Honorable City Council:
 Re: Petition No. 3657 — CHASS Center request to vacate the public alley between Junction and Campbell.

Petition No. 3657 of "CHASS Center", request for the conversion of the North-South public alley, 20 feet wide, in the block bounded by Fort Street, 100 feet wide, Anthon Avenue, 60 feet wide, Campbell Avenue, 66 feet wide, and Junction Avenue, 66 feet wide into an easement. This request is needed to construct a larger facility that will enable the organization to provide expanded health care access to residents of the City of Detroit.

The request was approved by the Solid Waste Division — DPW, and the Traffic

Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
MANILAL PATEL
Interim City Engineer

City Engineering Division — DPW
By Council Member Jenkins:
