Honorable City Council:
Re: Petition No. 2936 — Giffels — Webster Engineers Inc., request to vacate all existing utility easements lying between Fourth Street, Lodge Freeway Service Drive, Martin Luther King Blvd. and Temple Street.
Petition No. 2936 of "Giffels — Webster Engineers Inc." on behalf of the Detroit Housing Commission request to outright vacate certain rights-of-way within the block bounded by Martin Luther King Jr. Boulevard, 116 feet wide, Temple Avenue, 100 feet wide, John C. Lodge Service Drive, and Fourth Street, 50 feet wide. This request is to facilitate the construction of the Cornerstone Estates formerly Edward Jeffries Homes Housing.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

Detroit Water and Sewage Department (DWSD) reports no objections to the requested outright vacation of these rights-of-way provided that the proposed sewers and water mains within the site do not create excessive additional sur-

charges or pressures in the sewers and water mains remaining in the surrounding area.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

MANILAL PATEL

Interim City Engineer

City Engineering Division — DPW

By Council Member Brown:

Mayor's Office
 February 18, 2010

Honorable City Council:
 Re: Request Permission to Enter into a
 Memorandum of Understanding
 between the City of Detroit and the
 Wayne County Prosecutor's office.

On September 25, 2008 the City of
 Detroit closed the Detroit Police Department
 Forensic Services Laboratory
 ("Crime Lab") after the review of a
 September 23, 2008 Michigan State
 Police preliminary report that audited the
 Crime Lab's firearms unit and found an

error rate of approximately ten percent.
 The results of the preliminary audit were
 confirmed by an October 22, 2008 final
 audit.

The Wayne County Prosecutor's office
 ("WCPO") has established a Forensic
 Evidence Review Unit ("FERU") for the
 purpose of review adjudicated cases
 involving the Crime Lab. The WCPO has
 devoted a significant amount of resources
 to the review of matters where evidence
 from the DPD Crime Lab was used in the
 criminal proceeding.

The City of Detroit is requesting to
 enter into a Memorandum of Under-
 standing between the City and the Wayne
 County Prosecutor's office for the pur-
 pose of paying \$118,127.74 for fiscal year
 for the period of April 8, 2008 through
 April 7, 2009, an amount not to exceed
