promising service interventions in partnership with other community agencies in the target area(s). Homicide currently has a program that meets the grant's guidelines in the Victim of Crime Act Program (VOCA) and this grant funding would be used to enhance the program.

In the event that approval is granted to apply and the award is received, Lieutenant Dwayne Blackmon, of Homicide, will serve as the project director. **The deadline for this application is April 24, 2008.**

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to apply for the grant and adopt the enclosed resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 8:00 a.m. to 5:00 p.m.

Respectfully submitted,
ELLA M. BULLY-CUMMINGS
 Chief of Police

Honorable City Council:

Re: Petition No. 3452 — DTE Energy requesting the outright vacation of Plaza Drive between First Avenue and Third.

Petition No. 3452 (Amendment) of "DTE Energy" whose address is 2000 Second Avenue, Detroit, Michigan 48226, request the outright vacation of Plaza Drive, 40 feet wide, between First Street, 60 feet wide and Third Avenue, variable width. This request is to complete the final phase of DTE's significant renovation of the building, which is about 40 years old. The project will include construction of a three-story atrium with meeting facilities, a new vehicular

entrance for visitors, security enhancements, and extensive landscaping.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report:

Detroit Water and Sewerage Department (DWSD) reports that there are sewers and water mains in Plaza Drive between First and Third. However, DWSD has no objections to the outright vacation of Plaza Drive, provided that the water mains and sewers are abandoned in accordance with plans approved by DWSD, at no cost to DWSD, and will not be the responsibility of DWSD. All of the work is to be done under DWSD's permit and inspection.

The Public Lighting Department (PLD) reports having an underground fed street lighting poles and cable running in the area request for vacation. PLD will remove their underground fed street lighting facilities at project expense.

AT&T Telecommunication reports having underground facilities in Plaza Drive, if these facilities must be vacated it must be done at the petitioner and/or owners request to AT&T. If the AT&T facilities are not going to be removed, then a private easement will be retained for AT&T facilities.

DTE Energy Gas and Electric Divisions — the Gas Division reports having an existing 2-inch gas main running along Plaza Drive in said area. The vacation of Plaza Drive must be duly executed in accordance with Wayne County Treasury and Register of Deeds, and that the party pursuing in the vacation of the said Plaza Drive pays or the cut, cap, and abandonment of the existing 2 inch plastic gas main. DTE's Electric Division reports a cost of \$17,000.00 for the removing and or rerouting.

All City departments and privately owned utility companies have reported no objections to the outright vacation of the public right-of-way. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
JESSE JACOB

Interim Head Engineer
