Honorable City Council:  
 Re: Petition No. 3217 — Michigan Department of Transportation (MDOT) requesting outright vacation of the east-west public alley in the area of West Lafayette, Fort Street, Fifth Street and Sixth Street.

Petition No. 3217 of "Michigan Department of Transportation (MDOT)" whose address is P.O. Box 30050, Lansing, Michigan 48909, request for an outright vacation of the East-West public

alley, 20 feet wide, in the block bounded by West Lafayette Avenue, 60 feet wide, West Fort Street, 100 feet wide, Sixth Avenue, 50 feet wide, and Fifth Avenue, 50 feet wide. The reason for this request is to build/construct a transportation Service Center.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) reports no objection to the outright vacation provided a private easement is retained for the full width of the alley is maintained for DWSD facilities.

AT&T Telecommunications reports having underground facilities within said public alley and AT&T would lower cables from poles. If AT&T needs to relocate facilities a cost/charge will apply to relocate.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,  
 MANILAL PATEL  
 Interim City Engineer

City Engineering Division — DPW
