 Honorable City Council:
 Re: Petition No. 566 — Giffels — Webster Engineers-GWE request for vacation

of public and private utility easements in area of Shelby Street and State Street.
 Petition No. 566 of "Giffels — Webster Engineers-GWE", whose address is 407 East Fort Street, Suite 600, Detroit, Michigan 48226 request for the outright vacation of utilities within the East-West and North-South public alleys, 20 feet wide, "L — Shape alley" (previously vacated and converted to easement on December 9, 1986 — J.C.C. Pgs. 2379-

80) in the block bounded by State Street, 60 feet wide, Michigan Avenue, 100 feet wide, Shelby Street, 60 feet wide, Washington Boulevard, 195 feet wide. This vacation request is to facilitate the renovation and construction of an addition to the Book-Cadillac Hotel.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports existing water mains and sewer in the alleys in said area. However, DWSD has no objection to the requested out right vacation provided that the water mains and sewers are abandoned in accordance with plans approved by DWSD and under DWSD's permit and inspection.

All other city departments and privately owned utility companies have reported no objection to the changes of the public right-of-way. Provisions protecting utility installations are part of the resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

NADIM HAIDAR
