STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL IN OPPOSITION
TO INTRODUCTION OF THE SELF-
INSURANCE FUND AMENDMENT
ORDINANCE AND PREVAILING WAGE
ORDINANCE AMENDMENTS

On Wednesday, November 12, 2003, I voted no on the introduction of the two ordinances referenced above. I vote in opposition to introduction because they were not approved as to form by the Corporation Counsel for the City of Detroit and because I believe that they contain legal problems and issues that need to be addressed at this juncture, prior to introduction.

As a matter of public policy, it is my opinion that receiving approval as to form by the Corporation Counsel, prior to introduction of an ordinance is a worthwhile process. The Corporation Counsel is the attorney for the City of Detroit, and it behooves the City Council to respect and follow the advice of the attorney in legal matter. The present process requiring approval as to form gives the Corporation Counsel an opportunity to ensure that the ordinances we enact conform to technical requirements and to the law. Regularly bypassing such an important safeguard sets a dangerous precedent and I am not prepared to support setting such a precedent.

Additionally, in my opinion, both ordi-

nances introduced appear to contain several provisions that are patently and facially unconstitutional and violative of the 1997 Detroit City Charter. Such flaws represent violations of longstanding and well-settled legal principles that do not represent good-faith efforts to change the law. The introduction of ordinances that are clearly unlawful at the outset is does not represent sound utilization of City resources.

For all of the reasons stated above, I voted no on the introduction of these ordinances.

**SUSPENSION OF COUNCIL
RULE NO. 27**

Council Member McPhail moved that Rule No. 27 of the "Rules and Order of Business of the City Council", which requires that every ordinance, previous to its introduction, shall be approved as to form by the Corporation Counsel, be suspended, for this session only, for the purpose of introducing an ordinance to amend Chapter 18, Art. VIII, of the 1984 Detroit City Code, *Self-Insurance by City*, which motion prevailed as follows:

Adopted as follows:

By Council Member McPhail:

AN ORDINANCE to amend Chapter 18, Article VIII, of the 1984 Detroit City Code, *Self-Insurance by City*, by adding new language to Section 18-8-22, titled *Payment*, to require City Council approval for the payment of certain losses from the Risk Management Fund; adding language to Section 18-8-24 titled *Appropriations*; to require the Law Department to provide quarterly reports of losses from the Risk Management Fund and the repeal of Division 3, the Public Liability Insurance Reserve Fund Sections 18-8-40 through 18-8-48.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. That Chapter 18 of the 1984 Detroit City Code, Article VIII *Self-Insurance by City*; **Division 2. *Risk Management Fund*** be amended by adding new language in Section 18-8-22; titled *Payment* and adding new language in Sections 18-8-24 titled *Appropriations* and the repeal of **Division 3. *Public Liability Insurance Reserve Fund***, Sections 18-8-40 through 18-8-48 as follows:

Sec. 18-8-16. Applicability.

The term "city" used in this division shall include the City of Detroit, a Michigan Municipal Corporation, includ-

ing, without limitation, any and all departments, agencies, and other entities thereof, hereinafter in this division collectively called "the departments."

Sec. 18-8-17. Created.

A separate fund within the general fund class shall be provided by the city, to be designated "Risk Management Fund of the City of Detroit," hereinafter in this division called "Risk Management Fund."

Sec. 18-8-18. Initial and permanent funding; use; minimum balance.

(a) There shall be initially deposited into the risk management fund a sum not to exceed one hundred million dollars (\$100,000,000.00), provided that an amount not to exceed seventy million dollars (\$70,000,000.00) shall be used to reimburse the general fund of the city for: (i) the payment of losses as defined by this division accruing payable by the city for the period commencing July 1, 1994 and ending June 30, 1995 and (ii) the payment of the cost of issuance of the self-insurance bonds and credit enhancement as authorized by resolution adopted by the city council on May 17, 1995.

(b) An amount equal to not less than twenty million dollars (\$20,000,000), hereinafter in this division called the "minimum required balance", shall be maintained in the risk management fund as permanent fund equity for the payment on behalf of the city of all sums which the city shall become legally obligated to pay as losses as defined in this division accruing payable for the period commencing July 1, 1995 and thereafter. The finance director may recommend, from time to time, subject to city council approval by resolution, an increase or reduction in the minimum required balance. The finance director shall immediately advise the city council of any event or circumstance which would cause or result in a reduction of the balance in the risk management fund to an amount less than the minimum required balance during any fiscal year, hereinafter in this division called the "deficiency". In such event, the finance director shall also include in the annual report to the city council required by section 18-8-24, a recommendation of the amount of any appropriations necessary to eliminate such deficiency by not later than the end of the fifth succeeding fiscal year following the fiscal year in which such deficiency shall arise.

(c) Accumulations to the risk management fund by virtue of contributions made by departments as provided under section 18-8-19 may be used to pay the cost of third party liability insurance premiums to insure against losses as defined in this division and administrative costs incurred in connection with the payment of such losses, or the procurement of third party liability insurance premiums to insure against such losses.

Sec. 18-8-19. Contributions and adjustments.

The finance director shall annually make a recommendation for inclusion in the budget, subject to the normal budget process as defined in the Charter and applicable ordinances, of the amounts to be contributed to the risk management fund by the departments, respectively, to the end that such contributions will be sufficient to carry out the purposes of the risk management fund. Adjustments to such contributions may be made annually pursuant to the recommendations of the finance director, provided that in recommending adjustments that are necessary or appropriate, prior losses of the respective departments shall be taken into consideration. In the event that the losses of any department in any fiscal year do not exceed any such department's contribution to the risk management fund for that year, contributions by such department in future years may be increased to such amounts as the finance director may recommend to be appropriate or necessary to reflect fully the losses incurred. Subject to applicable laws, the finance director is authorized to develop and administer guidelines, policies and procedures for risk management by the departments, which guidelines, policies and procedures shall be applied in a nondiscriminatory manner to, and shall be adhered to by the departments, so as to carry out the provisions of this division in as cost effective a manner as possible and to preserve the risk management fund for the purposes for which it has been established. In making the recommendations as called for under this section 18-8-19, the finance director shall take into account actuarial determinations based on the loss experiences of the departments.

Sec. 18-8-20. Investment of funds.

The finance director, subject to applicable laws, may from time to time invest, sell and reinvest the monies of the risk management fund in investments. Earnings from such investments shall be credited to the risk management fund. Solely for the purposes of investment, the monies of the risk management fund may be commingled with the monies of the general fund, provided that the finance director shall account separately for the monies of the risk management fund in commingled investments and the earnings thereon.

Sec. 18-8-21. Losses covered.

(a) Losses shall be paid from the risk management fund. Should any loss or losses exceed the accumulation in the risk management fund, any such deficiency in the risk management fund shall be satisfied in accordance with applicable laws.

(b) The risk management fund shall cover liability to third parties for any loss or damage whatsoever whether arising

out of negligence, tort, contract or otherwise accruing payable by the city from and after July 1, 1994, and for which insurance coverage could be provided by a third party insurer, but for which the city has determined to self-insure, including, without limitation, any obligation for which the city may be held liable under Worker's Compensation or Disability Benefits Law, or under any similar laws, or for damage to property or personal injury, in accordance with applicable law. The risk management fund may be used to defray losses accruing payable prior to July 1, 1994, but only to the extent that sums available in the public liability insurance reserve fund created under section 18-8-40, are depleted or not sufficient to fully pay such losses.

Sec. 18-8-22. Payment.

The finance director shall in a manner consistent with applicable laws pay losses from the risk management fund, except for losses resulting from a Consent Judgment or Decree. For the purpose of this section a Consent Judgment or Decree means an order or judgment issued by a judge based on an agreement between the parties to a lawsuit to settle the matter aimed at ending the litigation with a judgment or order that is enforceable.

Whenever any loss accrues payable from the risk management fund as result of a Consent Judgment or Decree, payment shall be made therefrom, subject to approval of the City Council. Whenever any loss accrues payable from the risk management fund as result of a claim of (\$25,000) twenty five thousand dollars or greater such payment shall be made therefrom, subject to approval of the City Council.

Sec. 18-8-23. Additional insurance.

The risk management fund shall be the sole provider of coverage for losses as defined in this division, provided that any department may petition the finance director for exception, which petition may not be unreasonably denied. No payment shall be made from the risk management fund for losses covered by any purchased insurance within the limits of such insurance.

Sec. 18-8-24. Appropriations; quarterly reports.

The finance director shall make an annual report for the most recently completed fiscal year to the city council before the twentieth day of January of each year regarding the performance and the fiscal status of the risk management fund. The annual report shall include the loss experiences of the departments, respectively, as well as investment earnings with respect to the risk management fund, together with a recommendation thereon as to the appropriations necessary to carry out the provisions of this division.

Such recommended appropriations may be included in the budget for the ensuing fiscal year, subject to the normal budget process as defined in the Charter and applicable ordinances, provided that such appropriations shall be prorated among the departments, respectively, on the basis of loss experiences. The law department corporation counsel shall make a risk management fund report in each quarter of the fiscal year to the city council containing the following information:

- a. Plaintiff's name and case number.
- b. Date of payment.
- c. Claim, arbitration, settlement or judgment amount paid.
- d. Arbitration amount paid including the City Council authorized arbitration settlement range.
- e. City agency number involved in the case.
- f. Plaintiff's legal representation.
- g. Type of incident.
- h. Final arbitration payments where City Council has pre-approved an arbitration settlement range.

Sec. 18-8-39. Applicability.

The term "city" used in this division shall include all general fund departments of the city, the parking enforcement division of the municipal parking department, airport department, and the department of transportation, but shall not include the housing, library, municipal parking (other than the parking enforcement division) or water and sewerage departments. Funding shall be provided by a minimum contribution of two million five hundred thousand dollars (\$2,500,000.00) in the fiscal budget year 1986-87, with additional funding, as recommended by the mayor and approval by the city council subject to the provisions of section 18-8-47 until the fund reaches a level of twenty five million dollars (\$25,000,000.00). The accumulations shall be retained in such fund from year to~~

year as a permanent insurance fund to be used for the payment on behalf of the city of all sums which the city shall become legally obligated to pay as damages because of personal injury, property damage or contract arising from those causes defined in section 18-8-44.

Sec. 18-8-42. Adjustment of contributions upon reaching of maximum amount.

When the accumulation of the reserve fund shall reach the sum of twenty-five million dollars (\$25,000,000.00), any excess over that amount shall be returned to the general fund annually. Thereafter, proper adjustments shall be made annually by the finance director as to the respective annual contributions to be made, to the end that the fund shall remain at twenty-five million dollars (\$25,000,000.00) or as near the sum as possible; provided, that in making such adjustments, losses of the respective contributors during the year shall be taken into consideration. Re: United States Department of Education, Office of Innovation and Improvement, Fund for the Improvement of Education Grant Program.

The United States Department of

Education identified in the FY 2003 the City of Detroit as a recipient of a Congressionally authorized grant under the Fund for the Improvement of Education (FIE) program. Under the legislation, the City of Detroit would receive \$596,100 for an after school program information management and evaluation initiative.

The Information Technology Services Department (ITS) is seeking your Honorable Body's approval to accept the grant to create an infrastructure to collect citywide data for after-school programs and the effect it is having on children and youth. This project is in partnership with multiple local, state, private and public institutions by implementing database software in up to 100 public and private agencies that will allow information regarding after school programs in Detroit and the levels of participation to be collected and evaluated on a city-wide basis. These efforts are being coordinated with Mayor's Time, Inc., the Michigan Department of Education and Michigan State University, to integrate the software system being implemented in 21st Century Learning Center sites across the State of Michigan. ITS is contracting with Mayor's Time, Inc. to oversee, implement and complete the project.

We respectfully request your Honorable Body's approval of the attached resolution authorizing the City of Detroit, through the Chief Information Officer of the ITS Department, to accept the grant award for the implementation of the database system as described above and to authorize the Chief Financial Officer to establish appropriation number 11455, transfer funds, honor vouchers and payrolls when submitted in accordance with the foregoing communication. Re: Acceptance of U.S. Department of Justice — Office of Community Oriented Policing Services (COPS) Grant Totaling \$1,987,000.

Your approval and acceptance of this grant is needed. It will be used to develop and implement a centralized call center for the City of Detroit. This will allow the city to centralize all of its day-to-day service requests into a system that captures all service requests from various agencies. The city will be capable of tracking all types of activities and use the information to make informed and coordinated responses to any type of problem. There are several benefits. Citizens will see improvements in two ways. One, it will be easier to submit requests for service or complaints. Two, it will take less time to address their issues. City departments will reap benefits through improvements in effectiveness and efficiency.

The system will:

- Document all requests for service
- Electronically forward the requests to the responsible entity
- Facilitate multi-agency response
- Assign a tracking number
- Track the cost of providing that service; and
- Provide detailed reports that allow senior management to evaluate and improve performance.

There are several models around the country where one telephone number is used to request services from any city department. The most common implementations have used the number 311.

Attached is documentation related to the grant:

- COPS Technology Grant Award
- Grant application details

Your acceptance and support is needed. The centralized call center will be a significant benefit to the entire city.

Thank you for your time.

Detroit Department of Transportation

November 5, 2003

Honorable City Council:

Re: Proposed Resolution for DDOT Fare Reduction on Thanksgiving Day, Thursday, November 27, 2003.

We are submitting the above-referenced resolution to your Honorable Body for consideration. This proposed resolution will authorize the Detroit Department of Transportation to charge a reduced promotional fare of one dollar (\$1.00) on all regular bus and shuttle routes in conjunction with, and in support of, the annual America's Thanksgiving

Day Parade® on Thursday, November 27, 2003.

This proposed resolution is submitted to your Honorable Body pursuant to Section 58-4-7(c) of the 1984 Detroit City Code, which provides that, upon approval of the Detroit City Council, the Detroit Department of Transportation may charge a reduced fare for a specified day. As defined in Section 58-4-1 of the 1984 Detroit City Code, a reduced fare is a promotional fare designed to encourage passengers to utilize bus services offered by the City of Detroit, and is at variance with the fare required to be collected. Student cash and ticket fares will remain at seventy-five cents (\$.75) and senior citizens and disabled persons will not be charged a fare on this day in accordance with Section 58-4-7(a) of the 1984 Detroit City Code.

We request that this proposed resolution be adopted at the next Formal Session of your Honorable Body. A waiver of reconsideration is requested.

We are available to answer any questions that you may have concerning this proposed resolution. Thank you for your consideration.

Respectfully submitted,
MARISOL SIMON
Deputy Director

By Council Member Watson:

Whereas, The Detroit Department of Transportation desires to charge on Thursday, November 27, 2003 from 6:00 a.m. until 6:00 p.m. only, a reduced promotional fare of one dollar (\$1.00) in lieu of the regular adult cash and ticket fares of one dollar and fifty cents (\$1.50), as required by Section 58-4-7(a)(1) of the 1984 Detroit City Code;

Whereas, Student cash and ticket fares will remain at seventy-five (\$.75) and senior citizens and disabled persons will not be charged a fare on this day in accordance with Section 58-4-7(a) of the 1984 Detroit City Code; and

Whereas, A reduced fare for the America's Thanksgiving Day Parade® on Thursday, November 27, 2003 will encourage potential passengers to use Detroit Department of Transportation bus

services and encourage citizen participation in this annual holiday event.

Now, Therefore, It Is Resolved, That, in observance of the America's Thanksgiving Day Parade®, the Detroit City Council authorizes the Detroit Department of Transportation to charge a reduced fare of one dollar (\$1.00) on Thursday, November 27, 2003 from 6:00 a.m. until 6:00 p.m. only, in lieu of the regular adult cash and ticket fares of one dollar and fifty cents (\$1.50), as required by Section 58-4-7(a)(1) of the 1984 Detroit City Code.

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-148 to establish the Crescent Brass and Pin Historic District, to establish conservation as the design treatment level for the district, and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-148 to read as follows: **Sec. 25-2-148. Crescent Brass & Pin Historic District.**

(A) A historic district to be known as the Crescent Brass & Pin Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Crescent Brass & Pin Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows:

On the north, a line starting at a point, that point being the intersection of the centerline of Trumbull Avenue with the north boundary, extended east and west, of Lot 125 of Woodbridge's Sub (L 9, P 93 Plats, WCR); thence east along said north boundary of Lot 125 to its intersection with the centerline of the north-south alley lying between Trumbull Avenue and Lincoln Avenue; thence south along the centerline of said north-south alley to its intersection with the north boundary, extended east and west, of Lot 138 of Woodbridge's Sub (L 9, P 93 Plats, WCR); thence east along said north boundary of Lot 138 as extended to its intersection with the centerline of Lincoln Avenue; on the east, the centerline of Lincoln Avenue; on the south, a line starting at a point, that point being the intersection of the centerline of Trumbull Avenue with the south boundary, extended east and west, of Lot 116 of Woodbridge's Sub (L 9, P 93 Plats, WCR); thence easterly along said south boundary of Lot 116 as extended to its intersection with the centerline of the north-south alley lying between Trumbull Avenue and Lincoln Avenue; thence north along the centerline of said north-south

alley to its intersection with the south boundary, extended east and west, of Lot 141 of Woodbridge's Sub (L 9, P 93 Plats, WCR); thence east along said south boundary of Lot 141 as extended to its intersection with the centerline of Lincoln Avenue; and on the west, the centerline of Trumbull Avenue. (Legal Description: Lots 116-125 and Lots 138-141, Woodbridge's Subdivision of OL 112, 113 and 115 of the Subdivision of the Woodbridge Farm, L9, P93 Plats, WCR).

(D) The design treatment level of the Crescent Brass & Pin Historic District shall be conservation as provided for in Section 25-2-2 of this code.

(E) The defined elements of design, as provided for in Section 25-2-2 of this code, shall be as follows:

(1) *Height.* The structures are two (2) stories tall, with the exception of the 1949 Quonset hut, which is a single story.

(2) *Proportion of Buildings' Front Facade.* While the original 1905 building and individual additions may have been taller than wide, when taken as a whole, the Trumbull Avenue facade is substantially wider than it is tall. The Quonset hut is approximately fourteen feet to its highest point; all four of its elevations are wider than tall.

(3) *Proportion of Openings Within the Facade.* The Trumbull Avenue facade features a variety of window openings due to the many additions and alterations over the years. Industrial sash windows wider than tall are the predominant type; the 1956, or southernmost, addition has ribbon or strip-type window openings (temporarily boarded), also wider than tall. Originally, the 1905 building at the northern end of the Trumbull Avenue elevation had double-hung sash windows; they are only visible on the north elevation since being replaced with industrial sash in the front. The entrance into the complex was relocated from the Trumbull Avenue elevation to the southwest corner of the 1956 addition where there is a canopy over the single doorway. Openings amount to approximately thirty-five (35) per cent of the front facade, although many are currently filled with temporary materials. A large metal-clad sliding drive-through door centered on the west elevation of the Quonset hut has replaced the original large wooden double door as seen in a similar opening on the east side of the structure. The drive-through opening is flanked on each side by a single horizontal opening containing two subdivided windows and a single louvered window above.

(4) *Rhythm of Solids to Voids in The Front Facade.* An irregular rhythm of solids to voids on the Trumbull Avenue elevation of the building is due to a series of additions and alterations over the span of fifty years; fenestrations patterns are

alike on the two floors in the sections of various dates. Regular placement of openings in the Quonset hut results in a regular rhythm.

(5) *Rhythm of Spacing of Buildings on Streets.* The buildings with its additions is set directly on the Trumbull Avenue right-of-way.

(6) *Rhythm of Entrance and/or Porch Projections.* No discernable rhythm of entrance and/or porch projections exists in the district.

(7) *Relationship of Materials.* The major relationship of materials in the Crescent Brass & Pin Historic District is that of brick with mortar joints to masonry foundations and sills, visible concrete structural elements, and metal window frames and glass. The Quonset hut is corrugated sheet metal on a poured concrete foundation.

(8) *Relationship of Textures.* The major textural relationships are those of brick laid in mortar joints and the exposed concrete structural grid contrasted with smooth stone sills and multipaned windows in metal or wood frames. The corrugated metal of the Quonset hut contrasts with its cast concrete foundation.

(9) *Relationship of Colors.* The solid wall surfaces of the building are primarily different shades of orange or red brick contrasted with beige masonry trim and concrete structural framing elements. The foundations along Trumbull Avenue were once painted gray. The Quonset hut is its original metallic gray, now heavily rusted. Window frames, now faded, were once painted green.

(10) *Relationship of Architectural Details.* The architectural detailing of the building can be characterized as utilitarian. There are continuous sills, exposed concrete framing, and raised brickwork. Generally, the district lacks any traditional ornamentation.

(11) *Relationship of Roof Shapes.* The roof of the main structure is not visible from the street, although light monitors, brick chimney stacks and metal structures are visible when looking northwest from Lincoln Avenue. The entire Quonset hut is, in effect, a continuous curved roof.

(12) *Walls of Continuity.* A wall of continuity is created on Trumbull Avenue by the continuous stretch of additions sited on the front lot line.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* A shallow lawn of grass turf extends to the narrow sidewalk along the Trumbull Avenue elevation. The curbing and sidewalks are concrete. An ornamental lighting pole on Trumbull Avenue at the southern end of the building is the only existing piece of street furniture. Outside of the district to the north is a brick-paved alley and a concrete railroad overpass.

(14) *Relationship of Open Space to*

Structures. Open space in the district exists in the form the shallow grass turf area in the front, or Trumbull Avenue, elevation, a parking lot south of the 1956 addition and vacant land around the Quonset hut. An alley running north-south divides the block in half. A six-foot chain link fence topped with barbed wire borders the property along Lincoln Avenue.

(15) *Scale of Facade and Facade Elements.* The scale of the building facade is modest for an industrial building. The Trumbull Avenue elevation, because of its length and the wall it creates, is impressive in scale. Facade elements such as continuous sills and visible structural elements stand out from the plain wall surfaces.

(16) *Directional Expression of Front Elevations.* The directional expression of the Trumbull Avenue elevation is emphatically horizontal due to the continuity of the additions. The front facade of the Quonset hut is neutral.

(17) *Rhythm of Building Setbacks.* The original 1905 building and its additions are situated on the front lot lines along Trumbull Avenue. The Quonset hut is set back from Lincoln Avenue. No rhythm is created in the relationship of the two structures.

(18) *Relationship of Lot Coverages.* The complex of structures making up the Crescent Brass & Pin Historic District occupy most of its lot to the alley between Trumbull and Lincoln Avenues. It appears as a collection of several additions joined together, yet distinct in their individual appearances. Across the alley to the east is the Quonset hut, which faces Lincoln Avenue but is set back considerably and has open land on all four sides.

(19) *Degree of Complexity Within the Facades.* The Crescent Brass & Pin Historic District exhibits some degree of complexity due to the variety of industrial styles within the complex, but is generally not complex.

(20) *Orientation, Vistas, Overviews.* The structures comprising the Crescent Brass and Pin Historic District are primarily oriented towards Trumbull Avenue. The vista to the north is towards the overpass of the elevated rail road tracks, with other older industrial buildings lying north, east and west. Across the street to the south is the Research Park housing development consisting of two-story garden apartments and a high rise apartment building.

(21) *Symmetric or Asymmetric Appearance.* The Crescent Brass & Pin complex is asymmetrical in its overall appearance.

(22) *General Environmental Character.* The area in which the Crescent Brass & Pin Historic District is located is largely occupied by older industrial facilities adjacent to and on both sides to the rail line; vacant land; some vestiges of urban rede-

velopment; rail right-of-ways; and free-ways. New Center is to the north and the Wayne State University athletic fields are to the south. A larger residential community exist to the south as the Woodbridge Historic District.

Section 2. All ordinances or parts of ordinances in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Historic Designation Advisory Board

November 13, 2003

Honorable City Council:

Re: Historic Designation Advisory Board submitting its final report on the proposed Ebenezer African Methodist Episcopal Church Historic District.

At the direction of the Historic Designation Advisory Board at its meeting of August 14, 2003, I am pleased to submit to your Honorable Body the board's final report on the proposed Ebenezer African Methodist Episcopal Church Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance of designation is attached. The ordinance has been approved as to form by the Law Department.

This designation was requested by the Church. *Ad hoc* members of the Advisory Board for this study were Harry Burrell and Charles Middleton, both members of the church; Mr. Burrell is a member of the Trustee Board of the church and fulfilled the requirement that an *ad hoc* member represent the owner. Both *ad hoc* members voted to recommend designation.

On file in the City Clerk's Office is a copy of the minutes of the public hearing held by the Advisory Board on this matter. The Historic District Commission report and comment and its Master Plan Review as it relates to the proposed historic district is on file in the City Clerk's Office, as is correspondence received relative to the designation.

AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-149 to establish the Ebenezer African Methodist Episcopal Church Historic District, to establish conservation as the design treatment level for the district, and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-149 to read as follows:

Sec. 25-2-149. Ebenezer African Methodist Episcopal Church Historic District.

(A) A historic district to be known as the Ebenezer African Methodist Episcopal Church Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Ebenezer African Methodist Episcopal Church Historic District are as shown on the map on file in the office of the City Clerk, and shall be as follows: On the west, the centerline of W. Chicago; on the north, the north line extended east and west of Lot 385 of Nardin Park Subdivision (L26, P96); on the east, the centerline of the north-south alley lying between W. Chicago Boulevard and Ravenswood Avenue; and, on the south, the south line extended east and west of Lot 390 of the Nardin Park Subdivision (L26, P96). (Legal description: Lots 385-390 of the Nardin Park Subdivision (L26, P96 of Plats, WCR).)

(D) The design treatment level of the

Ebenezer African Methodist Episcopal Church Historic District shall be conservation as provided for in Section 25-2-2 of this code.

(E) The defined elements of design, as provided for in Section 25-2-2 of this code, shall be as follows:

(1) *Height.* The educational wing of the Ebenezer African Methodist Episcopal Church is three stories tall on a high basement; the sanctuary section is one tall story with a multi-stage bell tower at the junction with the educational wing.

(2) *Proportion of Buildings' Front Facade.* While the building is wider than tall, vertical elements, such as projecting, multi-story wall gables and bays of the educational unit, the tall tower, and the arched windows and gabled transept of the sanctuary section balance the composition.

(3) *Proportion of Openings Within the Facade.* The West Chicago Boulevard facade features a variety of openings due to the style and functions of the building and its parts. The educational unit features a central recessed, compound arched entrance containing a pair of rectangular wooden double doors with a segmentally arched transom above. The majority of windows in the educational unit are single metal casements; metal-framed external storm windows cover most of them. The bays of wall sections throughout the front of the building are regularly and heavily fenestrated, except at the southern end of the west side of the sanctuary, where the wall is punctured with a small window. The south, or liturgical west wall of the chancel contains the three lancets comprising "the chancel window." All window openings tend to be further subdivided by leaded members or wood or stone tracery. Each level of the tower contains differently shaped, sized, and grouped openings; from the bottom these are: the entrance in its south elevation; a single opening with tracery set in front of a casement window; a group of three openings containing small casement windows; and the paired louvered openings in the bell tower. Openings range from approximately thirty-five (35) percent of wall surface in the more heavily fenestrated sections, particularly the educational unit, to ten (10) per cent or less of a particular wall surface.

(4) *Rhythm of Solids to Voids in The Front Facade.* A regular rhythm of solids to voids is apparent within the three sections of the facade — the educational unit, the sanctuary, and the tower. Flanking the entrance bay of the educational unit, with its recessed, compound arched, double-doors and transom beneath the shallow arch, are groupings of similar windows per floor. The ogee-arched portal into the narthex of the church is at the west side of the tower. Louvered windows in the upper

stage of the tower are paired. At ground level of the educational unit and the sanctuary area groupings of two to four windows lighting the basement. The side aisles are fenestrated by two small paired rectangular stained glass windows in each bay between buttresses. In each bay in the clerestory wall above the side aisle roof a large pointed arched traceried window lights the nave. The north and south transept walls are pierced by large pointed-arched, traceried, stained glass windows, and the west wall of the church contains the "Chancel Window," composed of three stained glass lancets. In general, regular rhythms of a variety of openings are created within each of the three sections of the building.

(5) *Rhythm of Spacing of Buildings on Streets.* The educational unit building is set back from the public sidewalk; the sanctuary is set back slightly further, creating more open space in front.

(6) *Rhythm of Entrance and/or Porch Projections.* The main entrance to the educational unit is centered on its front facade near ground level and approached on axis; the entrance into the narthex of the church from its doorway in the west elevation of the tower is at the first floor level and is reached by three short flights of steps. Set back considerably from the front facade but facing the street are secondary gabled entrances, one on the end of the educational unit and one on the end of the sanctuary.

(7) *Relationship of Materials.* The major relationship of materials is stone, either granite or limestone, with mortar joints; smooth masonry tracery, trim and carvings; and leaded glass. The third floor of the educational unit is stucco, and has a decorative metal cornice. The main roof is slate; copper roofing, flashing, louvers, and gutters exist. The upper landing of the sanctuary entrance is paved in slate. Most window frames are metal; doors, third floor window frames, and half-timbering are wood. The rear of the building and the sides behind the secondary gabled entrances are brick.

(8) *Relationship of Textures.* The major textural relationships are those of randomly laid, roughly dressed cut stone contrasted with smooth trim and/or carved surfaces. Applied half-timbering on the third floor of the educational unit, the joints of the copper roofing over the side aisles of the sanctuary, and the horizontal rows of louvers in the bell tower provide textural interest as well. The slates of the roof add to textural interest, as does leaded and stained glass and traceried windows. In general, the district is rich in textural interest.

(9) *Relationship of Colors.* The solid wall surfaces of the Ebenezer African Methodist Episcopal Church fluctuate between gray and beige in color, with tints

of orange and brown. The smooth and carved trim is light beige. The slate roof is multi-colored in the typical shades of weathered Vermont slate, weathered gray and green, while the copper of secondary roofs, flashing, and gutters are weathered verdigris. Brown stained wooded doors, black window frames and storm windows, mullions and muntins, and colored glass are also evident. The rear wall surface is orange brick.

(10) *Relationship of Architectural Details.* The architectural details follow the Neo-Gothic style of the building and its ecclesiastical function. The use of random-laid and rough stone, bands and groups of windows, Gothic tracery, stained glass, carved surfaces around doorways, quoining around openings, buttresses, ogee-arched windows, gables, and half-timbering are all indicative of the style. Detail is generally concentrated around and within window and door openings and under eaves. Belt courses and a stone water table are also present.

(11) *Relationship of Roof Shapes.* The front slope of the roof is present over the building, with side-facing gables at the ends and intersecting gables over projecting gabled bays and the front transept arm. The roof of the tower is not visible, with the exception of the small multisided projection bearing a copper domical roof with a metal cross over the northwest corner of tower.

(12) *Walls of Continuity.* The front facade of the building itself serves as the primary wall of continuity; the tower between the educational unit and the sanctuary section provides a transition between the older educational unit and the sanctuary section. Privet hedges at the lot line and trees planted in the lawn between the curb and the public sidewalk at regular intervals provide secondary walls of continuity.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* A lawn of grass turf extends along the length of the building to the sidewalk on the south side of West Chicago Boulevard. A row of masonry blocks separates the public sidewalk from the graded front lawn, as do the privet hedges planted along the front lot line. Concrete walkways lead to primary and secondary entrances. Foundation plantings of a deciduous nature are located in front of the building. Railings for wheelchair access have been added along the steps to the sanctuary entrance.

(14) *Relationship of Open Space to Structures.* The only open space on the parcel is that in front of the building, as the rear of the building is sited at the lot line. Across northbound West Chicago Boulevard to the northwest is Richard Allen Park, also known as Nardin Park, a block long passive recreation area.

(15) *Scale of Facade and Facade Elements.* The scale of the facade of Ebenezer African Methodist Episcopal Church is substantial. Composed of three units — the educational unit, the tower, and the sanctuary, the building occupies approximately one third of the block. Elements within the building are in the moderate range, including the main entrance, window groupings, and multi-story bays. Details are generally small in scale and are repetitive, sometimes forming rows or columns of a larger scale.

(16) *Directional Expression of Front Elevations.* The directional expression of the West Chicago elevation is emphatically horizontal, although individual elements, such as the multi-story bays, gabled roofs, transept windows, and especially the tower, bring balance to the composition.

(17) *Rhythm of Building Setbacks.* The building is set back from the front lot line, creating grassy open space in front. The educational unit and tower share a setback; the sanctuary is further set back.

(18) *Relationship of Lot Coverages.* The one building occupies approximately seventy (70) per cent of its parcel.

(19) *Degree of Complexity Within the Facade.* The Ebenezer African Methodist Episcopal Church Historic District displays complexity in the variety of fenestration and textural effects, but a consistency in regular placement of windows and stylistic detail. It is a busy facade but easily readable.

(20) *Orientation, Vistas, Overviews.* The educational unit and tower are oriented toward West Chicago Boulevard. The axis of the sanctuary is parallel to the street. The complex stands out on the streetscape due to its tall tower, horizontal bulk, and obvious function, conspicuous within a block of residential buildings. Across the street is the large open space of Richard Allen Park, adding to the prominence of the building.

(21) *Symmetric or Asymmetric Appearance.* The Ebenezer African Methodist Episcopal Church complex is asymmetrical in its overall appearance, but, when taken by itself, the educational unit is symmetrical.

(22) *General Environmental Character.* The area in which the Ebenezer African Methodist Episcopal Church Historic District is located is largely occupied by older residential structures, both single and multiple units, ranging from two to four stories tall, and another religious structure across Richard Allen Park on the northwest side of West Chicago Boulevard. It stands out as a prominent landmark in the community.

Section 2. All ordinances or parts of ordinances in conflict with this ordinance are repealed.

Section 3. This ordinance is declared

necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

November 10, 2003

Honorable City Council:

Re: Nominations for the Citizen Review Committee for term ending June 30, 2006 (Recommending Appointments).

There are currently four vacancies on the Citizen Review Committee (CRC) due to the expiration of the terms of Derrick Brown, Karriem Muhammad, William Ware, and Linda Masino on June 30, 2003. The City Planning Commission (CPC) has interviewed eleven (11) candidates and has nominated four persons to fill these vacancies. These vacancies are for three year terms that will expire on June 30, 2006.

In accordance with past practice, the staff of the City Planning Commission solicited applications through a citywide mailing in August, 2003. Thirty applications were received, including applications from two of the incumbent members. Mr. Derrick Brown and Ms. Linda Masino elected to not apply for another term. Twelve (12) candidates were selected for interviews, based on their grass-roots community involvement, their history of

involvement in community development issues, and their understanding of grant applications and of the NOF proposal review process. The Planning Commission interviewed eleven (11) candidates on November 6, 2003. One person did not appear for an interview.

The City Planning Commission has nominated Mr. Karriem Muhammad, Mr. William Ware, Ms. Tracey Marks, and Mr. Shawn Smith to each serve for a three-year term ending on June 30, 2006.

- Mr. Karriem Muhammad is completing his third term on the Committee. He is a resident of Cluster 3 (Southeast area).

- Mr. William Ware is completing his third term on the Committee and is a resident of Cluster 6 (Near Northwest area).

- Ms. Tracey Marks would be a new member to the Citizen Review Committee. She has been an active participant in the Disabilities Task Force and resides in Cluster 4 (Central City/down-town area).

- Mr. Shawn Smith would be a new member to the Citizen Review Committee. He has been involved in the Empowerment Zone Innovation Fund. He resides in Cluster 2 (Northeast area).

Several items are attached for your information, including a "Job Description for Citizen Review Committee Members" (Attachment 1), a listing of the existing Citizen Review Committee members (Attachment 2), the attendance records of the two incumbent applicants (Attachment 3), a map of existing CRC members and nominees (Attachment 4). The applications of the four persons nominated for the Citizen Review Committee by the City Planning Commission are on file.

Recommendation

The City Planning Commission recommends that Mr. Karriem Muhammad, Mr. William Ware, Ms. Tracey Marks and Mr. Shawn Smith be appointed to serve as members of the Citizen Review Committee for three year terms ending June 30, 2006.

STATEMENT OF COUNCIL MEMBER
SHARON MCPHAIL REGARDING THE
VOTE ON THE RESEARCH AND
ANALYSIS DIRECTOR JOB
DESCRIPTION, PREVAILING WAGE
AND SELF-INSURANCE FUND
AMENDMENTS

The vote, on November 14, 2003, to approve the job description for the Director of the Research and Analysis Division was long overdue. The Personnel Committee submitted the draft numerous times and a long period was given for everyone to comment. The matter was debated regularly at the table. In my two years as a member of this Body, I have observed the intentional manipulation of the process by members who, having lost one vote or another, determined to attenuate the process and stop others on the prevailing side from proceeding. This is just such a situation.

The minority, (S. Cockrel, Bates, Everett and Tinsley-Talabi) having lost the vote to terminate the previous director, is determined to prevent the hiring of a new director. The constant memos asking repeated questions of the Personnel Committee and demanding written responses is one tactic employed by Member Sheila Cockrel: Delaying the vote on the job description is another.

The fact that no job description exists for a position that is so central to the functioning of this Council is an embarrassment. Rather than attempting to disrupt the efforts of others to move forward, members should work cooperatively to create a process, which would allow the Council and its employees to have some

degree of certainty about the responsibilities of the positions.

I voted to approve the description in order to permit the placement of ads and the receipt of applications for the position of Director of RAD. I did so because I believe that we must move to hire a strong, forward thinking and creative Director who will join with the progressive members of this Council to protect citizens and our City. I see this Council as the Charter envisions it should be, a policy making body that sets the agenda for the City of Detroit. I am not afraid to take on that challenge and I believe that we owe it to our citizens to spend more time solving systemic problems and less time in personal bickering. Phone messages from the public reflect that people are not fooled: Notwithstanding the lectures about personal attacks, citizens are aware that it is the minority who are making the personal attacks and voting on the basis of their personal dislike of others.

I will, as I have done since I was elected, support those of my colleagues who are trying to do their jobs, in their proposals to move Detroit forward. Our President, Maryann Mahaffey has been subjected to disrespect and abuse by members of this Council for a very long time. She, President Pro-Tem. Ken Cockrel, Jr., Barbara-Rose Collins, Joann Watson and I have sought the support of our colleagues for our initiatives. We do not move in lock step but in general have a clear direction; to work in the best interest of the City. We are personally attacked by others for our efforts and forced to endure long and rambling lectures from members who vote their personal dislike of colleagues instead of voting on the issues.

Last week, four members voted against the Prevailing Wage amendments and against the amendments to the Self Insurance ordinance. Prevailing wage protects working people. The current self-insurance ordinance allows the spending of millions of taxpayer dollars with no oversight by Council: The amendments would correct that. Out of personal animus, four members of this Council voted against protecting the most significant trust given to us by Charter, the monitoring of the spending of taxpayer dollars. The thinly veiled effort to justify this irresponsible behavior with illogical rationales should be seen for what it was, a failure of leadership and a breach of the public trust.

STATEMENT BY SHEILA M. COCKREL
IN OPPOSITION TO A RESOLUTION
APPROVING THE RESEARCH AND
ANALYSIS DIVISION DIRECTOR
JOB DESCRIPTION

On Friday, November 14, 2003, I voted no on the resolution referenced above for

the simple reason that the job description it approves is illegal. In my opinion, the job description is illegal in the manner it was developed and illegal in its substance.

The Personnel Committee of the City Council is clearly and unequivocally subject to the Open Meetings Act. A job description that is supposedly developed by the Committee should have been done during an open meeting and it was not. The job description materialized with a statement that it was prepared by the Personnel Committee. To my knowledge, there has been no open meeting **as required by law** of the personnel committee in which any discussion on the finalization of a job description ever took place. The process that developed this document was not carried out in a legal manner, and I refuse to support actions taken in the dark.

Not only was the job description flawed at its inception, it is fatally flawed in substance. The 1984 Detroit City Code is clear that the Council as a whole, and not some committee, is responsible for appointing the Director of the Research and Analysis Division. The job description would provide that the Director is appointed upon recommendation of the Personnel Committee. Such a provision clearly usurps the responsibility of the Council as a whole and places it squarely within the grasp of a small faction of the whole.

It is unacceptable that five votes and one law degree may be all it requires to pass a document that blatantly ignores the requirements of the law. When it comes to questions of law, I choose to heed the advice of the Corporation Counsel, who by charter, is the attorney for the City, and the advice of the Research and Analysis Division, the body responsible for independently advising Council on the law. I cannot and will not support what I believe to be illegal conduct and substance.

For all of the reasons stated above, I voted no.

STATEMENT BY SHEILA M. COCKREL IN OPPOSITION TO SPECIAL EVENTS PARKING RESOLUTION

On Friday, November 14, 2003, I voted no on the resolution referenced above. The resolution is entitled "Special Events Parking" but in substance, it is a personal attack based on bald-faced allegations leveled against Al Fields, the Consumer Affairs Director.

There are real issues pertaining to the parking situation in Downtown Detroit, particularly on game days. However, the City Council, as the legislative body for the City of Detroit, has the ability and responsibility to act to amend and clarify the law when necessary. The power to legislate is the tool of the Council to provide services to the people.

The act of hurling personal attacks at individuals is not a tool to effect positive change. It is an act that causes division, resentment, and ultimately, impediment to progress. I have noticed a growing trend where personal attacks on certain individuals appearing before Council has steadily increased. This is not good government and I cannot vote in favor of a document that would further attack individuals based on unverified allegations.

The resolution is based partly on allegations that "Al Fields has been seen eating lunch with parking lot owners..." As one Council Member, I believe in and fiercely protect freedom of association and freedom of speech. I do not believe that the mere act of having lunch and discussion with another human being entails anything inherently sinister or diabolical. I do not believe in engaging in inquisitions and witch-hunts that may result in stifling of free speech and exchange of ideas.

For all of the reasons stated above, I voted no.

Honorable City Council:

Re: Core City Phase 11 — Payment in Lieu of Taxes (PILOT).

Core City Neighborhoods, Inc., the sponsor, has formed Core City Estates Phase 11 Limited Dividend Housing Association Limited Partnership. The Core City Phase 11 development will consist of sixty-six (66) newly constructed two and three bedroom townhomes units each with 1.5 baths and approximately 1250 and 1400 square feet in size. Financing for the development will be made possible by a loan of \$1,300,000 at 5.25% interest for 20 years from the City of Detroit — Home Investor Loan Program; \$1,341,000 at 6.75% interest for 18 years from MuniMae Midland and Low Income Tax Housing Tax Credits with a total development cost of eleven million three hundred forty-eight thousand five hundred thirty-two dollars (\$11,348,532).

The Project area is bounded by: Hazelwood to the north, Grand River to the south, Petoskey to the west and Quincy to the east.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eli-

gible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 13 of the units must be occupied by households having incomes no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 53 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Honorable City Council:

Re: Petition Number 1813 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Dance Permit to Teresita, LLC Upon the Transfer of Ownership of a Class C License at 17315 Mack.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL

436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Request ID number 225318) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1813. The petition requests City Council consideration and approval of a request from Teresita, LLC, to transfer ownership of a Class C liquor license with dance permit at 17315 Mack from Anthony W. Raymon. The approval and issuance of a dance permit to Teresita, LLC for this location would allow for dancing by patrons on the premises, only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of the Class C liquor license with dance permit to Teresita, LLC for 17315 Mack. The Consumer Affairs Business License Center reports that Teresita, LLC and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license for the location. The Buildings and Safety Engineering Department reports that 17315 Mack is located in a B-4 (General Business) zoning district and the current legal, permitted with approval use of the property is 'Class "C" Bar with Dance (accessory patron dance only) and Restaurant' per building permit number 58642, dated July 30, 2002, by virtue of Board of Zoning Appeals grant number 16-02.

The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance the MLCC dance permit to Teresita, LLC in accordance with this Body's established procedures. Attached are proposed resolutions: A) approving the issuance of the MLCC dance permit to Teresita, LLC, and B) disapproving the issuance of the dance permit to Teresita, LLC.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,
BRENDA E. BRACEFUL
Deputy Corporation Counsel

By Council Member Collins:

Honorable City Council:

Re: 19350 Van Dyke. Emergency Demolition.

The building at the above location was recently found to be extensively fire damaged and structurally unsafe to the point of near collapse.

Our records indicate that this building was ordered removed by Council on January 15, 1998.

It is our opinion that there is an actual and immediate danger affecting the health, safety and welfare of the public. Therefore, under the authority of Ordinance 290-H, we are taking emergency measures to have this building or portions thereof removed with the cost assessed against the property.

By copy of this letter, we will notify all utility companies to immediately start utility disconnects.

Respectfully submitted,

Cable Communications Commission

November 12, 2003

Honorable City Council:
Re: Franchise Agreement Amendment and Ordinance Amendment Extend-

ing the Expiration Date of the Comcast Cable Franchise to April 30, 2004.

Despite the aggressive efforts of the City's and Comcast Cablevision of Detroit's ("Comcast") representatives, the negotiations for the renewal of the cable franchise will not be concluded by December 30, 2003. As you may be aware, major leadership changes occurred at both the Detroit Cable Communications Commission (the "Commission") and at Comcast. Despite these changes, however, the vast majority of the issues have been resolved. One major issue that remains is the design, construction and ultimate usage of a Citywide municipal network.

The cable franchise negotiation team has held at least eight (8) meetings since September 16, 2003. In addition, a number of meetings are scheduled for November and December 2003 while your Honorable Body is in recess. Despite these efforts, however, the realistic end result is to secure another franchise extension to accommodate the changes in essential leadership, additional learning curve of the new franchise negotiation member, finalizing the municipal network, and the allowance for adequate review by both the Commission members and your Honorable Body.

In July 2003, your Honorable Body did reject the Commission's recommendation for a one (1) year extension that would have expired on June 30, 2004 and granted a six (6) month extension to December 30, 2003. The Commission is now recommending a four (4) month extension of the Franchise — or until April 30, 2004 — as well as providing monthly updates to the Council on its progress. As such, attached for your consideration and approval are: 1) an executed copy of an amendment to the Franchise Agreement, extending its expiration date to April 30, 2004; 2) a Resolution approving that amendment; and 3) an amendment to Section 9.5-3-5 of the 1984 Detroit City Code.

As you are aware, these amendments require final action by your Honorable Body, with waiver of reconsideration, before December 30, 2003. We respectfully request that the ordinance be introduced and set for public hearing at your next Formal Session, and that the Franchise Agreement Amendment be approved at the same session as the ordinance amendment.

I am available to answer any questions that you may have concerning this proposed ordinance or the delay in concluding the negotiations. Thank you for your attention to this matter.

Respectfully submitted,
PAULA GENTIUS-HARRIS, Esq.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 6, Articles I, II, III, IV and V, of the 1984 Detroit City Code, newly titled "Animal Control, Regulation and Care".

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being re-submitted to your Honorable Body for consideration and approval. The proposed ordinance changes the title of Chapter 6 of the Code from "Animals and Fowl" to "Animal Control, Regulation, and Care."

This proposed ordinance amends Chapter 6, Articles I, II, III, IV and V, of the 1984 Detroit City Code 1) by recodifying and updating the chapter. In particular, this proposed ordinance amends Chapter 6 of the Code by amending, repealing, and adding sections to make the chapter commensurate with state law, specifically the Michigan Dog Law of 1919, being MCL 287.261 *et seq.*; the Michigan Pet Shops, Animal Control Shelters, and Animal Protection Shelters Act, being MCL 287.331 *et seq.*; the Michigan Use of Dogs and Cats for Research Act, being MCL 287.381 *et seq.*; and the Michigan Bodies of Dead Animals Act, being MCL 287.651 *et seq.*, and 2) by defining and redefining certain terms used throughout the chapter.

Further, this proposed ordinance amends Chapter 6 of the Code by limiting the number of licensed dogs and the number of cats that a person may harbor, keep, or maintain at a residence within the City to four (4) each; by prohibiting the operation of a kennel within the City without the required City approvals; and by amending the provisions which govern the Animal Control Division, including certain provisions concerning the public servants who are designated and authorized to enforce the chapter. In addition, this proposed ordinance clarifies provisions governing rabies control; repeals registration and tattoo requirements for pit bulls and/or mixed breeds of pit bulls; authorizes the Animal Control Division to investigate a dangerous animal complaint; and authorizes the Administrator of the Animal Control Division to make a dangerous animal determination and to order that the owner of the animal comply with certain requirements or the humane destruction of such an animal, and for an appeal of

such a determination.

We request that this proposed ordinance be introduced at your next Formal Session and that a Public Hearing be held before the end of your term. We are available to answer any questions that you may have concerning this proposed ordinance.

Thank you for your consideration.

Respectfully submitted,

Re: Forest Park Rehabilitation Project Development: Parcel 18.

On April 17, 2003, (Legal News, May 7, 2003, Pg. 5), your Honorable Body authorized the sale of the above captioned property to Plymouth Educational Center, Inc., a Michigan State Chartered School, for the purpose of developing greenspace and recreational space.

STATEMENT BY SHEILA M. COCKREL IN OPPOSITION TO A RESOLUTION BY HON. KAY EVERETT AND HON. ALBERTA TINSLEY-TALABI OPPOSING A CASINO AND HOTEL FACILITY IN ROMULUS, MICHIGAN BY THE SAULT ST. MARIE TRIBE OF CHIPPEWA INDIANS

On Wednesday, November 19, 2003, I voted no on the resolution referenced above. In my opinion, there are potential legal issues contained within the resolution. Not having had an opportunity to refer the resolution for a legal opinion, I could not cast my vote in favor of it.

It is my understanding that any casino built in Romulus would be based on a settlement agreement with the State of Michigan. At the same time, the resolution employs language stating that the City Council considers this to be a "serious breach of the development agreement."

Within the context of development agreements and contracts in general, the word "breach" is a legal term of art, the use of which merits consideration prior to its invocation.

In this instance, the resolution is summarily describing as a breach, an event which has not occurred yet, based on a settlement between two sovereign entities, without having thoroughly examined the potential impact of such a statement.

As my past and present record indicates, I do not make decisions without proper information and it is for this reason that I voted no.

RESOLUTION OPPOSING THE MAYOR'S INITIATIVE TO TAKE OVER DETROIT PUBLIC SCHOOLS

By COUNCIL MEMBER WATSON:

WHEREAS, Mayor Kwame Kilpatrick is proposing that the legislature grant him total and complete power over the Detroit Public Schools with the power to hire and fire the Detroit Public Schools' chief executive officer, who would be accountable only to the mayor, and

WHEREAS, The proposed Detroit Public Schools legislative initiative would give Detroiters only a symbolic vote with no real authority, and

WHEREAS, The citizens of Detroit have repeatedly expressed their dissatisfaction regarding the disenfranchisement of their vote with regard to the Detroit Public Schools, and

WHEREAS, Detroit citizens desire and deserve the right to an authentic elected board with appropriate governing authority, and

WHEREAS, The citizens of Detroit have consistently expressed vehement opposition to any Detroit Public School takeover by the State of Michigan or the City of Detroit, NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council opposes the Mayor's proposed initiative and urges the legislature to reject this and any proposal that falls short of granting Detroiters full right of self-determination that are enjoyed by every other Michigan school district.

**STATEMENT BY SHEILA M. COCKREL
IN OPPOSITION TO RESOLUTION
OPPOSING THE MAYOR'S INITIATIVE
TO TAKE OVER**

DETROIT PUBLIC SCHOOLS.

On Wednesday, November 19, 2003, I voted no on the resolution referenced above. This resolution represents the pinnacle of a growing trend in which decisions and documents are placed before the Council at the last minute, denying the opportunity for due diligence.

The right to vote for a school board is critical to the wellbeing of a self-governed school system. This right must be in harmony with the absolute right of the children of the City of Detroit to receive a high-quality competitive education.

In this regard, I have many questions on Mayor Kilpatrick's proposal. I called for a presentation from the Mayor's representative in order to hear and receive materials in order to do due diligence on the proposal.

Media reports may be helpful as one tool in identifying potential issues, but they do not provide enough detailed data to base public policy decisions on. It is necessary to interact with the executive branch in order to receive the level of information necessary to make informed decisions. By basing its actions on sound knowledge, the Council can more fully and effectively impact the legislative process. Especially as it pertains to the Mayor's vision and proposal in this instance.

In this instance, the resolution was not presented with enough time to properly review it. It was not even presented during the Committee of the Whole meeting prior to the Formal Session. It was in fact walked on during the Formal Session itself.

As one member of this Body, it was my duty to do due diligence to investigate and gather the right information prior to leaping to any conclusions. The opportunity to do due diligence was denied in this instance by the manner in which this resolution was presented. I refuse to cast a blind vote and did not do so in this instance.

Honorable City Council:

Re: Public Hearing on Establishment of the Jefferson/Woodbridge/Franklin Neighborhood Enterprise Zone as Requested by the ACB, Inc., dba Aspen Custom Builders and Quint Construction Company, in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neigh-

borhood preservation and development goals of the City, and find that establishment of the Jefferson/Woodbridge/Franklin Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that

levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached hereto. The developers will renovate the vacant Stone Soap Company building at 1490 Franklin Street within the proposed NEZ at a cost of \$4 million and create 24 condominium units.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Re: Public Hearing on Establishment of the Briggs Neighborhood Enterprise Zone, in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Briggs Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and devel-

opment goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached

hereto. While there are firm plans for the construction of only two single family houses, we believe that establishment of this NEZ will encourage substantial additional investment in residential development.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

November 3, 2003

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the purchase and installation of related hardware and software for Private Branch Exchange (PBX) Telephone Switch equipment to be located at 2 Woodward Avenue, 65 Cadillac Square

and 1151 Taylor. This purchase is being made pursuant to an invitation for bids designated as File No. RFP 6539. The financing will allow the City to raise approximately \$2,600,000 for this equipment. While various financing alternatives were considered (including the issuance of bonds), we have determined that the most cost effective option for financing this equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 009 under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested, with waiver of reconsideration, at your scheduled formal session.

Respectfully submitted,
SEAN WERDLOW
Finance Director

Resolution Authorizing Installment Contract for the Acquisition of Private Branch Exchange Equipment

By Council Member Bates:

Whereas, The City of Detroit (the "City") proposes to enter into an agreement with GE Capital (the "Agreement"), providing for the acquisition and installation of a Private Branch Exchange (PBX) Phone Switch System to be located at 2 Woodward Avenue, 1151 Taylor and 65 Cadillac Square, Detroit, Michigan (the "Property"); and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of Michigan, 1933 as amended, and more specifically by the addition of a new schedule designated as Equipment Schedule 009 (the "Schedule" and together with the Lease, collectively the "Contract") to an installment contract identified as a Master Lease Agreement (the "Lease"), dated as of February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor") in the aggregate principal amount not to exceed \$2,600,000; and

Whereas, The City Council previously approved the Lease and the City initially entered into the Lease in connection with the financing of energy conservation improvements at the Cobo Conference/Exhibition Center pursuant to Section 5f of Act No. 279, Public Acts of Michigan, 1909, as amended; and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved That:

1. It is hereby found to be necessary and desirable for the City to finance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$2,600,000 pursuant to the terms and conditions of the Contract.

2. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. The interest rate on the interest portion of the rental payments to be made by the City under the Contract shall not exceed 4.0% per annum as shall be determined by the Finance Director at the time of the execution and delivery thereof. The Contract shall be payable in rental payments, consisting of both a principal portion and an interest portion, on such dates and in such years and amounts as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; shall be in

the aggregate principal amount not to exceed \$2,600,000 as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; and may be prepaid on such dates and in such years and upon the payment of a prepayment fee, if any, as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof. Notice of any such prepayment shall be given as provided in the Contract.

(b) In making the determinations set forth in (a) above, the Finance Director shall be limited as follows:

(1) The first rental payment under the Schedule that contains a principal portion shall be due not later than March 1, 2004, and the final rental payment under the Schedule shall be due not later than February 1, 2009.

(2) The amount of the principal portion of the rental payments due under the Schedule in any one year shall not exceed \$550,000.

2. The Mayor and the Finance Director are hereby authorized to enter into the Schedule in substantially the form presented to the City Council (upon which form the City Clerk shall indicate the date of adoption of this resolution), with such changes thereto as are approved by the Finance Director, consistent with the terms of this resolution and not materially adverse to the City. The Schedule shall be executed with the facsimile signature of the Mayor and the manual signature of the Finance Director and shall have the seal of the City impressed or imprinted thereon. The approval of such changes by the Finance Director shall be conclusively evidenced by his signature on the Schedule. The Schedule may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

3. Except as provided in Section 4.2 of the Lease, the obligation of the City to make rental payments to the Lessor as provided in the Contract shall be absolute and unconditional in all events; provided, however, nothing contained herein or in the Contract shall limit the rights or remedies of the City against any party other than a signatory to the Contract.

4. The City covenants to comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code"), necessary to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purpose.

1. The Finance Director is hereby authorized to enter into an escrow agreement relating to the Schedule, if any, consistent with the terms of this resolution and not materially adverse to the City (the "Escrow Agreement"). The Escrow

Agreement shall be executed with the manual signature of the Finance Director. The Escrow Agreement may be executed in counterparts, each of which shall be an original and all of which shall be an original and all of which shall constitute but one and the same instrument.

5. The Mayor, the City Clerk, the Finance Director and other officers of the City as may be necessary are each hereby authorized to execute and deliver such documents, instruments and certificates as are necessary or desirable to consummate the described transaction and to maintain the exclusion of the interest portion of the rental payments due on the Contract from gross income for federal income tax purposes.

6. The useful life of the property is determined to be five (5) years and upwards.

7. All resolutions and parts of resolution insofar as they conflict with the provisions of this resolution are rescinded.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 8.

Re: Resolution authorizing the issuance and sale of not to exceed \$48,000,000 General Obligation Capital Improvement Bonds (Limited Tax), Series 2004.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$35 million for acquiring cars, trucks and other vehicles for use by the various departments of the City, as previously approved during the budgeting process. Additionally because of a continued decline in interest rates, approximately \$13 million of previously issued Bonds may be refinanced, thereby producing interest savings.

It is anticipated that the sale will occur in late January. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

(b) Based on the advice of the City's financial advisor (the "Financial Advisor") the Council estimates that the refunding of the Refunded Bonds will result in a net present value savings to the City and otherwise allow the City to improve its consolidated debt repayment schedule for outstanding general obligation limited tax bonds.

Section 202. **Declaration of Borrowing.** The City shall borrow, under this Resolution on the authority of and in accordance with the provisions of the Charter, Act 34 and Act 279, a sum not to exceed the Maximum Aggregate Principal Amount and each series of the Bonds to bear interest on a fixed and/or variable

**ARTICLE III
AUTHORIZATION, REDEMPTION AND
ASSIGNMENT OF THE BONDS**

Section 301. Authorization of Bonds and Pledge. (a) The City hereby authorizes the issuance of the Bonds in such series and in such principal amounts as shall be confirmed in the Sale Order, not in excess of the Maximum Aggregate Principal Amount in accordance with Section 302. The Bonds shall be general obligations of the City, and the limited tax, full faith, credit and resources of the City are hereby irrevocably pledged for the prompt payment of the principal of and interest on the Bonds. The City pledges to pay the principal of and interest on the Bonds as a first budget obligation from its general funds and in the case of insufficiency thereof, from the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory and charter tax rate limitations.

(b) Bonds of the City aggregating the principal amount of not to exceed Thirty Five Million Dollars (\$35,000,000), shall be issued for the purpose of paying costs of issuance of the Bonds and financing certain portions of the costs of the City relating to the Vehicles and Equipment Project in the not to exceed amount of \$35,000,000 as previously appropriated or to be appropriated by the Council. The Finance Director, is authorized to allocate the initial proceeds of such Bonds to finance those portions of the Vehicles and Equipment Project as he may determine, and to make such changes or cause such changes to be made as may become necessary and are permitted by law in the allocation of the amount of the initial proceeds of such Bonds required for such purpose within the limitations set forth above, and subject to previous or future appropriations of Council or both. Anything in this Resolution to the contrary notwithstanding, in no event shall the initial proceeds of such Bonds be used to finance the Vehicles and Equipment Project in an amount which has not been appropriated by the Council. Unless issued in more than one series as determined by the Finance Director in the Sale Order for such series and designated as provided in Section 302(a) hereof, the Bonds shall be designated "GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS (LIMITED TAX), SERIES 2004-A" (the "Series 2004-A Bonds").

(c) Bonds of the City aggregating the principal amount of not to exceed Thirteen Million Dollars (\$13,000,000) shall be

issued in the discretion of the Finance Director for the purpose of refunding all or a portion of the Refunded Bonds and paying the costs of issuance of such series of Bonds in such amounts and maturities as shall be determined by the Finance Director and confirmed in the Sale Order. Section 302. Designations, Dates, Interest Rates, Maturities, Redemption and Other Terms of the Bonds.

(a) The Bonds of each series shall be designated as provided in Section 301 and may bear such earlier or later dates and additional or alternative designations as the Finance Director may determine in the Sale Order, shall be issued in fully registered form and shall be consecutively numbered from "RA-1" and "RB-1" upwards, respectively, unless otherwise provided by the Finance Director in the Sale Order. In the event that Bonds to finance any of the Projects or to refund the Refunded Bonds can not be issued simultaneously with Bonds to finance the other Projects, the Finance Director is authorized to create and designate additional series of Bonds in a Sale Order. The Bonds shall be dated and issued in such denominations, all as determined and confirmed by the Finance Director in the Sale Order.

(b) The Bonds of each series shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds of each series shall be payable on the first day of each April and October (such first day of April or October or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on October 1, 2004 or such

other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case

of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance of each series as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or (ii) 30 years from their dated date.

(2) The compensation to be paid to the Underwriters of each series of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds the amount of any original issue discount with respect to each series of the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director; provided that the principal amount of each series of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution.

(5) The net present value of the principal and interest to be paid on the Series 2004-B Bonds, including the cost of issuance, shall be less than the net present value of the principal and interest to be paid on the Refunded Bonds.

(6) To the extent permitted by the Code, the Finance Director is authorized to allocate costs of issuance among the

series of Bonds in a manner which is in the best economic interest of the City.

Section 303. **Execution, Authentication and Delivery of Bonds.** The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Bond Registrar and Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the principal corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

Section 306. **Regulations with Respect to Exchanges and Transfers.** (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Paying Agent.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Paying Agent shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

Section 309. **Mutilated, Destroyed, Stolen or Lost Bonds.** (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City received evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchas-

Whenever the Security Depository requests the City and the Paying Agent to do so, the Finance Director on behalf of the City and the Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are

held pursuant to the book-entry-only system maintained by the Security Depository.

ARTICLE IV SPECIAL COVENANTS

Section 401. Tax Exemption Covenant. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V
FUNDS AND ACCOUNTS;
DISPOSITION OF BOND PROCEEDS**

Section 501. **Establishment of Accounts and Funds.** The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Acquisition Fund; and
- D. Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for each series of the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium received upon the sale of the bonds to such accounts and in such accounts as permitted by applicable law and the Code.

Section 502. **Debt Retirement Fund.** From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof and any amounts transferred from the Acquisition Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and so long as the principal or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. **Bond Issuance Fund.** From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Acquisition Fund.

Section 504. **Escrow Fund.** After making the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the sale of the Series 2004-B Bonds and any moneys transferred by the City at the time of delivery of the Series 2004-B Bonds from the debt retirement fund for the Refunded Bonds, into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. **Acquisition Fund.** (a) After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the Series 2004-A Bonds or other series of new money, bonds, if any, shall be deposited in the Acquisition Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Acquisition Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Acquisition Fund for costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2004-A Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code or is subject to the reimbursement provisions of Article 9 of this Resolution.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Acquisition Fund and used in the discretion of the Finance Director to pay additional costs of Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Acquisition Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. **Investment of Monies in the Funds and Accounts.** (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

ARTICLE VI THE PAYING AGENT

Section 601. **Paying Agent.** The Paying Agent for the Bonds shall act as bond registrar, transfer agent and paying agent for the Bonds and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Paying Agent means and includes any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Paying Agent as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Paying Agent without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Paying Agent and enter into an agreement therewith for such services.

ARTICLE VII SUPPLEMENTAL RESOLUTIONS

Section 701. **Supplemental Resolutions Not Requiring Consent of Holders of the Bonds.** The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that (A) no supplemental resolu-

tion amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. **Opinion and Filing Under Act 34.** Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Paying Agent and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that, Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

ARTICLE VIII DEFESANCE

Section 801. **Defesance.** Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given to the Paying Agent. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

ARTICLE IX REIMBURSEMENT PROVISIONS

Section 901. **Advancement of Costs of the Projects.** At the direction of the Finance Director, the City may advance certain costs of the Projects from the

City's general fund prior to the issuance of the Series 2004-A Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2004-A Bonds with proceeds of the Series 2004-A Bonds. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), i.e., any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

ARTICLE XI

OTHER PROVISIONS OF GENERAL APPLICATION

Section 1101. **Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements.** (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to

all or any portion of the Bonds, of either series or the Other Outstanding Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds or the Other Outstanding Bonds with Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 1102. **Approval of Other Documents and Actions; Treasury Approval.** The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1103. **Continuing Disclosure Undertaking.** The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1104. **Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director.** (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, by not limited to fees and expenses of bond counsel, financial advisors, accounts and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1105. **Act 34 Approval of the Bonds.** The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1106. **Approving Legal Opinions with Respect to the Bonds.** Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross

income of the interest paid thereon from federal and State income taxation only.

Section 1107. **Sale of Bonds/Good Faith Check.** (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof or not whether to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1108. **Delivery of Bonds.** Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1109. **Escrow Deposit Agreement and Verification Agent.** The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Escrow Fund.

Section 1110. **Official Statement.** The Finance Director is hereby authorized to execute the final Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director

may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1111. Appointment of Bond Counsel; Engagement of Other Parties.

The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and the disbursement of the Acquisition Fund to finance the projects, and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1115. Notice of Limited Tax Full Faith and Credit Pledge. The City Council hereby expressly acknowledges and confirms that the Notice of the meeting at which this Resolution was considered for adoption contained the statement that the proposed Bonds will contain a limited tax full faith and credit pledge of the City as required by Section 308 of Act 34. The form of such notice is attached hereto as Exhibit B.

Re: Jan E. Sinclair v. City of Detroit, et al.
Case No. 02-238580 CL.

On August 25, 2003, this matter was mediated for \$10,000.00 as to the Defendants. If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum. From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of \$10,000.00 is in the best interest of the City of Detroit. The acceptance of the mediation evaluation guarantees settlement of the matter in this amount since the plaintiff has agreed to accept the award. The amount of the award is fair and a reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request you to authorize the acceptance of the evaluation and to direct the Finance Director to issue his draft in the amount of Ten Thousand Dollars (\$10,000.00) payable to Jan E. Sinclair to be delivered upon receipt of the notice of mediation settlement, properly executed Releases and Order of Dismissal.

A. 1. The parties, by their attorneys, agree to submit this matter to binding arbitration under the following terms:

1. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

2. Arbitration shall be conducted in accordance with the Michigan Rules of Evidence, except as may be modified by a majority of the arbitrators or by stipulation of the parties.

3. The matter shall be arbitrated by a panel of three (3) arbitrators, all of whom shall be practicing Michigan attorneys. The Plaintiffs shall select one arbitrator, the Defendant shall select one arbitrator, and the Plaintiffs and Defendant, through their individually selected arbitrators, shall jointly select the neutral arbitrator. Plaintiffs shall pay all fees and costs associated with the arbitrator they select. Defendant shall pay all fees and costs associated with the arbitrator it selects. All fees and costs of the neutral arbitrator shall be paid fifty percent (50%) by Plaintiffs and fifty percent (50%) by Defendant.

All other costs and fees, including attorneys' fees, shall be borne by the party which incurs them, except that Plaintiffs' attorneys may be awarded damages as a remedy under the Elliott-Larsen Civil Rights Act if so ordered by the arbitrators.

4. In the event that the neutral arbitrator is unavailable for a hearing on the dates set by the parties, either by failure to accept appointment, disqualification, withdrawal, or incapacity, the position shall be filled by agreement of the parties.

5. Pre-hearing submissions shall be required of Plaintiffs and Defendant, and shall be submitted to the arbitration panel prior to commencement of the arbitration.

Post-hearing briefs shall be required of Plaintiffs and Defendant, and shall be submitted to the arbitration panel after conclusion of the hearings.

6. The maximum number of arbitration hearing dates shall be seventeen (17), unless otherwise mutually agreed by the parties.

7. A decision of two (2) of the three (3) arbitrators shall be binding.

(a) The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiffs for

any and all claims arising out of their employment and separation of employment by the City of Detroit Law Department.

(b) Reinstatement is not an available remedy.

8. Discovery proceedings are authorized, and each party shall have the opportunity to take up to ten (10) depositions. The parties shall be able to take *de bene esse* depositions of parties or witnesses for possible use as evidence at arbitration, without regard to witness availability.

9. The parties agree that they will faithfully observe the Agreement to Arbitrate and that they will abide by and satisfy the award rendered by the arbitrators. In the event that any party refuses to abide by the arbitrators' decision, the other party may petition the Court to confirm the award and enter judgment thereon.

10. There shall be no need to have any proceedings convened by the arbitrators recorded. However, if one of the parties wishes to have the proceedings recorded, then any costs incurred shall be borne exclusively by such party.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a monetary award to any of the Plaintiffs and/or their attorneys, the Finance Director is authorized to issue drafts drawn upon the proper account in favor of that particular Plaintiff and/or their attorneys in the amount of the arbitrators' decision.

Honorable City Council:

Re: Petition Number 1163 — Request for City Council Approval for the Issuance of a New Topless Activity Permit and the Transfer of a Dance-Entertainment Permit by the Michigan Liquor Control Commission to

Barbralee Investments, Inc., 2971 E. Seven Mile Road.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance, entertainment, or topless activity permit, or a combination dance-entertainment or topless-entertainment permit, the owner of a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1163, for 2971 E. Seven Mile Road. The petition, as amended by letter, dated May 30, 2003, a copy of which is attached, requests City Council consideration and approval of the request from Barbralee Investments, Inc., the licensee at 2971 E. Seven Mile Road, for the approval and issuance of a topless activity permit and the transfer of the dance-entertainment permit. These permits will be held in conjunction with the transfer of ownership of the subject location from Rabchun, Inc. to Barbralee Investments, Inc.

The subject location has the appropriate land use approvals and the current owner has been licensed by the City to operate a "Group D" cabaret on the premises, which permits adult entertainment such as topless activity on the premises. The approval of the issuance of a new topless activity permit, in conjunction with the dance-entertainment permit, would allow dancing by patrons, entertainment on the premises, and topless activity on the premises.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a new topless activity permit and the transfer of the dance-entertainment permit to Barbralee Investments, Inc. for 2971 E. Seven Mile Road. The Consumer Affairs Business License Center reports that the owner and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code and that Barbralee Investments, Inc. meets the requirements to be issued a "Group D" cabaret business license for the location. In accordance with Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), and the applicable provisions of the 1997 Detroit City Charter, the attached proposed resolution approving the issuance of a new topless activity permit and the transfer of

the dance-entertainment permit to Barbralee Investments, Inc. for 2971 E. Seven Mile Road is being submitted to this Body for consideration and approval.

We request that the proposed resolution be considered at the earliest possible sessions. If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,
BRENDA E. BRACEFUL

By Council Member Watson:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance, entertainment, or topless activity permit, or a combination dance-entertainment permit, the owner of an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, The MLCC has forwarded Local Approval Notices (Request ID number 189443), which have been designated as Petition No. 1163, concerning the request of Barbralee Investments, Inc. for approval of the transfer of a Class C license with dance-entertainment permit and the issuance of a new topless entertainment permit in conjunction with the transfer of ownership of 2971 E. Whereas, The Consumer Affairs Business License Center has reported that Barbralee Investments, Inc. and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group D" cabaret business license for the location and the Buildings and Safety Engineering Department has reported that the property is located in a B-4 (General Business) zoning district and the current legal, non-conforming use of the property is 'Class "C" Bar/Restaurant and Adult Cabaret' per building permit number 15918, dated August 4, 1961 and Court Order dated 1972; and

Whereas, The City Council has considered the Local Approval Notices for the approval of the issuance of MLCC dance-entertainment and topless activity permits to Barbralee Investment, Inc. in conjunction with the transfer of ownership of 2971 E. Seven Mile Road and in accordance with its procedures and this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of the issuance of such permits.

Seven Mile Road; and;

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this disapproval of MLCC request ID number 189443, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Honorable City Council:

Re: Petition Number 1266— Request for City Council Approval for the Issuance of Dance-Entertainment and Topless Activity Permits by the Michigan Liquor Control Commission to Beacon Entertainment, LLC, 17040 Plymouth Road.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance-entertainment permit, or a topless-activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the new chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval

Notice (Req. ID: 200506) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1266. The petition requests City Council consideration and approval of the transfer of ownership of a Class C liquor license with existing dance-entertainment and topless activity permits at 17040 Plymouth Road from the Club Le' Elegant Corporation to Beacon Entertainment, LLC. Upon the approval of the transfer of ownership of the liquor license and the issuance of the MLCC dance-entertainment and topless activity permits and a City "Group D" cabaret license to Beacon Entertainment, LLC, the new owner would be approved to continue offering dancing by patrons, entertainment, and topless activity at the subject location.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of ownership of the subject licensed business and the issuance of the dance-entertainment and topless activity permits by the MLCC to Beacon Entertainment, LLC. The Consumer Affairs Business License Center reports that the Beacon Entertainment, LLC, and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of the applicable cabaret business license.

Be advised that City records indicate that the establishment at 17040 Plymouth is a nonconforming land use. The Buildings and Safety Engineering Department reports that the location has been recently inspected and that the owner has obtained a certificate of maintenance of grant conditions in accordance with zoning grant case number B&SE 151-84. Pursuant to this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, dance-entertainment, or topless activity permits, nonconforming use status shall be considered by City Council when considering such requests.

The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of the requested dance-entertainment and topless activity permits. Attached is a proposed resolution: 1) approving the issuance of the MLCC permits to Beacon Entertainment, LLC, and 2) a separate proposed resolution disapproving their issuance.

If there are any questions or concerns, please do not hesitate to contact us.

Re: Address: 8507 Pierson. Name: Barry Wilson. Date ordered removed: December 6, 2000 (J.C.C. pg. 3093).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 24, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of October 20, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regard-

less of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Seven Mile Road and 14050 Maddelein Avenue from B3 (Shopping District) and P1 (Open Parking District) zoning classifications to PD (Recommend Approval With Conditions).

In 1999, your Honorable Body approved, upon the recommendation of the City Planning Commission (CPC), the request of First Commercial Realty & Development Company, Inc. to rezone property generally located at the southwest corner of Gratiot and Lappin to a PD (Planned Development District) zoning classification to allow for the development of a 54,000 square foot Kroger grocery store. In 2000, the City Council approved a modification to the PD plans to allow for the addition of a drive-through window to the pharmacy in the grocery store.

Currently, the petitioner seeks to modify the plans and expand the existing PD district to allow construction of an expansion to the existing retail center and construction of a church to replace the existing church building located in the proposed PD expansion area. The developer obtained approval from the Detroit Brownfield Redevelopment Authority in 2002 to be included in the Brownfield Plan and gained eligibility to receive Single Business Tax Credits for the project.

PROPOSED DEVELOPMENT

First Commercial Realty & Development Co., Inc., seeks to construct 35,824 square feet of retail space to complement the existing Kroger Grocery Store. In addition, the developer would build a 14,465 square foot facility for Faith Outreach Church that would include a

492-seat sanctuary, a bookstore, child-care center and office space. The new facility would replace Faith Outreach's existing building that is located in the proposed PD expansion area.

The demolition of three buildings located at 1450 Maddelein, 14141, 14165 and 14169 E. Seven Mile Road must occur in order for the expansion to be constructed. Currently, the above-mentioned addresses contain the former Family Independence Agency (FIA) building, an auto repair shop and the Faith Outreach Church. Furthermore, the developer must obtain City Council approval for the outright vacation of Maddelein Street from the alley east of Hoyt to the alley west of Gratiot Avenue.

The facade of the strip shopping center and the new Faith Outreach Church would resemble the Kroger grocery store, with tan colored brick columns accented by diamond shaped blue tiles. The sidewalk from the Kroger store would be linked and continued along the periphery of the shopping center and church. The periphery of the parking area along Seven Mile Road and the alley west of Gratiot would be landscaped with a variety of trees, shrubs and perennials.

Approximately 230 parking spaces would be provided for the additional shopping area and the church. The area would contain two access driveways on E. Seven Mile and access from Maddelein off Hoyt. Additional access would be provided from the Kroger grocery store from the pharmacy drive-through window area and from Gratiot through the Walgreen's drug store parking lot. The loading area would be provided in the rear of the shopping center.

SURROUNDING ZONING AND LAND USES

The zoning classifications and land uses surrounding the proposed development are as follows:

North: PD (Planned Development District) — Kroger grocery store

South: B3 (Shopping District) — McDonald's restaurant

East: B3 (Shopping District) — Walgreen's drug store and vacant commercial buildings

West: B3 and R1 — DMC Health Center and residential

COMMUNITY MEETING

On Friday, February 28, 2003, the Northeast Village Collaborative (NVC) held a meeting in which they discussed and voted to support the proposal to modify the PD plans and expand the existing PD. The community's concerns included the existing traffic and congestion at the intersection of Gratiot and Lappin, parking on both sides of Lappin by patrons of the retail stores north of Lappin, and the increased traffic volumes that would result from the PD expansion. In addition, the

developer had failed to provide the required traffic impact study for the previously approved PD. The community also wanted signage installed that would eliminate left turns by traffic exiting the Kroger store via the Gratiot curb cut.

PUBLIC HEARING RESULTS

The City Planning Commission held a public hearing on this matter on July 10, 2003. Four (4) persons from the public spoke at the hearing. A representative of Northeast Village Collaborative and the Detroit Community Initiative expressed support for the proposal. A member of Faith Outreach Church also expressed support. A resident of Hoyt, immediately west of the existing PD area, was concerned about possible increased traffic on that street generated by church activities. In response, it was indicated that, because the new site plan would provide for additional ways to access the retail center/church area, traffic on Hoyt should change very little and could even decrease. Another resident of Hoyt asked whether the houses on Hoyt would stay and it was indicated that there were no plans to acquire additional properties.

ANALYSIS

The City Planning Commission is concerned about the traffic congestion in the area, Particularly near the Gratiot-Lappin intersection. Heavy traffic is generated at times by the new commercial facilities in the area. It was indicated at the hearing that patrons of the strip retail mall to the north of the subject site often park on both sides of Lappin west of Gratiot because ingress and egress to the strip mall parking lot are not perceived as being convenient.

One of the conditions of the approval of the existing PD was that the developer submit a traffic impact study to the Department of Public Works, Traffic Engineering Division. Such a study had not been submitted at the time of the Commission's action, but it has since been submitted. The Commission believes that the results of the study and recommendations by Traffic Engineering after analyzing that document will be extremely helpful to ensure that the existing traffic congestion is addressed and that the proposed new development will not exacerbate the traffic situation.

The amount of parking proposed for the expanded commercial/church area would not meet the general requirements of the Zoning Ordinance (289 required, 230 proposed). However, there is a great probability that shared parking will occur, as the peak hours of activity for the retail uses and the church would be most likely be different.

A Planning and Development Department letter verifying the proposal's consistency with the Master Plan was submitted to the CPC on July 21, 2003.

CONCLUSION AND RECOMMENDATION

The City Planning Commission has reviewed the proposed site plan and elevation for the modification and expansion of the existing PD district. We have determined that the proposal will have a major impact on the existing traffic volumes in the area, and the submittal of the previously required Traffic Impact Study is crucial to the continued development of the area. Thus, the City Planning Commission (CPC) recommends approval of the proposed PD plan modification and rezoning from P1 and B3 to PD with the following conditions:

1. that a traffic impact study for the area be submitted to the Traffic Engineering Division of the Department of Public Works and that recommendations resulting from that Division's analysis of the study be incorporated into the plans, as applicable; and
2. that final site plans, signage plans, landscape plans and elevations be submitted to CPC staff for review and approval prior to the issuance of applicable permits.

City Planning Commission

October 31, 2003

Honorable City Council:

Re: Request of the Planning and Development Department to rezone the parcel bounded by E. Larned, St. Antoine, Congress, and the I-375 Expressway from B4 (General Business District) to PCA (Restricted Central Business District) to bring it into conformance

with the Master Plan and to facilitate anticipated expansion by the University of Detroit-Mercy.

NATURE OF REQUEST

The Planning and Development Department is requesting that the triangular parcel to the north of the downtown University of Detroit-Mercy (UDM) campus, between E. Larned, Congress, the I-375 Expressway, and St. Antoine, be rezoned from B4 (General Business District) to PCA (Restricted Central Business District). The subject site is presently a surface parking lot. UDM is the property owner, and is in support of the request.

PROPOSED DEVELOPMENT

It is anticipated that the University of Detroit-Mercy, the owner of the property, will in the future be expanding its facilities on the block to the south (currently zoned PCA) onto the subject property with the development of a parking structure and possibly residential apartments, first floor retail, and classroom facilities. One thousand (1,000) of the parking spaces in the proposed garage would be designated for Electronic Data Systems (EDS), which is moving into the Renaissance Center on Jan. 1, 2005. The provision of the parking spaces is part of the incentive package that was offered to EDS by the Detroit Economic Development Corporation (DEGC), and the construction of these spaces would be paid for by DEGC. This makes the garage the first phase of the development, and puts it on a rapid development path. It is anticipated that the garage would contain roughly 1,300-1,400 spaces; the final number will be determined when the overall development is further finalized. At a minimum, there would be 1,000 spaces plus the number of spaces that are currently on the site, and more spaces will likely be required to accommodate the anticipated classrooms, retail, university expansion, and apartments.

UDM is also anticipating within the next 2 years to expand on its current site south of E. Larned, building on the surface parking lot and possibly doing other construction. A sky-walk or bridge is anticipated to link the two developments at an upper story. The requested rezoning would put both parcels under the same zoning district, to be developed as a single project under the same ownership.

The current B4 zoning allows the proposed uses, but not the expected height or bulk of the anticipated development. It also does not allow the design review that the proposed PCA does, and as this is a highly visible corner to those entering the downtown via either I-375 or Jefferson, such design review is desirable. The proposed rezoning would also bring the zoning of the parcel into conformance with the Rezoning Concept shown in the Master Plan of Policies.

SURROUNDING ZONING AND LAND USES

To the west: B6, commercial and parking

To the east: I-375 Expressway, with a school to the east of that.

To the south: PCA, University of Detroit-Mercy

To the north: PD, Blue Cross Blue Shield Offices

MASTER AND DEVELOPMENT PLANS

The rezoning concept in the Master Plan calls for PCA for this property. The Future Land Use is "Institutional". The development anticipated would be mixed-use including parking for both institutional and non-institutional uses, residential and retail.

The Central Business District #3 Development Plan restrictions apply to the majority of the subject site. The Plan calls for a 20 foot setback on all sides of the lot. The maximum Floor Area Ratio (FAR) allowed by the Plan is 5, though the area used for parking is not counted toward this maximum. The Plan shows only "Institutional" and "Parking" as the allowed uses on the site. Before the development is anticipated can begin, the Plan would have to be amended for this site in the following ways:

- Significantly reduce or remove the required setback
- Possibly increase the maximum FAR
- Add the "Commercial" and "Residential" uses as permitted

The Planning and Development Department has been made aware of the needed changes, and staff anticipates that that department will propose the changes. Any proposed Development Plan amendments would have to be presented to the Downtown Citizens' District Council and the CPC. It should be noted that the first anticipated use, the parking garage, is in conformance with the Plan, although the current plan would not meet the setback requirements.

PRELIMINARY ANALYSIS

The anticipated development is quite dense, with the parking podium, classrooms and retail likely being 10-12 stories in height, with an approximately 18-story apartment tower on top.

The PCA district has no parking requirements, but staff will consider the amount of parking proposed and its adequacy. The large number of parking spaces warrants a traffic study, with review by the Traffic Engineering Division of the Department of Public Works, to ensure that the development has as minimal as possible an impact on surrounding uses and on the downtown as a whole.

Re: Request of Detroit Entertainment, LLC (d/b/a MotorCity Casino) to rezone properties generally described as the area bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the Lodge Freeway, where R2 (Two Family Residential District), R3 (Low Density Residential District) and PD (Planned Development District) zoning classifications are presently shown, to SD5 (Special Development District for Casinos) to allow the construction of a casino complex.

On October 15th of this year your Honorable Body held a discussion on the above-captioned rezoning request of MotorCity Casino. Attached for your consideration is the amendatory ordinance, approved as to form by the Law Department that would effectuate the rezoning. The City Planning Commission (CPC) respectfully requests that the ordinance be introduced at your next Formal Session and that the City Clerk be directed to set the required statutory public hearing. At the time of the discussion several questions were raised regarding this project. CPC staff is currently working a response and will report back to the City Council prior to the aforementioned public hearing.

STATEMENT BY
COUNCIL MEMBER SHEILA M.
COCKREL IN OPPOSITION TO
RESOLUTION HIRING INDEPENDENT
ENGINEER TO REVIEW AND ANALYZE
BLASTING OPERATIONS OF THE
DETROIT SALT COMPANY

On Wednesday, November 26, 2003, I voted no on the resolution mentioned above. Through a previous resolution dated July 2, 2003, the Council requested that Mayor Kilpatrick's Administration procure the services of an independent engineer in order to review, analyze and test the blasting operations of the Detroit Salt Company.

To date, the Council has not been provided with information on whether the Administration had hired an independent

engineer or is planning on doing so in the near future. In my opinion, it is necessary to verify this type of information prior to taking action. If the Administration has already hired an independent engineer, then the hiring of another engineer by the Council would be unnecessarily redundant and wholly wasteful of already-scarce City resources.

Accordingly, I am unwilling to make a decision at this time, to expend City resources without having all of the facts necessary to make an informed decision. For this reason, I voted no.

Re: Amendment to Sales Resolution. Development: Parcel 187; generally bounded by Charlevoix, Philip, Kercheval & Chalmers.

On November 29, 2002, (Detroit Legal News, Pg. 15), your Honorable Body authorized the sale of the above-captioned property to Ridge Building Company, LLC, a Michigan Limited Liability Company, for the purpose of constructing approximately ninety (90) single-family homes.

It has come to our attention that due to lot sizes the Developer now desires to modify their original proposed development, and construct approximately sixty-nine (69) single-family homes instead of the ninety (90) single-family homes which will allow them to increase the lot size of each unit. As a result of this determination, the developer is requesting that the construction period be extended an additional fifteen (15) months.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing and approving an amendment to the Agreement to Purchase and Develop Land between Ridge Building Company, LLC, a Michigan Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate, and to extend the completion period of the development to April 30, 2005.

Honorable City Council:

Re: Division of Platted Property for 15850 Dexter Street. (Recommend Approval).

The Planning & Development Department (P&DD) recommends **approval** of the request of North Star Development Corporation (Assessors Invoice 02-54) to divide property at 15850 Dexter Street.

Description

The property is more particularly described as Parcel A Lot 262 and South 20 feet of Lot 263 of Ford View

Subdivision and Parcel B North 10 feet of Lot 263 & Lot 264 of Ford View Subdivision, City of Detroit, Wayne County, Michigan and is shown on the attached property survey and land use maps. The subject parcels are zoned R-2 (Two Family Residential) and currently undeveloped land. Two single-family dwellings are proposed to be developed on Parcels A & B. The division and combination of these properties will clarify property boundaries, property assessments, and increase the number of occupied dwellings within the city.

Legal Basis for Review

The Planning & Development Department reviewed this request under City of Detroit Ordinance 421-G of 1969, Chapter 58A, Article 1, Subdivision of Land, of the Detroit City Code and Sections 43.0200, 45.0200, 47.0000, 82.0000, and 82.0102 of the Official Zoning Ordinance 390-G.

Findings

A review of this request by the Finance Department, Assessments Division and the Law Department discloses that the property descriptions are accurate as listed and that the signatories have necessary interest in the subject property.

The Planning & Development Department's review involved 1) an investigation of water and sewer service in this area 2) a study of vehicular and pedestrian access 3) a review of Master Plan and zoning requirements, and 4) interviews with the petitioner.

Based on the aforementioned determination and our review the analysis, the Planning & Development Department makes the following findings relative to this proposal:

1. The proposal does not meet the conditions of Section 1, Paragraph 3 of Ordinance 421-G as the three lots are not presently developed as single-family dwellings. However, such units had occupied each lot until their demolition. Per the Zoning Ordinance single-family dwellings are Permitted as a Matter of Right in an R2 zoning district.

After review of the general area the Department would support the development of single-family homes, which would improve the context of the neighborhood and add to the reinvestment of the block.

2. The proposal improves pre-existing conditions by legally clarifying the platting and property boundaries, property assessments, and the land use relationship between the platted lots. The petition does clarify the property boundaries. Parcels A & B would each have addresses on Dexter Street. Currently, the subdivision of Lot 263 and the enlargement of Lots 262 & 264 would create Parcels that would conform to existing new housing construction standards and the off street parking requirements.

The property assessments will be improved. Per an interview with the Petitioner Parcels A & B would increase in price with the development of two (2) single-family dwellings. Therefore, the future sale and development of each parcel will increase the tax assessment and bring more revenue to the City Finance Department.

3. The proposal is consistent with the Master Plan of Policies. Recommended Future General Land Use for the subject area shown on the McNichols Subsector, West Side Sector Map is RLM (Low to Medium Density Residential).

4. The proposal increases the possibility for the continued revitalization of this portion of the Westside. Northstar CDC is planning on developing several infill type single-family dwellings within the immediate area. Currently, the group has developed a multi-family building on the same block as the petition.

5. Per Section 51-1-25 Public Improvements, subsection B & C. Each parcel shall be improved and have access to sanitary sewers and a water supply. The petitioner supplied several letters from utilities. The letters identify that each parcel does have access to gas, electric, water and sewer lines. Secondly, the Petitioner indicated that each dwelling would comply with Ordinance 390-G regarding the site improvements for off street parking on each parcel.

6. Per Section 51-1-4, subsection A4. All parcels shall not be isolated from a public street. Per the property survey Parcels A & B do have access to a public street, Dexter. Per Subsection A3 the parcels must comply with the specified minimum lot size standards of the ordinance. However, this Department may waive the requirement if findings can be made. Currently, a lot developed with a single family dwelling in an R2 district requires a width of 50 feet and a lot size area of 5,000 square feet. Parcel A does conform to the requirement, however, parcel B does not conform. Parcel B has a lot width of 40 feet and a lot size of 4,000 square feet. The Department, after reviewing the subject area recommends a waiver for Parcel B. The review indicated a lot size of 40 feet could accommodate a dwelling without any side yard variances. Currently, if all three (3) lots were developed they would not be in compliance with the ordinance requirements for yard setbacks or building coverage when utiliz-

ing current standards for dwelling unit size and bulk.

7. Section 47.0000 (Zoning Ordinance) 1.25 spaces are required for each dwelling unit. The site plan submitted to the Department indicates that the required number of parking spaces complies with the ordinance.

Recommendation

The Planning & Development Department recommends that this request for Division of Platted property be approved as proposed and that the attached resolution relative to this Division be adopted.

Respectfully submitted,

NORMAN CASSELLS

Executive Manager
Planning Division

Honorable City Council:

Re: Surplus Property Assignment, Assumption and Consent Agreement. Development: 3646 W. Warren.

On November 21, 2002 (Detroit Legal News, December 9, 2002), your Honorable Body authorized the sale of the above-captioned property to Willie Mae Krause, for the purpose of constructing a paved surface parking lot for the storage of licensed operable vehicles.

It has come to our attention that the name of the legal entity was issued in error. Accordingly, the sale to Willie Mae Krause should be amended to show Willie Mae Krouse as the buyer. Mrs. Krouse has informed the Planning and Development Department (P&DD) that due to circumstance beyond her control, she is unable to complete this development and wishes to assign all her rights, title and interest in this property to Duraid Bally who will complete the development of the paved surface parking lot.

Duraid Bally possesses the qualifications and has indicated potential financial

resources necessary to develop the property. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore, request that your Honorable Body adopt the attached resolution, authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Willie Mae Krause to Willie Mae Krouse, and approving an Assignment, Assumption and Consent Agreement between Willie Mae Krouse, Duraid D. Bally and the City of Detroit, a Michigan Public Body Corporate.

Honorable City Council:

Re: Acceptance of Donation of Services from Local Initiatives Support Corporation (LISC) to Planning & Development Department.

Local Initiatives Support Corporation (LISC) has received a contribution to work with the City of Detroit Planning and Development Department (the "Department") through outside consultants to review and improve the Department's surplus property sales operations, at no monetary cost to the City. In return for the consulting services, the Department would agree to cooperate with LISC and the outside consultants in the performance of the consultants' responsibilities pursuant to an agreement by and between the consultant and LISC, and to certify to LISC that consultant invoiced services were performed to the satisfaction of the Department.

The Department and LISC anticipate that this effort will occur in two phases. For Phase I LISC has agreed to engage Deloitte & Touche LLP to work with the Department in refining the project scope and to develop a facilitation process to update the Department's property inventory. Attached for your information is the proposed engagement letter and scope of services to be rendered by Deloitte & Touche LLP.

The Department is satisfied that the donation of services will enable the Department to improve its overall surplus sales operations.

Because of the expected benefits to be derived from the donated professional services, it is respectfully requested that this Honorable Body grant its approval to accept the gift of services from LISC in accordance with the attached resolution.

Department of Police

November 14, 2003

Honorable City Council:

Re: Resolution Acquiring the Lyndon Facility.

The attached Resolution authorizes the acquisition of property located at 13131-13333 Lyndon. The purpose of the acquisition is to house the City's Communications System. The Police Department leased the Lyndon facility in August of 2000. Since May 2001, the Vehicle Management Unit and the Communications Systems Unit (formerly Belle Isle Radio) have occupied approximately 30,000 square feet of space on the west side of the building.

The current 911, Police dispatch and Fire dispatch systems in operations at Police headquarters are old, fragile and must be replaced as soon as possible. Failure of either system could cause injury to citizens, as well as officers. The Police Headquarters at 1300 Beaubien simply does not have the space or infrastructure (electrical power) necessary to accommodate state-of-the-art CAD and 911 systems.

The City invested approximately 10 million dollars in renovations and site work prior to moving the Vehicle Management Unit and the Communications Systems Unit to the Lyndon facility. The proposed purchase and relocation of 911 and dispatch operations to the Lyndon site would allow the department to leverage its existing investment. Other efficiencies would also be realized by having these highly technical and inter-related operations (Communications Systems Unit, Communications Operations) in the same location. The site is large enough to comply with federally mandated space

requirements and adjacencies for buildings housing emergency communications centers. It would also have adequate and secure parking for employees.

It is desired that the acquisition will take place during the week of November 24, 2003. The attached Resolution has been prepared by the Law Department and we recommend its adoption by your Honorable Body, with waiver of reconsideration at your next formal setting.

Should you have any questions or additional concerns, please contact me at (313) 596-1800, at your convenience.

Whereas, Since August 2000 the City of Detroit has been a tenant in a facility located at 13133-13333 Lyndon Avenue and have identified certain land and buildings located adjacent thereto at 13001 Lyndon, all of which (the "Properties") are ideally suited for a communications center to be used by the Detroit Police Department, the Detroit Water and Sewerage Department and the Information Technology Services Department, and related functions; and

Whereas, In order to most cost-effectively implement construction of a state-of-the-art communications center, it is in the best interests of the City to purchase the properties, for the reasons set forth in the foregoing communication; and

Whereas, Funding for the project is available in Appropriation #09112 — Enhanced 911;

Whereas, That the proposed Agreement of Sale for the Properties, consisting of (a) certain land and improvements located at 13133-13333 Lyndon Avenue, together with (b) certain land and buildings located adjacent thereto at 13001 Lyndon, for a total purchase price of \$5,300,000, is hereby approved, and the purchase of the properties pursuant to the Agreement of Sale is hereby approved subject to receipt of appropriate environmental inquiry for 13001 Lyndon prior to acquisition by the City; and

Now Therefore Be It Resolved, That the Finance Director is hereby authorized to honor vouchers when presented in accordance with this resolution, the above communication and standard City of Detroit practices.

Re: Approval for Sale of Five Scattered Site Houses to Detroit Public Housing Residents. The Detroit Housing Commission (DHC) requests a resolution of approval from your

Honorable Body for the sale of the below five Scattered Site (Neighborhood Family Housing) properties to the DHC resident residing in each home. The sale of the properties was approved by the Board of Housing Commissioners on November 4, 1999, Resolution No. 1273. The properties are being sold for their appraised amounts. However, the cost to each resident is 70% of the appraised amount. DHC will hold silent second mortgages for the remaining 30% for each house which will be incrementally forgiven over five years. The Detroit Housing Commission has obtained Buildings and Safety Engineering inspections for each house and all City Code violations have been, or will be, corrected. Additionally, DHC provides title insurance policies for all properties it sells and provides for termite inspections and mortgage surveys.

Whereas, The Detroit Housing Commission initially approved a 5(h) Home Ownership Plan on March 1, 1996 which authorized the sale of 227 Scattered Site homes.

Whereas, HUD approved the Plan, as amended, on January 21, 1997; and

Whereas, The amended 5(h) Homeownership Plan with all changes was approved by the Detroit Housing Commission on July 3, 1997 authorizing the sale of 228 Scattered Site houses; and

Whereas, The Detroit Housing Commission desires to sell five homes to the current residents of those homes under the Revised 5(h) Homeownership Plan submitted to your Honorable Body on June 12, 2000.

Now, Therefore, Be It Resolved, That the Detroit City Council approves the sale by the Detroit Housing Commission of the below five houses subject to the approval of the U.S. Department of Housing and Urban Development (HUD) for disposition of the property to the following Detroit Public Housing residents:

Honorable City Council:

Re: Establishment of the Riverfront Towers Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Riverfront Towers Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a pub-

lic hearing on this matter on November 7th, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was September 24th and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, November 26th.

Respectfully submitted,
HENRY B. HAGOOD

Director of Development Activities
By Council Member Watson:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Riverfront Towers NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative or any taxing authority levying a property tax in the City of Detroit, was given the opportunity to

address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Riverfront Towers NEZ was conducted before the Detroit City Council on November 7, 2003, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Riverfront Towers NEZ are known;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Riverfront Towers NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

November 17, 2003

Honorable City Council:

Re: Request for authorization to amend the HUD Consolidated Plan and to submit a Section 108 Loan Guarantee Application for The Fort Shelby Hotel Project.

The Fort Shelby Hotel project involves the rehabilitation of the historic Fort Shelby Hotel and the construction of an adjacent parking structure located at 525-529 West Lafayette. This project represents a significant economic development initiative that will restore a vacant, blighted structure into a 212-room Doubletree Guest Suites Hotel, a 22,000 square foot conference center and approximately 70 residential units. In addition the developer will construct a 200 space-parking garage adjacent to the hotel. Project cost are estimated at \$65,000,000 of which \$19,000,000 will be financed through a Section 108 loan guarantee.

The Planning and Development Department (P&DD) has conducted a public hearing on the Consolidated Plan amendment and Section 108 application on January 21, 2003. In addition, the proposal was presented and unanimously supported by the Downtown Citizen District Council at their February 20, 2003 meeting. The Fort Shelby Hotel is listed on the national register for historic buildings and qualifies for both federal and state tax credits. The property has also been approved under the Brownfield Redevelopment Act to receive a Single Business Tax Incentive for the redevelopment of a functionally obsolete and blighted property. The project team represents a favorable proportion of Detroit-based, minority contractors and skilled trades. It is also anticipated that this project will create over 325 full-time jobs.

It is respectfully requested that you adopt the following resolution to authorize the amendment to the Consolidated Plan and to authorize the submission of the Section 108 application to the U.S. Department of Housing and Urban Development for review and approval.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities
By Council Member Bates:

Resolved, That the Mayor of the City of Detroit, or his designee, is hereby authorized to submit to the U.S. Department of Housing and Urban Development (HUD) an amendment to the 2002-03 Consolidated Plan including all understandings and assurances contained therein to include the Section 108 Loan Guarantee for The Fort Shelby Hotel Project, and be it further

Resolved, That the Mayor of the City of Detroit, or his designee, is hereby designated to act in connection with the afore-

said amendment and to provide the U.S. Department of Housing and Urban Development (HUD) such additional information as may be required, and be it further

Resolved, That the Mayor of the City of Detroit, or his designee, is hereby authorized to submit the Section 108 Loan Guarantee Application to the U.S. Department of Housing and Urban Development for the Fort Shelby Hotel Project, and be it further

Resolved, That the Mayor of the City of Detroit, or his designee, is hereby designated to act in connection with the aforesaid application and to provide the U.S. Department of Housing and Urban Development (HUD) such additional information as may be required.

EXECUTIVE SUMMARY

The project entails the rehabilitation of the historic Pick-Fort Shelby Hotel located at 525-529 W. Lafayette and the construction of a parking structure at 500 W. Fort in Detroit, Michigan. The developer proposes to redevelop the existing historic structure into a 212 room Doubletree Guest Suites Hotel, a 22,000 square foot conference center and approximately 70 residential units. In addition a 200 space-parking garage will be constructed adjacent to the hotel. Project costs are estimated at \$65,000,000. (sources and uses statement attached)

The building, listed on the National Register of Historic Places was built in 1916 as a ten-story hotel and a 22-story addition was constructed in 1927. The project total 337,000 square feet. The Fort Shelby building fronts on Lafayette Avenue, between Cass Avenue on the east and First Street in the central business district.

The project will eliminate the existing blighted condition through the rehabilitation of the historic building. The Fort Shelby Hotel has been vacant for nearly 40 years. Its location with the central business district has had a severe negative impact on the surrounding buildings and businesses. It is expected that its rehabilitation will lead to revitalization in the downtown area.

The Section 108 Loan Guarantee in addition to private equity, tax increment financing and conventional financing will be used to rehabilitate the existing Fort Shelby Hotel. This project qualifies as an eligible activity under 24 CFR 570.703(a) "Acquisition of real property in fee or by long term lease, including acquisition for economic development purposes," 24 CFR 570.203 (b) "The provision of assistance to a private for-profit business, including but not limited to, grants, loans, guarantees, interest supplement, technical assistance, and other forms of support for any activity where the assistance is appropriate to carry out an economic

development project." The national objective to be met is activities to address slum and blight on a spot basis, as referenced in 24 CFR 570.208 (a)(2).

It is anticipated that this project will create over 325 full-time jobs. Of these, it is anticipated that more than 90 percent will be made available to low and moderate-income persons.

The renovation and reuse of the historic Fort Shelby Hotel has been consistent with the goal of the City of Detroit to: 1) make available additional hotel rooms within the central business district, 2) provide jobs to area residents, 3) rehabilitate historic buildings and 4) eliminate slums and blight.

The City of Detroit intends to administer the Section 108 Loan through the Downtown Development Authority of the City of Detroit.

RESOLUTION OPPOSING BILL H.R. 1, MEDICARE DRUG AND PRESCRIPTION MODERNIZATION ACT OF 2003

By COUNCIL MEMBER S. COCKREL, Joined By ALL COUNCIL MEMBERS:

WHEREAS, The Medicare law was signed into law on July 30, 1965 by then President Lyndon B. Johnson; and

WHEREAS, H.R. 1, Medicare Drug and Prescription Modernization Act of 2003 (Bill) would amend title XVIII (Medicare) of the Social Security Act (SSA) and is currently pending before the United States Senate; and

WHEREAS, The Honorable Bob Etheridge in the House of Representatives has stated that the Bill "subjects seniors to a complex plan that features fluctuating premiums, a huge gap in coverage, uncertainty about who's going to provide them with medicines, and it will end Medicare as we know it ..." The \$400 billion the Majority set aside for Medicare related spending in their Fiscal Year 2004 is woefully inadequate. This plan will only cover a fifth of what seniors will spend over the next 10 years on prescription medicines. To fit inside their budget, the authors of this bill have developed a huge gap, or doughnut hole, that forces seniors who spend between \$2,001 and \$3,500 on medicines to pay all of their costs"; and

WHEREAS, The Bill would provide that in the year 2010, private plans would be allowed to compete against Medicare and predictably, these plans would seek out healthy seniors, and

WHEREAS, The cost of remaining in Medicare will rise, forcing seniors to find alternate inferior healthcare; and

WHEREAS, Good healthcare for seniors, regardless of age, sickness or ability to pay is of paramount to the citizens of Detroit; and

WHEREAS, The Bill pending before the United States Senate is unnecessarily

complex, filled with gaps and uncertainty, and would ultimately result in privatization.

NOW THEREFORE, BE IT RESOLVED, That the City Council of the City of Detroit strongly opposed the passage of the Bill and salutes Senators Carl Levin and Debbie Stabenow for their resounding no vote;

AND BE IT FURTHER AND FINALLY RESOLVED, That copies of this resolution be forwarded to Michigan Senators Debbie Stabenow and Carl Levin, to the Republican and Democratic leadership of the House of Representatives and Senate, the AARP and the press.

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The Bringing America Home Act, sponsored by U.S. Congressman John Conyers, is a comprehensive bill to end homelessness that addresses issues of affordable housing, livable income, civil rights protections, and health care for all, and

WHEREAS, There are 3.5 million people, 39% of them children, currently experiencing homelessness every year with families among the fastest-growing sectors of the population, and

WHEREAS, The Bringing America Home Act, currently pending in the 108th Congress, is designed to end homelessness in the United States and includes housing, health, income and civil rights components, and

WHEREAS, The proposed legislation represents the most comprehensive initiative to date to address modern homelessness, and is based on research data and the experience of front line providers and advocates, and

WHEREAS, The housing title of the bill increases funding for crucial programs and includes legislation to guarantee that every person in the United States, including the over 42 million Americans without health insurance, has access to comprehensive, quality, affordable health care. The bill also supports a Universal Living Wage and livable incomes, and

WHEREAS, In the City of Detroit, 50% of renter households are unable to afford a two bedroom unit. A worker in the City of Detroit must earn \$15.40 per hour working 40 hours a week to afford a two bedroom unit. A worker at minimum wage would have to work 120 hours per week to afford a two bedroom unit, and

WHEREAS, In the City of Detroit, there

were 198,000 people in 2002 without health insurance. NOW, THEREFORE, BE IT

RESOLUTION FOR

INTERNATIONAL HUMAN RIGHTS DAY
By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, On International Human Rights Day, December 10, 2003, tens of thousands of workers and allies will mobilize to restore workers' freedom to form a union. This is one of the basic freedoms guaranteed by the Universal Declaration of Human Rights, ratified in 1948 by Eleanor Roosevelt and four-fifths of the member countries of the United Nations, and

WHEREAS, Although it has been U.S. law since 1935 that workers have the right to form unions, federal laws have eroded over the years and are poorly enforced, and

WHEREAS, 42 million U.S. workers say they would join a union now if they had the opportunity, and

WHEREAS, Union membership provides workers better wages and benefits, protection from discrimination and unsafe workplaces while benefitting whole communities by strengthening tax bases, promoting equal treatment and enhancing civic participation, and

WHEREAS, Even though our laws guarantee America's workers the right to choose for themselves whether to have a union, employers across the national routinely violate that right. Workers are harassed, intimidated, coerced and even fired just for exercising, or attempting to exercise, this fundamental freedom, and

WHEREAS, When employers violate the right of workers to form a union, everyone suffers. Wages fall, race and gender pay gaps widen, workplace discrimination increases and job safety standards disappear. Most employer violations occur behind closed doors, and

WHEREAS, A worker's fundamental right to choose a union is a public issue that requires public policy solutions, including legislative change. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council supports workers' right to organize, and declare Wednesday, December 10, 2003 Human Rights Day in the City of Detroit.

This resolution shall be forwarded to the President, the Governor, Michigan U.S. Senators, Michigan U.S. Senators, Michigan Congressional Delegation, the National AFC-CIO and the Michigan AFL-CIO.

By Council Member Watson:

WHEREAS, Pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, An eligible taxpayer may qualify for the Michigan Single Business Tax credit pursuant to Act 228, Public Acts of Michigan, 1975, as amended, for any eligible investments on eligible property identified under a brownfield plan; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the West Town Homes I Redevelopment Project (the "Plan") that would enable the owner to apply for a Michigan Single Business Tax credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on October 15, 2003, and a public hearing to solicit comments on the proposed Plan on October 27, 2003; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan of October 29, 2003; and

WHEREAS, City Council has published the required notice of the public hearing on the Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on November 26, 2003.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. **Definitions.** Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. **Public Purpose.** The City Council hereby determines that the Plan constitutes a public purpose.

3. **Best Interest of the Public.** The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. **Review Considerations.** As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The Plan meets the requirements set forth in section 13 of Act 381.

(b) The proposed method of financing the costs of Eligible Activities is feasible.

(c) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(d) No captured taxable value is estimated to result from adoption of the Plan since all Eligible Activities will be financed by the owner of the Eligible Property and the Plan does not provide for the use of tax increment revenues for eligible activities.

5. **Approval and Adoption of Plan.** The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto

shall be maintained on file in the City Clerk's office.

6. **Disclaimer.** By adoption of this resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the owner, developer or lessor to qualify for a Single Business Tax credit pursuant to Act 228, Public Acts of Michigan, 1975, as amended.

7. **Repealer.** All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

STATEMENT BY COUNCIL MEMBER
SHEILA M. COCKREL REGARDING
"NO" VOTE ON RESOLUTION
ADOPTING LAST YEAR'S CRITERIA
FOR COMMUNITY DEVELOPMENT
BLOCK GRANT CRITERIA

I voted "no" on the resolution adopting last year's criteria for Community Development Block Grant (CDBG) Criteria because I believe that the City Council's City Planning Commission staff and Planning and Development staff should have been afforded the opportunity to finalize their proposed changes for the CDBG criteria. P&DD and CPC staff had been working together to create a new process, new criteria and new goals and objectives as mandated by the U.S. Department of Housing and Urban Development (HUD).

In the HUD Monitoring Report distributed to Detroit City Council in April 2003 it is indicated that Detroit's "single largest problem, which permeates all the areas, is the unwieldy bureaucracy that keeps the City from making progressive changes in program operations." I believe that this vote on this resolution is a prime example of this "unwieldy bureaucracy" HUD discovered through their two month monitoring review of HUD's programs as administered by the City of Detroit.

I am additionally concerned that City Council's vote to adopt last year's criteria for the CDBG process shows complete disregard for HUD's Monitoring Report and the recommendations for changes included therein. When Diane Johnson, former HUD Acting Field Director, visited the City Council in April 2003, she expressed to us in no uncertain terms that the current process needed to be changed. HUD has awarded the City of Detroit over \$2.6 billion dollars since 1977; the City Council needs to work collaboratively with the Administration to ensure further funding from HUD.

It is for the above reasons that I voted "no" on this resolution.

**RESOLUTION EXTENDING THE
TERM OF THE COMCAST CABLE
FRANCHISE AGREEMENT**

By COUNCIL MEMBER WATSON:

WHEREAS, The City of Detroit and its Cable Communications (the "Cable Commission") through their representatives have almost completed successful negotiation of a renewal franchise agreement with Comcast Cablevision of Detroit, Inc. ("Comcast"); and

WHEREAS, Comcast's franchise grant from the City expires on December 30, 2003 at 11:59 p.m.; and

WHEREAS, The City's representatives and Comcast have used their best efforts to complete the proposed franchise renewal negotiation so as to allow ade-

quate time for review of the document by the Cable Commission, the Mayor, City Council, City Council's Research and Analysis Division and their staff prior to the December 2003 expiration time; and

WHEREAS, Despite such best efforts, the negotiation process was unforeseeably hindered because of changes in essential personnel for both Comcast and the Cable Commission.

WHEREAS, The negotiations efforts have been aggressively increased so that the draft franchise renewal documents are to be presented to the Cable Commission for its review and approval at a public meeting by Tuesday, February 9, 2004 but no later than March 13, 2004; and

WHEREAS, Subsequent to that approval, the cable franchise renewal document will immediately be presented to the Detroit City Council for its review and consideration; and

WHEREAS, It is in the best interests of the City to provide sufficient time for completion of the negotiation as well as review of the proposed franchise renewal by the Cable Commission, the Mayor, City Council, City Council's Research and Analysis Division and their staff; and

WHEREAS, In order to provide adequate opportunity for completion and appropriate review, a brief extension of the existing cable franchise is necessary pursuant to the attached Agreement with Comcast so that the franchise grant shall expire on December 30, 2004; and

WHEREAS, Section 9.5-3-5 of the Detroit City Code is being amended to extend the term of the non-exclusive cable television franchise granted to Comcast Cablevision of Detroit, Inc. to December 30, 2004; and

WHEREAS, Upon approval of the ordinance amendment, the Detroit City Council shall approve the attached Agreement extending the term of the non-exclusive cable franchise granted to Comcast Cablevision of Detroit, Inc., subject to the terms and conditions set forth in the Agreement; and

NOW, THEREFORE, BE IT RESOLVED, That the Detroit City Council approves the attached Agreement extending the term of the non-exclusive cable television franchise grant to Comcast Cablevision of Detroit, Inc., subject to the terms and conditions set forth in the Agreement; and

BE IT FINALLY RESOLVED, That this Resolution is approved with Waiver of Reconsideration.

4. This extension is intended to provide an adequate period of time for review of the proposed Franchise renewal document by the Detroit Cable Communications Commission, and Detroit City Council and its agencies.

5. The execution, delivery and performance of this Agreement by Comcast and the City has been duly authorized by all necessary action, including, for the City, adoption of an amendment to 1984 Detroit City Code Section 9.5-3-5 extending the expiration date of the Franchise to December 30, 2004.

Detroit, Monday, December 15, 2003

Pursuant to adjournment, the City Council met at 11:00 a.m. and was called to order by the President, Maryann Mahaffey.

Present — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Present — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

There being a quorum present, the City Council was declared to be in session.

By Council Member Bates:

Whereas, Greektown Casino, L.L.C. ("Greektown"), along with all of the Casino Developers in the City, executed and agreed to the covenants and conditions of the Amended and Restated Development Agreement for the City of Detroit Casino Project, dated April 9, 1998, which was subsequently amended in June, 1998, December, 1999, November, 2000, November, 2001, March, 2002, April, 2002, June 30, 2002 and August 2, 2002 (the "Development Agreement"); and

Whereas, A majority ownership interest in Greektown is held by the Sault Ste. Marie Tribe of Chippewa Indians (the "Tribe"), a federally recognized Indian Tribe; and

Whereas, the Tribe was a Restricted Party as such term is defined in the original version of the Development Agreement, under which Greektown and the Tribe each agreed that neither of them would (1) manage, operate or hold a financial interest in any casino within an 150-mile radius of Detroit (the "Radius") other than the Greektown Casino it owns in Detroit; (2) make application for any franchise, permit, or license to manage or operate any casino within the Radius; or (3) respond to any request for proposal to

develop, manage, operate or hold a financial interest in any casino within the Radius; and

Whereas, The Mayor negotiated and executed on August 2, 2002 an agreement with the Tribe terminating its obligations to abide by the Radius Restriction; and

Whereas, The Tribe has announced its plan, and has provided its financial support, to develop a competing casino in Romulus, Michigan, within 20 miles of the Detroit casinos; and

Whereas, The City Council believes that the Tribe's plans to develop a casino in Romulus violate the letter and spirit of the Radius Restriction in the Original Development Agreement and arguably the Revised Development Agreement dated August 2, 2002, and that the operation of such a Romulus casino would have a substantial adverse financial impact on the Detroit casinos, and therefore the employment opportunities provided by such casinos and the revenues that would be generated by those Casinos for payment to the City; and

Whereas, The City Council is concerned about the significance of the Mayor's actions regarding the radius restrictions, relative to the Council's responsibility under the City Charter and City Code that requires City Council's approval of casino agreements.

Whereas, The City Council has been informed by his representatives that the Mayor agrees that the City should take all necessary and appropriate legal and political action to deter the threatened conflict of interest presented by the Tribe's proposal to develop a casino in Romulus in competition with the Greektown casino and the other Detroit casinos.

Now, Therefore Be It

Resolved, That the Detroit City Council requests that the Mayor shall appear before it to advise the City Council on his strategy for extinguishing the threat of the development of a Romulus Casino, along with a detailed economic analysis of the potential revenue and other adverse impact that such development may have on the City, as the Council desires that the City shall immediately initiate a coordinated effort to oppose the Romulus casino development by all legal and political means available.

And Be It Further

Resolved, That the Corporation Counsel and other Counsel representing the Mayor and the City Council should be directed to work with the Council's attorneys on legal strategies and action that may be undertaken to reaffirm and enforce the Radius Restriction against the Tribe and to protect the interests of the citizens of Detroit against the Tribe's threatened conflict of interest.

STATEMENT BY SHEILA M. COCKREL
IN OPPOSITION TO
RESOLUTION RELATIVE TO RADIUS
RESTRICTIONS TO CASINOS

On Monday, December 15, 2003, I voted no on the resolution referenced above. The radius restriction provision contained within the August 2, 2002 restated and amended Casino Development Agreement is a complicated legal provision that merits further review and legal advice.

Given that the Detroit City Council is awaiting information and advice from the special counsel in this case, I was unable to support this resolution. I believe that taking any action in this matter is premature without having the benefit of a sound legal strategy in place.

The City Council has met in closed session in order to review issues relating to the radius restriction in light of the recent proposed settlement in *Lac Vieux Desert Band of Lake Superior Indians v The Michigan Gaming Control Board et al.* It was agreed that the Council would await further legal advice prior to taking any substantive action in this case.

The fact that certain members of this Council chose to pursue action by way of this resolution, serves to illustrate the misunderstanding and lack of solidarity that can ensue when members do not remain in attendance for the entire closed session.

In sum, the Council needs to await the advice of its legal counsel prior to taking action in such a complicated and delicate legal matter and it is for this reason that I voted no.

BY ALL COUNCIL MEMBERS:

WHEREAS, On February 25, 1997, the Lac Vieux Desert Band of Lake Superior Chippewa Indians ("LVD"), a federally recognized Indian Tribe, filed a lawsuit entitled *Lac Vieux Desert Band of Lake Superior Indians, Plaintiff v. The Michigan Gaming Control Board, et al.*, in which members of the City Council including Maryann Mahaffey, Gil Hill, Clyde Cleveland, Sheila Cockrel, Brenda M. Scott, Nicholas Hood, III, Alberta Tinsley-Talabi, Mel Ravitz, and Kay Everett, are named as Defendants, and Detroit Casino developers, Atwater Entertainment Associates, L.L.C. ("Atwater"), Greektown Casino, L.L.C. ("Greektown"), Detroit Entertainment, L.L.C. ("Detroit Entertainment"), and MGM Grand Detroit,

L.L.C. ("MGM"), intervened as Defendants.

WHEREAS, In its lawsuit, as it has been amended over time, LVD challenges the constitutionality under the First Amendment of the award of the Detroit casino developments under the Development Competitive Selection Process Ordinance, Detroit City Code, § 18-13-1, *et. seq.*, adopted by the Detroit City Council in July 1997 (the "Ordinance"); and

WHEREAS, The LVD lawsuit is currently pending on appeal before the United States Court of Appeals for the Sixth Circuit, Case Nos. 01-1893 and 02-1996 ("Pending Litigation"); and

WHEREAS, On November 17, 2003, LVD, Detroit Entertainment, Atwater and Greektown (Detroit Entertainment, Greektown and Atwater are collectively referred to herein as the "Casinos") entered into a Settlement Agreement and Release (the "Settlement Agreement") and other inter-related documents, which are incorporated in and are in a condition precedent to the effectiveness of the Settlement Agreement, wherein, among other things, LVD will dismiss the Pending Litigation as it relates to the casinos and, in return, the Casinos will pay LVD \$38,000,000 each over a period of 27 years (the "Proposed Settlement"); and

WHEREAS, Under the series of documents that constitute the Proposed Settlement, the Pending Litigation would not be formally dismissed against the City of Detroit, and the named individual Council Member defendants; and

WHEREAS, However, the Settlement Agreement provides that, as a precondition to the effectiveness of the Proposed Settlement, in return for consideration from the settling parties, Mayor Kwame M. Kilpatrick has agreed to execute and deliver to the Casinos a "Covenant Not to Sue and Waiver of Obligations" under which the City would agree to reduce the financial obligations of the Casinos under the Indemnity Agreement, under which each of the Casinos agreed to provide the City with indemnification against claims that could be made by LVD and/or certain landowners as a part of the City's former plans to site all of the Casinos on the City's East Riverfront by paying an amount of money that had been deemed sufficient to cover such claims, which Indemnity Agreements were required to be executed and delivered and to be in place by the express terms of the Revised Development Agreements between the City and each Casino, executed August 2, 2002 ("Development Agreements"); and

WHEREAS, As a further precondition to the effectiveness of the Settlement Agreement, that Agreement provides that the Mayor will execute and deliver to LVD

a Covenant providing that the City will use its best efforts to persuade MGM to settle with LVD and that the City will change its former position in support of MGM's legal position to take no position in the continuing dispute between MGM and LVD in the Pending Litigation (all of the Agreements that the City would deliver to LVD and the Casinos shall be collectively referred to herein as the "City's Settlement Obligations"); and

WHEREAS, This City Council believes that the City's Settlement Obligations involve a settlement of litigation for which City Council approval is required under Section 6-403 of the City Charter, and it involves and purports to implement a substantive amendment of the Indemnity Agreement that is an indispensable part of the Development Agreements, which also require City Council consent pursuant to Section 10-5-2 of the City Code; and

WHEREAS, Representatives of the Mayor have advised this City Council that the Mayor does not intend to submit the documents that constitute the City's commitments under the Settlement Agreement to the City Council for approval before they are executed on behalf of the City.

NOW, THEREFORE BE IT

RESOLVED, That the Mayor shall not execute or deliver the documents related to the City's Settlement Obligations before their consideration by the City Council as required by law;

AND BE IT FURTHER

RESOLVED, That the Detroit City Council requires that the Mayor submit all of the documents related to the City's Settlement Obligations to the City Council for its review and consideration as required by law and Section 10-5-2 of the City Code and under Section 6-403 of the City Charter.

AND BE IT FINALLY

RESOLVED, That the counsel from Venable LLP and the City Council Research and Analysis Division for the City Council and its members as individual named defendants in the Pending Litigation are authorized and directed to file appropriate pleadings with the U.S. Court of Appeals for the Sixth Circuit, the United States District Court for the Western District of Michigan, and any other appropriate court to notify the court that the City shall not enter into legal commitments that purport to modify the City's rights under the Indemnity Agreement or whose execution by the City otherwise is necessary in order for the Settlement Agreement in the Pending Litigation to become effective, unless and until those proposed commitments and Covenants have been submitted to the City Council

for approval, as required by law, and to seek whatever relief may be appropriate as approved by the Council to vindicate these legal requirements.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

("Greektown"), along with all of the Casino Developers in the City, executed and agreed to the covenants and conditions of the Amended and Restated Development Agreement for the City of Detroit Casino Project, dated April 9, 1998, which was subsequently amended in June, 1998, December 1999, November, 2000, November, 2001, March, 2002, April 2002, June 30, 2002 and the Revised Development Agreement dated August 2, 2002 (the "Development Agreement"); and

WHEREAS, A two page document entitled "Termination of Radius Restriction Agreement [Sault Ste. Marie Tribe of Chippewa Indians]", dated August 2, 2002 and signed by the Mayor; and

STATEMENT BY SHEILA M. COCKREL
 IN SUPPORT OF RESOLUTION
 AUTHORIZING LEGAL COUNSEL TO
 FILE APPROPRIATE DOCUMENTS
 WITH THE UNITED STATES COURT OF
 APPEALS FOR THE SIXTH CIRCUIT
 RELATIVE TO PENDING SETTLEMENT
 IN *LAC VIEUX DESERT BANK OF LAKE
 SUPERIOR INDIANS V THE MICHIGAN
 GAMING CONTROL BOARD ET AL*

On Monday, December 15, 2003, I voted yes on the resolution above. It is my understanding that the deadline for filing such documents is Tuesday, December 16, 2003. Although I did not wholly agree with all of the rationale for filing documents in this case, I feel it is important to preserve any rights that the City Council may have in this matter. At the same time, the Council has a responsibility not to overstep its Charter-defined limitations. Accordingly, I tried to lend my voice to the crafting of the language of this resolution

tently disclosed should no longer be privileged. However, that is not the case.

A formal waiver of privilege allows the admissibility of the formerly privileged document as evidence in a court of law. However, if a document is inadvertently disclosed, an argument for privilege may still be made, thereby making the document inadmissible.

In this case, it is questionable whether the document was privileged to begin with. However, if it was, I do not agree that a privilege should be waived when a document has been mistakenly disclosed for the singular reason that "everyone already has it anyway."

For the reasons stated above, I voted yes.

*ON WAIVERS OF RECONSIDERATION

Council Member Watson moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" and numbered 1 to incl., was adopted

Council Member Bates moved to suspend Rule 23 for the purpose of indefinitely postponing the motion to waive reconsideration, which motion prevailed.

Council Member K. Cockrel, Jr. then moved that the motion to waive reconsideration be indefinitely postponed, which motion prevailed.

The regular order was resumed.

And the Council then adjourned.
