department request that your Honorable Body authorizes this submission to the Department of Housing and Urban Development by supporting the following resolution.

Respectfully submitted,
HENRY B. HAGOOD
Director of Development Activities

Honorable City Council:

Re: Status of Reprogramming of \$2,000,000 from the Eastside Flood Plain Bonds to the Brush Park Account.

Earlier this year, the Planning and

Development Department (P&DD) requested a reprogramming of bond funds from Eastside Flood Plain to Brush Park. The request was held in March, and again when reintroduced in May of this year. All questions have been addressed regarding the reprogramming of the funds.

The 2 million dollars is to be contributed toward the implementation of the Brush Park Modified Development Plan (Third Modification) approved by your Honorable Body on July 10, 2002. The monies will be used to implement the traffic "Right of Way Adjustment Plan", (Map C-5), specifically for the reopening of Watson and Edmund Place Streets between John R and Brush Streets in Brush Park. The public improvements will include; street pavements, sidewalks, water mains, sewers, public lighting, and landscaping for the two streets.

The Fire Department has recently contacted the P&DD regarding the status of the reopening of Watson and Edmund Place. Citizens of Brush Park are concerned about the safety hazards to the community posed by the streets remaining closed. The Fire department has expressed their concerns regarding the ability of fire trucks to access the homes on the closed streets in the event of a possible fire.

We again request your Honorable Body to adopt the attached resolution for the transfer of funds from the Eastside Flood Plain to Brush Park, so that we can continue with the revitalization of the community, along with addressing pertinent safety and health concerns of the residents and various city departments.

Respectfully submitted,

Re: Transfer of Jurisdiction of Surplus Property: Development: 1401 Broadway & 1400 Farmer.

On July 27, 2001, your Honorable Body authorized the sale of the above-

captioned property to the Young Men's Christian Association of Metropolitan Detroit (YMCA), a Michigan Non-Profit Company. We, therefore, request that your Honorable Body approve the attached resolution authorizing the Municipal Parking Department to transfer jurisdiction of the above-captioned property to the Planning and Development Department.

Petition No. 1355 of the "Detroit

Building Authority" (DBA) is requesting certain changes in public rights-of-way, in the area of Morrell Avenue, 60 feet wide, McKinstry Avenue, 59.41 feet wide, West Fort Street, 100 feet wide and the Fisher Freeway Service Drive, in order to construct a proposed "Emergency Services Center Southwest", (formerly Public Safety Mall). This project will consist of a 65,000 square foot two (2) level structure, with on-site parking, housing a new Police Precinct, Fire Station and a limited operation by the Municipal Parking Department.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Detroit Water and Sewerage Department, Public Lighting Department, DTE — Detroit Edison, DTE — MichCon Gas, SBC and Comcast Cablevision have all reported their involvement. These concerns have been shared with the DBA (the petitioner) and will be addressed during the construction phase.

The Honorable Detroit City Council previously adopted (December 4, 1998; J.C.C. Pgs. 3092-3098) a 'Resolution of Necessity' authorizing the City's power of eminent domain and declaring this project as a public improvement for the benefit and use of the public.

Therefore, in order to implement and facilitate the accomplishment of certain changes in public rights-of-way, such as vacation and removal of streets, alleys or other public ways, and certain utilities and facilities, both public and private, the attached resolution respectfully request the approval of your Honorable Body authorizing the City of Detroit to require that these right-of-way changes take place. A waiver of reconsideration is respectfully requested.

WHEREAS, City Council is empowered by Sections 4-109 and 4-110 of the City Charter to make investigations into the affairs of the city, including but not limited to health and medical services for the citizens of the City of Detroit; and

WHEREAS, The City of Detroit retains the deed to Detroit Receiving Hospital; and

WHEREAS, In June, 2003, City Council convened a legislative hearing for the purpose of investigating the DMC's plans to reduce and eliminate services at DRHUHC in violation of the agreements between the City and the DMC; and

WHEREAS, State of Michigan Governor Jennifer M. Granholm, Wayne County Executive Robert A. Ficano, and City of Detroit Mayor Kwame M. Kilpatrick, recognized the urgent need to provide quality medical care for Michigan residents, particularly those located in southeastern Michigan, and each signed an

agreement entitled, Temporary Oversight and Corporate Responsibility Memorandum of Understanding (MOU) on July 21, 2003, to provide emergency funding to keep DRHUHC and Hutzel Hospital open; and

WHEREAS, Pursuant to the MOU, DMC has rescinded all WARN Act notices issued to employees in June, 2003; and

WHEREAS, In its role as the legislative branch of government for the City of Detroit, the City Council has been asked to authorize the contribution of not more than Three Million Dollars (\$3,000,000.00) for the purpose of meeting operating and budget shortfalls of DRHUHC and Hutzel Hospital; and

WHEREAS, The executive administration of the City of Detroit actively participated in the drafting of the MOU, and expressly stated that the MOU does not waive any existing right City Council has to request and obtain financial information from the DMC; and NOW, THEREFORE, BE IT

RESOLVED, That the contribution of not more than \$3,000,000.00 by the City of Detroit to the DMC shall only be authorized for the financial stabilization of DRHUHC and Hutzel Hospital, with the understanding that the County of Wayne will contribute \$4,000,000.00 in unmatched funds, and the State of Michigan will contribute \$15,000,000.00 in restricted unmatched funds, and any additional available matching federal funds; AND BE IT FURTHER

RESOLUTION OF REQUEST FOR AN ETHICS OPINION AND RULING FROM THE CITY OF DETROIT ETHICS COMMISSION REGARDING THE APPOINTMENT OF AN "INTERIM" CHIEF INVESTIGATOR AND AN EXECUTIVE DIRECTOR IN CONTRADICTION TO THE CHARTER AND LOCAL LAW REQUIREMENTS REGARDING APPEARANCES, AND ACTS OF CONFLICT OF INTEREST

By COUNCIL MEMBER S. COCKREL:

WHEREAS, On February 18, 2003 the Board of Police Commissioners for the City of Detroit held a special meeting to "accept" the "resignations" of Executive Director Pauline McDonald and Chief Investigator, Lori Bobbit Waddles; and

WHEREAS, The Board of Police Commissioners ("Commissioners") then appointed Dante Goss as Executive Director and Arnold Sheard as "interim" Chief Investigator; and

WHEREAS, The Detroit Board of Police Commissioners is the charter mandated civilian review and oversight board, as well as the policy body for the Department of Police for the City of Detroit (Detroit City Charter, Section 7-1103); and

WHEREAS, Mr. Goss is related to Deputy Chief Brenda Goss Andrews, a command officer in the Detroit Police Department ("Department"); giving rise to questions as to at least the appearance of conflict of interest in the ability of Mr. Goss to exercise the necessary independence, required confidentiality and autonomy between the Board of Police Commissioners, the Office of the Chief Investigator and the Department; and

WHEREAS, Mr. Goss has publicly admitted to at least one incident of inappropriate disclosure of information to a police officer under investigation by the Office of the Chief Investigator and the Department; thus compromising the importance and integrity of the Commission and its duties; and

WHEREAS, Mr. Sheard, at the time of his appointment as "Interim" Chief Investigator, was an appointee and employee of the Board of Police Commission in the Office of the Chief Investigator; and

WHEREAS, The 1997 Charter of the City of Detroit expressly states at Section 7-1104(2) "*the board shall appoint chief investigator... The Chief Investigator shall not have been an employee or appointive officer of the city within 3 years prior to appointment*"; and

WHEREAS, The prior appointment of Mr. Sheard employee and appointive officer of the City of Detroit, through the Board of Police Commissioners, make the promotion to "Interim" Chief Investigator a violation of the Charter; moreover, there is no provision within the Charter to appoint an "interim" Chief Investigator, that posi-

tion being on subject to appointment at the will of the Commission, removal permitted without cause; and

WHEREAS, The Detroit City Council sent an inquiry to the Commission regarding these appointments and expressing the concern about their appropriateness on February 19, 2003, but did not receive a response until May 28, 2003; and

WHEREAS, In response to the City Council inquiry, the Law Department for the City of Detroit provided a confidential legal opinion to the City Council on May 28, 2003; and

WHEREAS, The Commission's official position, expressed through its Chairperson, is that the appointment of Mr. Sheard as the Chief Investigator is only "interim" — despite the requirements of the Charter; and

WHEREAS, The Commission chairperson indicated that the Commission would conduct a "full search pursuant to the Charter for a Chief Investigator"; and

WHEREAS, Additional questions were submitted to the Commission from the City Council on June 5, 2003, which the Commission chairperson responded to on July 14, 2003 advising the City Council that the search for a Chief Investigator had not yet commenced; and

WHEREAS, The City Council views the actions to date of the Commission to be a cavalier disregard for the legal requirements of the Detroit City Charter by the Civilian Board of Police Commissioners; and particularly serious in view of the decision of the Department of Justice to sue the City of Detroit in order to effectuate real reform of the Police Department; and

WHEREAS, The Commission's cavalier disregard for the Charter requirements signals yet another indication of the depth of challenges to reform this Department; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council refers this matter to the City of Detroit Ethics Commission, is the body charged with monitoring, evaluating and enforcement of the ethical standards prescribed for City government; and BE IT ALSO

RESOLVED, That the Detroit City Council, as the co-drafters of the Ethics ordinances views the issues raised as issues of conflict of interest and violations of the Detroit City Charter, matters within the authority and scope of responsibility for the Ethics Commission; and BE IT FINALLY

RESOLVED, That the Detroit City Council waives its Attorney Client privilege as to the Law Department opinion letter dated May 28, 2003 regarding staff charter appointments by the Board of Police Commission; transmitting a copy of same to the Ethics Commission in conjunction with this resolution; both of which

shall be immediately transmitted to the Ethics Commission by the City Clerk upon adoption of the resolution.

RESOLUTION TO SUPPORT THE RESTORE THE FREEDOM OF INFORMATION ACT BILL S. 609

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The Restore Freedom Of Information Act has been introduced by Senators Leahy, Levin, Jeffords, Lieberman and Byrd. It would restore protection for so-called federal whistle-blowers, allow state and local "sunshine" disclosure laws to use information obtained from government agencies and allow civil litigation against companies to use this information, and

WHEREAS, Since October 2001, Attorney General John Ashcroft has enacted policies aimed at eroding and undermining key parts of the FOIA legislation. He reversed longstanding FOIA policies in such a comprehensive manner that the presidents of twenty major journalists' organizations declared in a joint statement that Ashcroft's "restrictions pose dangers to American democracy and prevent American citizens from obtaining the information they need", and

WHEREAS, The Detroit East Community Development Corporation has petitioned Council for partial relief from a special assessments placed on its properties located at 14817 and 14845 Mack; and

WHEREAS, No other federal tax credit has a similar onerous precertification requirement, and

WHEREAS, Singling out EITC filers for precertification is unfair and illogical when EITC abuses are dwarfed by abusive tax shelters involving more money, undocumented domestic and offshore entities, complex structured transactions, and taxpayers typically more capable of responding to a complicated heightened standard, and

WHEREAS, It may be very difficult to get someone to sign under the penalty of perjury that he/she has personal knowledge that the residency test is met, especially when considering that other relatives' and neighbors' affidavits are unacceptable and

WHEREAS, The documentation requirements are written so that it is unclear how many documents are needed to satisfy the precertification requirements. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council opposes the recertification requirement for the Earned Income Tax Credit, AND BE IT FURTHER

Invocation

As the morning broke with sunlight in the east, birds added a congregational songs. A gentle breeze flowed through the air, just enough to make the early travelers wrap their arms around their shoulders. It was then that I reflected and found the words to say, "What an awesome God we have come to know, appreciate, and praise!" We list only a few of those blessings of which we are aware: Thank God for health, strength, friends, neighbors, family, coworkers, life (in any form that exist), love of self, others, all people of faith, and God. May we enjoy the gift of this day, filled with hope and possibilities, and may we share our joy with others, especially those who have lost. Amen!

Notification of Emergency Procurement as provided by Ordinance No. 31-99, Chapter 18, Article 5. Please be advised of an Emergency Procurement as follows: P.O. #2617221. Description of procurement: Repair and Replacement of Roof Structure and Coverings at the 1905 Guard House and 1939 Post Theater Buildings at Historic Fort Wayne. Basis for the Emergency: Historical Department and Historic Designation Advisory Board received a State Grant of \$30,000.00 toward this work that is due to expire on September 30, 2003. It will have to be returned if not expended by that time. Roof structures are near collapse and need to be repaired before another winter. Volunteers are poised to do other restoration work that can only be done after the roofs are repaired and buildings are made water tight. Basis for selection of contractor: Contractor was second-lowest Bidder that met specification. However, the lowest bidder, Royal Roofing, was unable to meet City Clearance requirements and did not respond to repeated requests to rectify this situation. As a result the delay has jeopardized the success of the project and risked the loss of a \$30,000.00 grant. Contractor: MacDermott Roofing and Sheet Metal, Inc., 9301 Southfield, P.O. Box 28309, Detroit, MI 48228. Estimated Amount: \$145,524.00. Historical.

Re: Transfer of Jurisdiction of Surplus Property Development: 3812 E. Davison.

An April 1, 1998, your Honorable Body authorized the sale of the above-captioned property to Pattah Investment Company, a Michigan Co-Partnership. Honorable City Council:

Re: Public Hearing on Establishment of the Grand River/Lorraine Neighborhood Enterprise Zone as Requested by LoftWerks, in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Grand River/Lorraine Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states “the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood

enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are very irregular but are described in Exhibit A (legal description) and illustrated in the map attached hereto. LoftWerks will rehabilitate existing buildings within the proposed NEZ at a cost of \$6,000,000, providing 70 loft condominium units.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with a map and legal description of the proposed NEZ.

Respectfully submitted,

Our office has received from the City Clerk applications from the Greater Corktown Development Corporation for Neighborhood Enterprise Zone (NEZ) certificates for 33 new housing units as listed above within the North Corktown NEZ. Recently approved lot splits by the City for this project created different addresses than originally submitted for 3 properties which are also listed above. City Planning Commission staff has reviewed these applications and recommends approval of the NEZ certificates.

The properties involved, which are generally located in the area bounded by Martin Luther King Blvd., Trumbull Avenue, Temple Avenue, and Rosa Parks Blvd., are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State legislation as currently written.

The certificates are for 33 new single-family houses each valued at \$140,000

(with subsidies, the homes will be sold for about \$80,000). It is anticipated the structures would be completed around Fall 2004. The Greater Corktown Development Corporation is applying for the certificates, prior to the issuance of building permits, on behalf of the future owners of the property.

City Planning Commission

August 21, 2003

Honorable City Council:
Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 172 units of rehabilitated housing at 6533 East Jefferson, Units #1-172 in the Stearns Building NEZ (Recommend Approval except Unit #170).

The City Clerk's Office has forwarded to City Planning Commission (CPC) staff applications for Neighborhood Enterprise Zone (NEZ) certificates for 172 units of rehabilitated housing at 6533 East Jefferson. Having reviewed these applications, CPC staff recommends approval of the NEZ certificates for 6533 East Jefferson, Units #1-172, except Unit #170.

The property at 6533 East Jefferson has been confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as amended in 2001. The year 2002 tax record for this property shows a true cash value of \$4,710,300 for the entire property, which translates into \$27,384 per unit on average. However, if true cash value is assigned on a per square foot basis, one of the penthouse units (Unit #170) does not qualify as its portion of the property's true cash value is \$89,397. The true cash values for the rest of the units are below the maximum eligible true cash value of \$80,000 per unit.

The owner and applicant, Stearns Building, LLC, intends to conduct the necessary repairs and improvements in order to convert the structure into 172 residential condominiums. The estimated investment by the owner is \$10,082,659 for the entire building, which translates into \$58,620 per unit on average. The level of investment exceeds the minimum amount required for eligibility for an NEZ certificate, even if the investment is assigned to units on a per square foot basis. The NEZ certificate applications appear to have been submitted prior to the issuance for building permits to do the work presently proposed by the developer.

Honorable City Council:
Re: Applications for Neighborhood Enter-

prise Zone Certificates for the Stearns Building area.

On October 21, 1992, your Honorable Body established neighborhood enterprise zones. I am in receipt of One Hundred seventy-two (172) applications for Neighborhood Enterprise Zone Certificates. These applications have been reviewed and recommended for approval by the City Planning Commission, (except for 6533 East Jefferson, Unit #170), a copy of which is attached. Therefore, the attached Resolution, if adopted by your Honorable Body, will approve these applications. A waiver of reconsideration is requested.

Respectfully submitted,

By Council Member S. Cockrel:

**RESOLUTION
OF SUPPORT FOR BLACKSTONE
PARK ASSOCIATION'S EFFORTS TO
PRESERVE NEIGHBORHOOD**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The Blackstone Park Association is a strong and vital neighborhood association of residents of the area bounded by 8 Mile Road to the north, Pembroke Road to the south, Meyers Road to the east, and Schaefer Highway to the west. Within these boundaries live approximately 850 families, most in single-family brick detached dwellings; and

WHEREAS, In recent months public statements have been made by City officials that have raised concern within the association about the possibility of additional "strip clubs" locating on 8 Mile Road; and

WHEREAS, The Detroit City Council has been requested to support the associations' efforts to have the City enforce the existing zoning ordinances and protect the community values; and

WHEREAS, Much of Eight Mile Road is not presently zoned for the placement of "strip clubs" on that thoroughfare; and

WHEREAS, It has been historically recognized that the concentration of "strip clubs" can significantly detract from a residential neighborhood's ability to attract and retain working families; and

WHEREAS, The residents of communities located near Eight Mile Road are entitled to the full benefit of laws and ordinances designed to maintain quality of life appropriate to residential communities;

THEREFORE BE IT RESOLVED, That the Detroit City Council strongly encourage the Board of Zoning Appeals to carefully review any and all request for zoning variances on Eight Mile Road in order to preserve those values which support Detroit's families.

**RESOLUTION
IN SUPPORT OF COMMUNITY
PARTICIPATION IN WEED AND
DEBRIS REMOVAL CONTRACTS**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, Recent changes in weed and debris removal contract procedures have forced non-profit community groups to compete directly against for-profit firms for weed and debris removal contracts in their own neighborhood, and

WHEREAS, The Office of the Auditor General reported in 2001 that 85% of Detroiters rated vacant lot upkeep as "below good" and the Office of the Ombudsman ranked complaints about weeds as its fifth most common in 2001. For-profits do not have the allegiance to the community as do the non-profits, and

WHEREAS, Local community groups have a vested interest in keeping their communities safe and clean, and re-invest contract revenue into their communities. It is good public policy to encourage neighbors to take care of their own neighborhoods, and

WHEREAS, The Department of Public Works has recently cut from eight to four the number of inspectors responsible for overseeing the work of grass-cutting contractors. Non-profit community bidders have enlisted neighborhood volunteers to act as monitors in order to fill this gap, while for-profit companies have not, leaving only four inspectors to oversee the entire city. NOW THEREFORE BE IT

RESOLVED, That the Departments of Finance/Purchasing and Public Works develop a plan to maximize inclusion of qualified non-profit community groups in weed and debris removal contracting, and that the Departments will submit a report

outlining this plan to the City Council by December 1, 2003. BE IT FURTHER

RESOLVED, That the Detroit City Council will not renew or extend current weed and debris removal contracts, but will approve contracts for 2004 based on the community inclusion plan. BE IT FURTHER

RESOLVED, That the Detroit City Council will examine the weed and debris removal program during the Department of Public Works budget deliberations and, if necessary, add additional funds for the express purpose of encouraging community group participation in weed and debris removal.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Budget Department

September 4, 2003

Honorable City Council:

Re: Transfer of the Office of Targeted Business Development Appropriation from the Finance Department to Non-Departmental

To improve coordination of activities for the City of Detroit business development and outreach initiatives, it is requested that the Office of Targeted Business Development (OTBD) be transferred from the Finance Department to a new Non-Departmental appropriation. The OTBD would then be operated within the Mayor's Office under the purview and direction of the Chief Administrative Officer. This transfer would take place in the current fiscal 2003-04 year upon City Council's approval.

The rationale for this transfer is as follows:

- Implement the Mayor's overall vision related to business development for the City of Detroit.
- Provide vision, direction, and coordination of activities at a mayoral level within City of Detroit government.
- Establish oversight across all city departments and agencies related to business development and the prebid/RFP/RFQ process.

• Ensure effective linkages with the Planning & Development Department, Human Rights Department, other Mayor's Office programs and initiatives, and the Finance Department's Purchasing Division related to citywide business development roles and responsibilities.

It is therefore, respectfully requested that this Honorable Body approves the attached resolution which outlines the transfer of the OTBD current fiscal 2003-04 budgeted appropriation to a new Non-Departmental appropriation for fiscal year 2003-04.

Re: Address: 12030 Prairie. Name: Natalie Tandy-Trice. Date ordered removed: January 9, 2002 (J.C.C. p. 54).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 25, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of July 15, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Correction of Legal Entity & Legal Description. Development: Parcel 283; generally bounded by Warren, Mack, Rohns & Fischer.

On July 30, 2003 (Legal News August 8, 2003, Pg. 10), your Honorable Body authorized the sale of the above captioned property to NRP Group, LLC, an Ohio Limited Liability Company, for the purpose of constructing fifty (50) single-family homes.

It has come to our attention that the name of the legal entity and the legal description were issued in error. Accordingly, the sale to NRP Group, LLC, an Ohio Limited Liability Company should be amended to show Pinigree Park Homes, a Michigan Limited Dividend Housing Association Limited Partnership, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a correction of the legal description and the name of the purchaser from NRP Group, LLC, an Ohio Limited Liability Company to Pinigree Park Homes, a Michigan Limited Dividend Housing Association Limited Partnership.

Re: Request for Closed Session of Detroit City Council to Discuss Gwendolyn Mingo, et al v City of Detroit, Case No. 00-013030 CZ.

Pursuant to your Honorable Body's request to the Law Department, the Law Department has prepared the attached resolution to set a closed session to discuss the lawsuit of Gwendolyn Mingo, et al v City of Detroit, Case No. 00-013030 CZ.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e)

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit in the on-going litigation referenced above.

Respectfully submitted,
MATTHEW SCHENK

Corporation Counsel

Honorable City Council:

Re: Petition No. 4356 — Planning and Development Department, requesting the vacation of streets and alleys in the area of Grinnell, Huber, Miller, Mt. Elliott and St. Cyril for proposed I-94 Industrial Park Project.

The I-94 Industrial Park Project ("the Project") was approved and established by the Detroit City Council on August 4, 1999. "The Project" is being undertaken by the Economic Development Corporation (the "EDC") and will involve the development of a modern industrial park, consisting of several large warehouses. The area will be divided into six (6) project area parcels. Attached you will find a resolution vacating the rights-of-way within Phase One of "the Project", which will cover Parcel Area 1 and Parcel Area 5.

Phase One being the vacation of all of the public streets and alleys in the area generally bounded by Georgia Avenue, 60 feet wide, Huber Avenue, 66 feet wide, the New York Central Belt Line R.O.W. and Winfield Avenue, 50 feet wide.

The Traffic Engineering Division — DPW has no objection to the outright vacation of the public streets and alleys within the "the Project" provided that the City owns all the property adjacent to those rights-of-way to be vacated. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

Your Honorable City Council has previously approved the "Funding Agreement" and "Transfer of Land Agreement" with the "EDC" therefore authorizing the City's power of eminent domain and declaring this project as a public improvement for the benefit and use of the public.

In order to implement and facilitate the accomplishment of certain changes in public rights-of-way, such as vacation and removal of streets, alleys or other public ways, and certain utilities and facilities, both public and private, the attached resolution respectfully request the approval of your Honorable Body authorizing the City of Detroit to require that these right-of-way changes take place.

A waiver of reconsideration is respectfully requested.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificates for three (3) units in the Jefferson North Park area (Recommend Approval).

The City Clerk's forwarded to this office three (3) applications for NEZ certificates in the Jefferson North Park area. The NEZ designation for the area generally bounded by Charlevoix on the north, East Jefferson on the south, St. Jean on the east and Lemay on the west was approved by the City Council on April 22, 2003. The City Planning Commission staff has reviewed the applications and recommends approval.

Certificates are being requested for the following addresses: 2513 Beniteau, 2531 Beniteau, and 2545 Beniteau. The properties are within the NEZ boundaries described above and should be eligible for NEZ certificates as stipulated under State Public Act 147 of 1992 as currently written.

Jefferson North Park LLC plans to develop three (3) new homes in the NEZ area. According to the developer, the single-family homes would be priced from approximately \$145,000 to \$165,000.

Jefferson North Park LLC has applied for certificates, prior to the issuance of building permits, on behalf of the future owners who would eventually occupy the three (3) properties. The State Tax Commission, however, will not issue a certificate until an owner is identified. Once the owner is identified, he or she can apply for the certificate. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff, therefore, recommends that the three (3) NEZ certificate applications for the properties indicated above be approved as submitted.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for 1329

Bagley within the Corktown Neighborhood Enterprise Zone (Recommend Approval).

Our office has received from the City Clerk an application from Randa Haurani for a Neighborhood Enterprise Zone (NEZ) certificate for one new housing unit within the Corktown NEZ. City Planning Commission staff has reviewed this application and recommends approval of the NEZ certificate.

The subject property, which is generally located on the south side of Bagley Avenue just east of Eighth Street, is confirmed as being within the boundaries of the NEZ and should be eligible for a NEZ certificate under State legislation as currently written.

The certificate is for a new 2-story single-family house valued at \$250,000. It is anticipated the structure will be completed around June, 2004.

Please contact us should you have any questions.

**RESOLUTION FOR THE APPROVAL
OF ON-LINE VOTING**

By COUNCIL MEMBER COLLINS:

WHEREAS, With the declination of youth voters at an all time low, a modified solution to boost low voter turnouts has been adopted; and

WHEREAS, With reform and legislation, using the process of on-line voting can increase young voter participation. In Arizona, on-line voting allows pre-registered voters to vote from a PC, either at home or at a polling place with pre-assigned passwords with ID verification; and

WHEREAS, On-line voting has various advantages, which includes, eligibility (only authorized voters can vote) distinctiveness (no voter can vote more than once), privacy (no one can determine how anyone voted, including elected officials), and convenience (voters can cast their votes more rapidly); and

WHEREAS, This alternative voting style gives the participant the choice of a more suitable solution from a time-consuming polling place. NOW THEREFORE BE IT

RESOLVED, That the Michigan Secretary of State consider following the example used in Arizona which gives the people more accessibility by allowing on-line voting.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**RESOLUTION
FOR THE APPROVAL OF
SATELLITE VOTING LOCATIONS**

By COUNCIL MEMBER COLLINS:

WHEREAS, On September 9, 2003, the Honorable Detroit City Council addressed the issues pertinent to the basis of low voter turnouts in the City of Detroit, as well as in Michigan; and

WHEREAS, voters are prone to reside at home, rather than commute to distances away from their residences. Registered voting sites can be very demanding and can create the sense of awkwardness for first-time voters; and

WHEREAS, Bringing forth additional methods, such as satellite voting, will avoid the rush and confusion from residents under the present voting system; and

WHEREAS, Satellite voting has a similarity to absentee voting, except votes from this method are captured immediately; and

WHEREAS, This practice of voting gives the resident a new alternative and more convenient approach in the voting process. NOW THEREFORE BE IT

RESOLVED, That the Michigan Secretary of State consider the use of the above method which allows the set up of satellite voting stations (at malls, senior citizen homes, universities, and stores), allowing voters a new system that will help increase voter turnout.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**RESOLUTION
FOR THE APPROVAL OF AN
EXTENDED VOTING PERIOD**

By COUNCIL MEMBER COLLINS:

WHEREAS, The right to vote is a precious and sacred institution. The use of a "secret ballot" is part of the American legacy; and

WHEREAS, In the past several decades, voter participation has been reducing dramatically; and

WHEREAS, One of the reasons for such low turnouts resides in the inconvenience for voters to cast their votes more rapidly and efficiently; and

WHEREAS, Using the method that extends the voting period allows each resident the essential time it takes to vote. With demanding schedules, more residents would be able to vote if the election period was extended to four (4) days; and

WHEREAS, With Election Days to include Saturdays and possibly Sundays, the people could take several minutes to visit a voting place and exercise their civil duty; and

WHEREAS, Low voter turnouts have been a vast burden to various municipalities and their citizens. NOW THEREFORE BE IT

RESOLVED, That the Michigan Secretary of State consider allowing municipalities the option of extending the voting period to the Saturday prior to the Tuesday election. The polls would be open from Saturday at 8 a.m. until Tuesday 8 p.m.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**RESOLUTION
FOR THE APPROVAL OF
"NO REASON" ABSENTEE VOTING**

By COUNCIL MEMBER COLLINS:

WHEREAS, The residents of the United States vote for many candidates on many different levels of government. Some need more time to review the ballot and research candidates in order to know which one to choose. As a result, most undecided voters don't vote and there is low voter turnout; and

WHEREAS, The solution to this matter may lie in "no reason" absentee voting. "No reason" absentee balloting can be available to any voter who properly requests one; and

WHEREAS, In the state of Maine, this form of voting has taken place. Any registered voter may attain and cast an absentee ballot with no specific reason given; and

WHEREAS, This style of voting allows the people to evade long lines and the inconvenience of polling places within the voting system. NOW THEREFORE BE IT

RESOLVED, That the Michigan Secretary of State consider following Maine's example of "no reason" absentee voting. A proven asset in increasing voter participation.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**RESOLUTION
FOR THE APPROVAL OF
SAME DAY VOTER REGISTRATION**

By COUNCIL MEMBER COLLINS:

WHEREAS, The lack of participation in voting has been waning for several years. There have been many solutions brought forth; same day registration may be one of the key elements in solving this predicament; and

WHEREAS, Same day voter registration in the practice of permitting residents to register to vote at the very site and time the resident cast their ballot to vote; and

WHEREAS, With this type of practice, the viewing of a photo ID at the polling place is required. This also reduces the probability of someone voting numerous times under a different alias; and

WHEREAS, This method of voting is a valuable asset for one of the leaders in voter turnout, the state of Wisconsin. NOW THEREFORE BE IT

RESOLVED, That the Michigan Secretary of State allow the model used successfully in Wisconsin which made that state a leader in voter turnout, by authorizing same day voter registration.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

RESOLVED, That the Detroit City Council by a majority vote removes Kathie D. Dones-Carson from the position of Director of the Research and Analysis Division, effective immediately with payment of 30 days severance pay AND BE IT FURTHER

**STATEMENT FROM COUNCIL
MEMBER ALONZO W. BATES IN
OPPOSITION OF THE TERMINATION
OF THE DIRECTOR OF
CITY COUNCIL'S RESEARCH
AND ANALYSIS DIVISION**

In my two years serving as a elected member of the Detroit's Honorable City Council I have never been more outraged at the conduct that some of my colleagues have displayed. They have totally abused the power that has been given to them. To terminate a respected and valued division head without offering an explanation to why should show every citizen in the City of Detroit that some members of this council use their power irresponsibly. I did not and will not ever vote to remove any member of our appointed staff without first given the citizens who appointed me through election just cause on why this person should be terminated. Since I have been on Council, I have found Mrs. Kathy Dones-Carson to be an outstanding and totally competent attorney who has always given her all to the City of Detroit and the City Council Members.

As we move forward and try to continue doing the job that the citizens of Detroit have elected us to perform, I want to make it clear that the replacement for Mrs. Carson will be chosen through a complete and fair procedure that doesn't support any members political agenda. My personal feelings reflect that this division of the Council does more to damage the advancement of the city and keeps us locked in a repetitious cycle that allows unthinkable events like this one to occur. The citizens of Detroit deserve to be informed thoroughly of all actions taken by the City Council and should not accept that a majority of the council believes the council should move in a different direction. I will as I have done before stand by the principles that have made me the man I am today, furthermore, I will continue to represent those who have placed me here, the citizens of Detroit.

**STATEMENT FROM COUNCIL
MEMBER SHEILA M. COCKREL IN
OPPOSITION TO MOTION TO
TERMINATE APPOINTMENT OF
KATHIE D. DONES-CARSON AS
DIRECTOR OF CITY COUNCIL
RESEARCH AND ANALYSIS DIVISION**

I voted today in full opposition to the recently introduced motion to terminate

the appointment of Kathie D. Dones-Carson as Director of City Council Research and Analysis Division (RAD) for the following reasons:

It is factually alleged that an offer was made to provide pay for six months to Ms. Dones-Carson in return for her resignation. In consideration of the fact that pursuant to Detroit City Code 2-2-34, that the Director of RAD may only be appointed and discharged by the City Council, it is unclear as to how any one member of the City Council may approach the Director of RAD with an offer in exchange of resignation, without there having been a vote regarding the same in open session of the City Council. What is apparent from this situation is that there are serious concerns that a violation of the Open Meetings Act may have occurred in that a decision regarding the employment of the Director of RAD appears to have been made, outside of a public meeting.

Even though the Director of RAD may be discharged without cause, Kathie Dones-Carson has been accused of insubordination. However, that has been complete lack of candor and clarity as to what action, or lack of action constitutes insubordination. Having no evidence of insubordination before me, I cannot vote in favor of discharge.

The members moving in favor of discharge are clearly acting with lack of even the semblance of sensitivity for the personal trauma recently experienced by Ms. Kathie Dones-Carson due to the passing of her mother. Statements which have been allegedly made to her in the meeting asking her if she "Had gotten over it" yet evinces a callous lack of understanding of her personal loss and is highly inappropriate.

Threatening and bullying staff members to remain silent instead of standing up for their rights and calling for official actions in public is clearly inappropriate conduct. The Open Meetings Act is a sunshine law. Sunshine laws are enacted so that the public may be involved and aware of the inner-workings of government. Today, it has become evident that at some point in time, secret meetings occurred which set in course, events leading up to a sham vote to discharge a valued and faithful member of our staff. This vote occurred without meaningful discourse, and without reason in callous disregard of the interests of this body and of the City as a whole. For these reasons, I was opposed to the decision to terminate the appointment of Kathie D. Dones-Carson.

STATEMENT OF COUNCIL MEMBER
KAY EVERETT OF OPPOSITION OF
THE RESOLUTION FOR TERMINATION
OF KATHIE DONES-CARSON,
DIRECTOR OF RESEARCH
AND ANALYSIS DIVISION

On Monday, September 15, 2003, this Honorable Body was requested to vote on a resolution by Council President Maryann Mahaffey and Council Member Sharon McPhail seeking to have the Director of the Research and Analysis Division, Kathie Dones-Carson, removed from her position, I voted "NO" on the resolution because I was satisfied with the work performance of Kathie Dones-Carson and believe that the motive of the resolution for termination was personal.

Understanding that the Director's position of the Research and Analysis Division is an at-will employee of the Detroit City Council and serves at the pleasure of the Detroit City Council, the leadership exemplified by President Maryann Mahaffey and President Pro Tem Kenneth Cockrel is appalling. True leadership would have communicated with the other members on the City Council to determine if they were in agreement of this proposed termination. True leadership would have expressed their displeasure of the work performance of Ms. Dones-Carson prior to termination. Real leadership would have presented a plan of action on how to fill the position once they determine Ms. Carson's services were no longer needed.

I am of the opinion that the leadership of this body "**Broke the Law**" and betrayed the public trust by violating the **Open Meetings Act** while deciding a personal matter behind closed doors. When a person has dedicated over 14 years of service to the City of Detroit and is not given a reason for the termination, this is an abomination and displays the type of character of the people involved in pushing for the termination of Ms. Carson.

I regret the divisiveness that this brought to the Detroit City Council, but I will always fight for justice and the well being of the citizens of Detroit who deserves an open government

STATEMENT BY COUNCIL
PRESIDENT MAHAFFEY FOR
THE RECORD REGARDING THE
TERMINATION OF RESEARCH
AND ANALYSIS DIVISION DIRECTOR

I have faithfully served on the Detroit City Council for 30 years. I have served two of these terms as the Council President. I honor the role that the people of the City of Detroit have seen fit to bestow upon me and I appreciate the trust and confidence you have shown in my leadership and me. Over the years, I have given the people of this city my best efforts and I continue to do so in my current role as City Council President.

Recently, a long-time staff member of the Detroit City Council was terminated. This decision was made by majority vote of the Council. The decision is made in this manner because division directors

are at-will employees who work for and report to all council members. The division directors positions are not union or civil service positions.

Terminating a long time employee is always a difficult and emotional decision. Therefore, it comes as no surprise that there are some hurt feelings and that there is some opposition to this decision. Although we sometimes disagree on these kinds of tough decisions, we must continue to work together for the people of Detroit.

I am greatly appreciative of the employee's years of dedicated service. However, at this juncture a majority of the body simply believes that the council needs to move in a different direction. The majority vote is the way that the city council makes all decisions, including the way that block grant funds are allocated. The normal legislative process was followed in this situation.

Different members of the council made their decisions for various reasons. Some of my colleagues would have us air each of these reasons publicly at the council table. However, by not doing so we avoid any potential harm to the employee's reputation and future employment prospects.

The Research and Analysis Division is an integral part of the Detroit City Council. The division plays a vital role in the development of policies that directly affect the lives of the citizens of Detroit. I have asked all members of the City Council to submit names for the new vacancy and to fully participate in filling the role of division director.

I will continue to work in full cooperation with my colleagues to offer policy, resolutions, ordinances, and assistance that will benefit all of the people of the City of Detroit.

**STATEMENT BY COUNCIL MEMBER
ALBERTA TINSLEY-TALABI
REGARDING THE TERMINATION
OF THE CITY COUNCIL'S
RESEARCH & ANALYSIS DIRECTOR**

A majority of the Detroit City Council voted to terminate the Director of Research and Analysis. I could not, in good conscience, vote with the majority to terminate a senior staff member given the lack of supporting evidence and the flawed process by which this issue was brought before the full City Council.

In my opinion, the president of the City Council did not present sufficient evidence to the Detroit City Council to support the termination despite several requests. In fact, she refused to answer the question which, in my opinion, brings into question the motive. Additionally, a decision to terminate a senior staff member should be brought before the full Council first for discussion prior to informing a staff member that they have been terminated.

When asked if the Council's Personnel Committee ever met to discuss the termination, the City Council President indicated that the personnel committee has not met since 2002. This statement is simply not true given the July 2003 memo from the Personnel Committee to Council regarding evaluations. Again, this attempt to mislead the Council further brings into question leadership's motive. The process that played out in this instance is not befitting an august and honorable body of elected officials.

Although a majority of the City Council voted to terminate a senior staff member, there is no prevailing side; no one wins.

Honorable City Council:

Re: Address: 7290 Sheehan. Name: Joy Lopresti. Date ordered removed: January 16, 2002 (J.C.C. p. 136).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 20, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of September 5, 2001.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition, without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 9259 Holmur. Name: Ruby J. Dudley. Date ordered removed: January 15, 2003 (J.C.C. p. 114).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 28, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of August 19, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate application for one single-family residential unit located at 1454 St. Clair (Recommend Approval).

The City Planning Commission (CPC) office has received an application for a Neighborhood Enterprise Zone (NEZ) certificate, forwarded from the City Clerk's Office on July 25, 2003. This application corresponds to the property located at 1454 St. Clair Avenue, which is generally bounded by Harding, Jefferson, Kercheval and St. Clair. CPC staff has reviewed the application and recommends approval.

The site currently contains one two-family residential structure. Ms. Rose Evans, in conjunction with Detroit New Homes, L.L.C., a licensed contractor, will construct a 2,500 square foot single family dwelling on the site in the St. Clair Neighborhood NEZ. The NEZ certificate application appears to have been submitted prior to the issuance of any applicable building permits.

The property in question has been confirmed as being within the boundaries of the St. Clair NEZ and should be eligible for NEZ Certificates in accordance with State Act 147 of 1992. The estimated cost to construct the unit is \$260,000.

September 11, 2003

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for Nailah Brush Park Development LLC NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office an application from Nailah Brush Park Development LLC for Neighborhood Enterprise Zone (NEZ) certificates within the Crosswinds Communities Brush Park NEZ. The Crosswinds Communities Brush Park NEZ designation was approved by City Council on July 17, 1996. The petitioner is asking for approval of 11 certificates. Nailah Brush Park Development LLC is a corporation formed by the Brush Park Development Corporation and Julio Bateau's Nailah LLC, with each having 50% of the ownership. Mr. Bateau is an African-American Detroit resident.

Certificates are being requested for the following properties: 240 Mack Numbers 1-3, 248 Mack Numbers 1-4, and 262 Mack Numbers 1-4. The current true cash values for each unit appears to be below the \$80,000 maximum allowed for NEZ certificate eligibility.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The developer has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for the developer to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

Proposed is the construction of a town-house-style building with three condominium units and the conversion of two historic single-family homes into two four-unit condominiums. Construction is anticipated to begin soon. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

Honorable City Council:

Re: I-94 Industrial Park Project Development: Parcel 210, bounded by Mt. Elliott, Huber, Winfield, first alley north of Grinnell, St. Cyril & Miller.

On January 9, 2002, (Detroit Legal News, January 16, 2002), your Honorable Body authorized the transfer of Parcel 210 to the Economic Development Corporation of the City of Detroit, a Michigan Public Body Corporation, who in turn would negotiate a Development Agreement with Renaissance Zone, LLC, a Michigan Limited Liability Company.

The Economic Development Corporation has since informed us that due to changes in the economic climate and market conditions they need freedom to negotiate with several developers in order for this development to go forward. As a result of their findings, the Planning and Development Department has determined that it is necessary to amend the original resolution to accommodate their request.

We, therefore, request that the authorization to transfer Parcel 210 to Economic Development Corporation of the City of Detroit, to negotiate a

Development Agreement with Renaissance Zone, LLC, a Michigan Limited Liability Company, be amended to allow the Economic Development Corporation of the City of Detroit, a Michigan Public Body Corporation, to negotiate a Development Agreement with one or more Developers for all or a portion of the site as provided in the Amended and Restated Project Plan for the I-94 Industrial Park Project, as amended by City Council. Any net proceeds received by the Economic Development Corporation from the disposition of the property will be transferred to the I-94 Industrial Park Project revolving acquisition and relocation account in order to cover costs associated with the completion of the project.

We further request that your Honorable Body adopt the attached resolution with a Waiver of Reconsideration and authorize the Planning and Development Department Director of Development Activities to execute a Transfer of Land Agreement for Parcel 210 with the Economic Development Corporation of the City of Detroit, a Michigan Public Body Corporate, for the amount of \$1.00.

September 2, 2003

Honorable City Council:

Re: Authorization to submit an amended grant application, and supplemental information, to the Michigan Department of Natural Resources to renovate/construct comfort stations & picnic facilities in Palmer and Belle Isle Parks.

The Detroit Recreation Department is hereby requesting the authorization of

your Honorable Body to submit an amended grant application, and supplemental information, to the Michigan Department of Natural Resources. With your authorization, in April, 2003, we submitted the original grant for funding through the Michigan Natural Resources Trust Fund.

Under the amended application, the amount being sought from the Trust Fund remains at \$500,000. To that amount, the Recreation Department would be adding \$220,000 in matching funds from capital dollars (an increase of \$50,000 above our original commitment of matching funds). The total project cost, under this amended budget, will therefore be \$720,000. The increased budget will enable the Department to construct paths from each of the comfort stations and picnic shelters to the appropriate roads or sidewalks.

As described in our original letter to you requesting your authorization to apply for this grant, the project will enable the Department to do the following:

- Provide restroom and improved picnicking facilities in the southeastern portion of Belle Isle Park, an area of the park that attracts large numbers of young people and families, and which was designated for group picnicking under the Belle Isle Master Plan.

- Provide restroom and improved picnicking facilities in Palmer Park. The former would be located near Lake Francis, the tennis courts and the ball diamonds. There are currently no restrooms to service those who utilize those facilities. The picnic shelter would be constructed at the northern end of the park, near 7 Mile Road and Pontchartrain.

With your authorization, the Department will submit the amended request to the Michigan Department of Natural Resources in the amount of \$500,000. The City match of \$220,000 will come from the Department's Capital Budget — Appropriation #00905. Appropriation #11148 and Organization #398419 will be used for the grant and cash match.

We respectfully request your approval to submit the amended grant application and supplemental materials by adopting the following resolution, with a Waiver of Reconsideration.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds of each series shall be payable on the first day of each April and October (such first day of April or October

or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on April 1, 2004 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance of each series as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or (ii) 30 years from their dated date.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

The City and the Paying Agent may treat and consider the person in whose name this Bond is registered on the Bond Registry as the absolute owner hereof, whether this Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal hereof and interest hereon and for all other purposes whatsoever, and all such payments so made to such person or upon his order shall be valid and effectual to satisfy and discharge the liability hereon to the extent of the sum or sums so paid.

Section 308. **Registration.** The City and the Paying Agent may treat and consider the Bondowner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. **Mutilated, Destroyed, Stolen or Lost Bonds.** (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City received evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the

City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. **Book-Entry Only System Permitted.** (a) If determined by the Finance Director in the Sale Order, the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying Agent to do so, the Finance Director on behalf of the City and Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository:

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

**ARTICLE IV
SPECIAL COVENANTS**

Section 401. Tax Exemption Covenant. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V
FUNDS AND ACCOUNTS;
DISPOSITION OF BOND PROCEEDS**

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Construction Fund; and
- D. Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for each series of the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds.

Section 502. Debt Retirement Fund. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof and any amounts transferred from the Construction Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 504. Escrow Fund. After making the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the sale of the Series 2003-B Bonds and any moneys transferred by the City at the time of delivery of the Series 2003-B Bonds from the debt retirement fund for the Refunded Bonds, into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such pur-

poses. The Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. Construction Fund. (a) After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the Series 2003-A Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Construction Fund for costs of the Projects, including reimbursement to

the City for moneys previously expended in anticipation of issuance of the Series 2003-A Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of Voter Authorized Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

The Paying Agent for the Bonds shall act as bond registrar, transfer agent and paying agent for the Bonds and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Paying Agent means and includes any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Paying Agent may sell or transfer all or substan-

tially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Paying Agent as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Paying Agent without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Paying Agent and enter into an agreement therewith for such services.

ARTICLE VII

SUPPLEMENTAL RESOLUTIONS

Section 701. **Supplemental Resolutions Not Requiring Consent of Holders of the Bonds.** The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

provided that (A) no supplemental resolution amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

Section 901. **Advancement of Costs of the Projects.** At the direction of the Finance Director, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2003-A Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2003-A Bonds with proceeds of the Series 2003-A Bonds. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds/Good Faith Check. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to

the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof or not whether to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Escrow Deposit Agreement and Verification Agent. The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Escrow Fund.

Section 1010. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary

Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1011. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1012. Preservation of Records. So long as any Bond remains Outstanding, all documents received by the Paying Agent under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 1013. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Paying Agent and the Owners of the Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City or Paying Agent shall be for the sole and exclusive benefit of the City, the Paying Agent and the Bondowners.

Section 1014. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1015. **Severability.** If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

*WAIVER OF RECONSIDERATION (No. 2) per motions before adjournment.

**STATEMENT BY COUNCIL MEMBER
S. COCKREL IN OPPOSITION TO
APPOINTMENT OF DAVID WHITAKER
AS INTERIM DIRECTOR OF
CITY COUNCIL RESEARCH AND
ANALYSIS DIVISION**

I voted today in opposition to the appointment of David Whitaker as the interim director of City Council Research and Analysis Division. I voted against the appointment in order to keep with principles in that I could not vote for an action that was necessitated by an illegitimate act of discharging a longstanding and faithful employee in the first instance.

Mr. Whitaker as an individual has a staff of attorneys and non-attorneys who each play a vital role in the mission of the Research and Analysis Division. I trust that he will duly and faithfully execute his duties in the same dedicated manner that Kathie Dones-Carson did. I am sure that he understands that the Research and Analysis Division has many talented public policy analysts in addition to the attorneys on staff.

I voted no on the earlier decision to terminate the appointment of Kathie Dones-

Carson because such action exhibited insensitivity especially in light of the fact that Kathie Dones-Carson's mother had passed away a mere six weeks prior to the unsubstantiated termination of her appointment. Such action defied logic, reason, and obedience to the fiduciary duty to act in the best interests of the City. I voted no, because I believe that even if employment is "at will," people should be given a reason if they are to be summarily discharged after fourteen years of dedicated service. Particularly when they have been discharged by a City Council that continuously holds itself up as the champion and protector of citizens in distress.

I had to vote no today for the simple reason that today's vote is a continuation of a wrong perpetrated by the previous vote to discharge Kathie Dones-Carson. I cannot, in good conscience, ever vote in favor of continuing a wrong. For all these reasons, I voted no.

***ON WAIVERS OF RECONSIDERATION**

Council Member Collins moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" and numbered 1 to 2 incl., was adopted.

Council Member Everett moved to suspend Rule 23 for the purpose of indefinitely postponing the motion to waive reconsideration, which motion prevailed.

Council Member McPhail then moved that the motion to waive reconsideration be indefinitely postponed, which motion prevailed.

The regular order was resumed.

And the Council then adjourned.

Honorable City Council:

Re: Address: 16827 Livernois. Name: Earlene Morris. Date ordered removed: July 3, 2002 (J.C.C. p. 2000).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 26, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of July 2, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we

will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Respectfully submitted,
AMRU MEAH
