Honorable City Council:
Re: Petition No. 4467 — Planning and Development Department requesting to reopen Riopelle Street in the area of Eliot and Erskine Streets.

Petition No. 4467 of "The Planning and Development Department" request dedication of land for the reopening of Riopelle Street, 43.60 feet wide, vacated and converted into an easement on September 28, 1965 — J.C.C. Pages

2322-2323, between Eliot Avenue, 50 feet wide, and Erskine Avenue, 66 feet wide, to allow for vehicular traffic to access the New Developments in the area.

The dedication of land for the reopening of Riopelle Street were approved by the City Engineering Division — DPW and the Traffic Engineering Division — DPW.

City Council is requested to accept the land for public street purposes; provided said property complies with the requirements of Detroit Codes and Ordinance No. 29-94, Detroit Code Sections 2-1-11 through 2-1-15 also known as the Environmental Review Guidelines, also, provided that the street is built to City of Detroit standard specifications, under CED permits and inspection, with plans

reviewed and approved by City Engineering Division — DPW Street Design Bureau and the Traffic Engineering Division — DPW.

The Public Lighting Department (PLD) reports the following comments:

1) PLD needs 24-hour easement rights with unrestricted heavy vehicle access to our facilities.

2) Any construction activities in the area shall not damage PLD installations, which should be protected in a way approved by PLD.

3) If any grade adjustment is involved, the contractors may adjust manhole frames and covers at the project cost.

4) Any construction activities affecting PLD installations should be notified to PLD Operation Division 48 hours in advance, and are subject to PLD inspection and approval.

Satisfactory arrangements have been made with all other City departments and privately owned utility companies.

An appropriated resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

WILLIAM TALLEY
Head Engineer

City Engineering Division — DPW

By Council Member Watson:

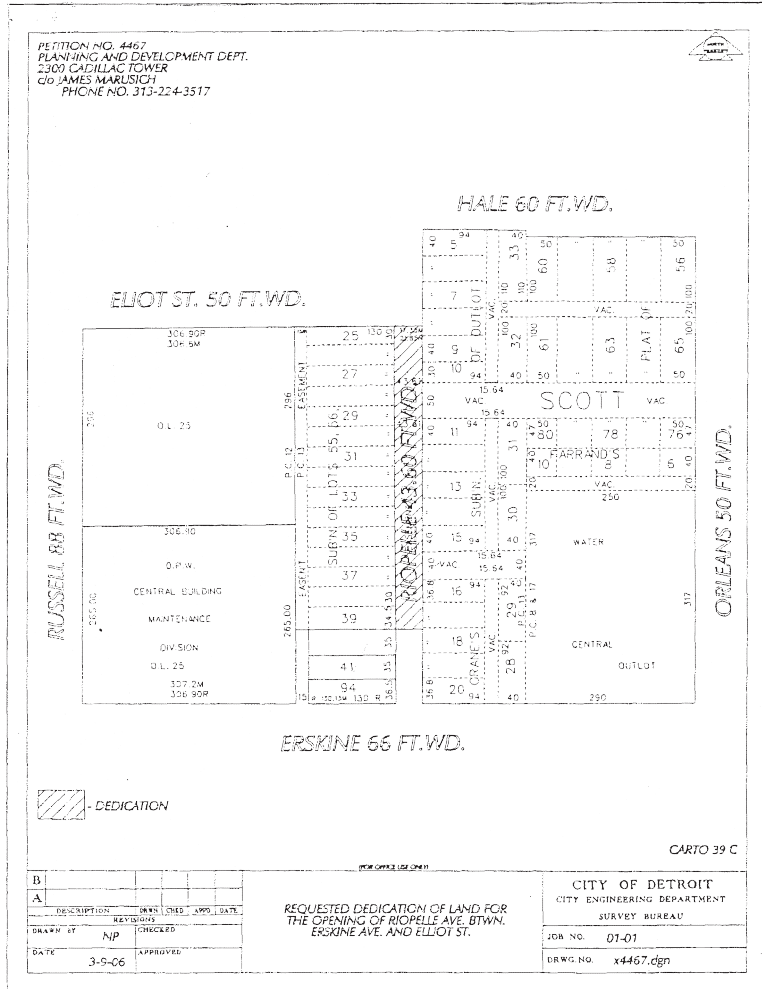

Resolved, The following Planning and Development property is hereby dedicated for the reopening of Riopelle Street, 43.60 feet wide, between Eliot Avenue, 50 feet wide, and Erskine Avenue, 66 feet wide; being more particularly described

Honorable City Council:
 Re: Resolution to Demand Restoration of Bulk Trash Pick-Up For Detroit Citizens as a Health and Safety Issue.

On April 26, 2006 your Honorable Body adopted a second resolution to demand the restoration of bulk trash pick-up.

Although I acknowledge that the above referenced resolution is a statement of your desire to restore bulk trash pick-up, Section 5-102 of the Detroit City Charter clearly states, executive and administra-

tive authority for the implementation of programs, services, and activities of the city government is vested exclusively in the executive branch.

As stated in my letter to your Honorable Body dated April 13, 2006, I understand all the concerns that have been raised yet the revenues that our General Fund receives do not cover the expenses associated with providing this service.

Given this reality I must **veto** the referenced resolution.

Sincerely,
KWAME M. KILPATRICK
 Mayor

Received and placed on file.

Council Member Watson moved to reconsider the vote by which the resolution relative to Demand for Restoration of
